(2) When a period of days must in terms of these Regulations be reckoned from or after a particular day, that period must be reckoned as from the start of the day following that particular day to the end of the last day of the period, but if the last day of the period falls on a Saturday, Sunday or public holiday, that period must be extended to the end of the following day which is not a Saturday, Sunday or public holiday.

# Purpose of these Regulations

- 2. The purpose of these regulations is to—
  - (a) give effect to section 60 of the Act.
  - (b) regulate-
    - the procedures and criteria as contemplated in Chapter 6 of the Act for the submission and processing of applications for registration on the national waste information system;
    - (ii) the submission of information to the national waste information system; and
    - (iii) for other matters pertaining national waste information system.

## Implementation of these Regulations

- 3. (1) For the implementation of these regulations, a registered person may submit information that is based on the estimations of weight for the period of 2 years after promulgation of these regulations; but the information must be based on actual weight thereafter.
- (2) The Minister or the MEC may request the submission of information on any waste activity not listed in Annexure 1, which may include waste declared as priority waste.
- (3) Waste disposal facilities not contemplated in Annexure 1; may where reasonably possible register and report to the national waste information system.

#### Application for registration

- **4.** (1) A person who conducts an activity listed in Annexure 1 must apply to the waste information authority to be registered on the national waste information system within 60 days of—
- (a) the commencement of these regulations; or
- (b) the commencement of an activity.
- (2) An application for registration must be made in the form obtained from the waste information authority.

## Consideration of applications for registration

- **5.** (1) The waste information authority must, within 30 days of receiving an application for registration—
- (a) register the applicant and issue a registration certificate to the applicant which—
  - (i) contains a WIR number;
  - (ii) indicates the information which must be submitted; and
  - (ii) any other conditions of registration; or
- (b) advise the applicant that the application is rejected because it does not contain the information required by the waste information authority.
- (2) An application which has been rejected must be amended and resubmitted to the waste information authority within 14 days of the applicant receiving notification of the rejection.
- (3) The provisions in subregulation (1) read with the necessary changes apply to a rejected application which has been amended and resubmitted.

## General conditions of registration and duty to submit information

- 6. (1) A registered person must submit the required information to the waste information authority, within 30 days of the end of a reporting period, in the electronic format specified by the waste information authority.
- (2) If a registered person is not able to submit the required information in the electronic format specified by the waste information authority, the registered person must submit the required information to the waste information authority by facsimile (obtainable from the Waste Information Authority) within 30 days of the end of a reporting period.
- (3) A registered person must notify the waste information authority, in a form and manner specified by the waste information authority, of any changes in respect of that person's registration details within 30 days of the change occurring.
- (4) If a registered person no longer undertakes the activity which caused that person to register, the registered person must notify the waste information authority within 30 days after the activity has ceased.

(5) The waste information authority may cancel a registration on receipt of a notification in terms of subregulation (4) or on receipt of any other information that a registered person is no longer undertaking an activity contemplated in regulation 3.

## Duty to keep records

- 7. (1) A person who is required to register in terms of regulation 4 must keep an accurate record of—
- the type of waste and amount, expressed in tons, of that waste that is recycled, treated, disposed of, recovered for energy, imported or exported each month;
- (b) the province and/or municipality in which the waste originated, or if the waste did not originate in South Africa, the country in which the waste originated;
