DEPARTMENT OF HOUSING

MEMORANDUM ON THE OBJECTS OF THE HOUSING DEVELOPMENT AGENCY BILL, 2007

1. In September 2004, Cabinet approved the **Comprehensive Plan for the Development of Sustainable Human Settlements (Comprehensive Plan)**. In line with the objectives of the Comprehensive Plan for the Development of Sustainable Human Settlements, the Housing Development Agency will assist provinces and municipalities with the rapid release of land and landed property for housing which will thus fast track housing delivery.
2. The rapid release of well-located land and landed property for integrated housing is one of the cornerstones for the success of the Comprehensive Plan for Development of Human Settlements. It is important to note that the creation of integrated communities with convenient access to social and economic opportunities needs well-located suitable land and landed property. The need for a land acquisition programme for housing arises from the realisation that land is a scarce and finite resource and the current population growth of 2.1% will make it difficult for country to meet housing demands. It has been reported that the urban areas have and will continue to be adversely affected by the rapid population growth and the scarcity of affordable well located land.
3. The *Agency* will therefore facilitate the acquisition of land and landed property, in a way that supplements the capacities of Government across all spheres. Municipalities will be expected to use their housing sector plans to identify local housing land needs. The Provincial Housing Departments will be responsible to coordinate these. The Agency will then identify and acquire the land and landed property on behalf of the PHD and the municipality and facilitate collaboration with other sectors in the development of such land.
4. The principal objective of the Agency is, by agreement with municipalities, to

acquire, hold, develop and release land for residential and community purposes for the creation of sustainable human settlements.

5. The Agency will contract with a municipality for the purposes of acquiring available land which has been identified by a municipality for residential housing or community development.
6. This will happen only where a municipal lacks the capacity to acquire, hold, or develop the land for residential or community development and nothing in the Act detracts from the power of a municipality to acquire, hold and develop land in terms of its powers and functions under the Housing Act, 1997 (Act No. 107 of 1997).
7. The functions and powers of the Agency include the assistance to Municipalities to complete projects which had not been completed and the assistance to municipalities with the upgrading of informal settlements and dealing with emergency housing solutions.
8. The Minister must conclude a written mandate with the Agency. The mandate must document the operational and performance indicators against which the performance of the Agency is measured.
9. The Agency is governed by a Governing Board consisting of two executive members and seven non-executive members.
10. The functions and workings of the Board are dealt with fully in clauses 9-22 of the Bill.
11. Clause 23 of the Bill deals with the staff of the Agency who will be members of the Government Employees Pension Fund.
12. Staff may be transferred or seconded to the Agency from the Public Service

subject to the provisions of the Public Service Act.

13. In certain circumstances the Minister has powers of intervention if the Agency finds itself in financial difficulties or fails to comply with its obligations (clause 34).
