2. PURPOSE OF BILL

The purpose of the Bill is to amend the—

- (a) Electoral Commission Act, so as to provide for the prohibition of the use of the name and its acronym, logo, designs or electoral material used or owned by the Independent Electoral Commission (“the Commission”), to clarify that the Commission may use all available sources of data to obtain information necessary to compile and maintain the national common voters’ roll, to provide for the electronic submission of party registration applications, to provide for the exclusive jurisdiction of the Electoral Court to adjudicate intra-party leadership disputes that have an impact on the Commission’s preparation for elections, to provide for the circumstances under which an agent may object to a voter whose name appears on the segment of the voters’ roll for the voting district in which the voting station is located and to prohibit the use of public funds, save those allocated to a party from the Represented Political Parties’ Fund established by the Public Funding of Represented Political Parties Act, 1997;
- (b) Electoral Act, so as to revise the existing provisions relating to voter registration, voters’ roll, voting districts and voting procedure, to regulate the publication of, and objections to, a provisionally compiled voters’ roll ahead of elections in order to establish a structured process for resolving these objections without jeopardising the preparations for elections, to clarify that the election timetable may include any matter authorised in terms of the Electoral Act, to clarify that the voter’s roll to be used in an election must be the one certified by the chief electoral officer for that election, to clarify that the cut-off date for the registration of voters for an upcoming election must be the date of proclamation of an election date, to provide for the chief electoral officer to notify the relevant parties where a candidate’s name appears on multiple party lists and to afford such parties an opportunity to substitute that candidate and re-order their party lists, to provide for different voting procedure for voters without addresses on the voter’s roll, to repeal the requirement that the identity document of a voter must be stamped as proof of voting, to provide for the circumstances under which an agent may object to a voter whose name appears on the segment of the voters’ roll for the voting district in which the voting station is located, to limit the class of persons who may apply for accreditation to provide voter education for an election to juristic persons, and to align the provision regarding the circumstances in which new ballot papers may be issued to voters with the provisions of the Local Government: Municipal Electoral Act; and

3. OBJECTS OF BILL

The main objective of this Bill is to enhance the existing legislative mechanisms that ensure free and fair elections, in accordance with the Constitution of the Republic of South Africa, 1996. Furthermore, the Bill seeks to prevent possibilities

of election results and legislative bodies' constitution being challenged in court by any party or interested person on the basis of absence of addresses on the common voters' roll. This legislative intervention is necessary to maintain political stability by protecting the legitimacy of the elected legislative bodies from which national and provincial governments derive authority to constitute themselves.

10. PARLIAMENTARY PROCEDURE

- 10.1 The Constitution prescribes procedures for the classification of Bills, therefore a Bill must be correctly classified so that it does not become inconsistent with the Constitution.
- 10.2 We have considered the Bill against the provisions of the Constitution relating to the tagging of Bills and against the functional areas listed in Schedule 4 (functional areas of concurrent national and provincial legislative competence) and Schedule 5 (functional areas of exclusive provincial legislative competence) to the Constitution.
- 10.3 The established test for classification of a Bill is that any Bill with provisions which in substantial measure fall within a functional area listed in Schedule 4 to the Constitution must be classified in terms of that Schedule. The process is concerned with the question of how the Bill should be considered by the provinces and in the National Council of Provinces. Furthermore, how a Bill must be considered by the provincial legislatures depends on whether it affects the provinces. The more a Bill affects the interests, concerns and capacities of the provinces, the more say the provinces should have on the contents of the Bill.
- 10.4 Therefore, the issue to be determined is whether the provisions contained in the Bill, in substantial measure, fall within a functional area listed in Schedule 4 to the Constitution.
- 10.5 The Bill primarily seeks to amend three pieces of legislation, namely, the Electoral Commission Act, the Electoral Act and the Local Government: Municipal Electoral Act to align the relevant provisions of the various pieces of legislation in order to ensure free and fair elections.
- 10.6 The Bill amends the Electoral Commission Act, so as to provide for the prohibition of the use of the name and its acronym, logo, designs or electoral material used or owned by the Commission, to clarify that the Commission may use all available sources of data to obtain information necessary to compile and maintain the national common voters' roll, to provide for the

electronic submission of party registration applications, to provide for the exclusive jurisdiction of the Electoral Court to adjudicate intra-party leadership disputes that have an impact on the Commission's preparation for elections, to provide for the circumstances under which an agent may object to a voter whose name appears on the segment of the voters' roll for the voting district in which the voting station is located, and to prohibit the use of public funds, save those allocated to a party from the Represented Political Parties' Fund established by the Public Funding of Represented Political Parties Act, 1997

- 10.7 The Bill amends the Electoral Act, so as to revise the existing provisions relating to voter registration, voters' roll, voting districts and voting procedure, to regulate the publication of, and objections to, a provisionally compiled voters' roll ahead of elections in order to establish a structured process for resolving these objections without jeopardising the preparations for elections, to clarify that the election timetable may include any matter authorised in terms of the Electoral Act, to clarify that the voter's roll to be used in an election must be the one certified by the chief electoral officer for that election, to clarify that the cut-off date for the registration of voters for an upcoming election must be the date of proclamation of an election date, to provide for the chief electoral officer to notify the relevant parties where a candidate's name appears on multiple party lists and to afford such parties an opportunity to substitute that candidate and re-order their party lists, to provide for different voting procedure for voters without addresses on the voter's roll, to repeal the requirement that the identity document of a voter must be stamped as proof of voting, to provide for the circumstances under which an agent may object to a voter whose name appears on the segment of the voters' roll for the voting district in which the voting station is located, to limit the class of persons who may apply for accreditation to provide voter education for an election to juristic persons, and to align the provision regarding the circumstances in which new ballot papers may be issued to voters with the provisions of the Local Government: Municipal Electoral Act, 2000.
- 10.8 The Bill amends the Local Government: Municipal Electoral Act, so as to regulate the publication of, and objections to, a provisionally compiled voters' roll ahead of elections in order to establish a structured process of resolving these objections without jeopardising the preparation for elections and to provide for the prohibition of the use of public finances to fund party political campaigns;
- 10.9 The provisions of the Bill have been carefully examined to establish whether, in substantial measure, they fall within any of the functional areas listed in Schedule 4 to the Constitution.
- 10.10 In our view, the subject matter of the provisions of the Bill do not fall within any of the functional areas listed in Schedule 4 to the Constitution and it does not affect provinces whereby the procedure set out in section 76 of the Constitution would be applicable.
- 10.11 We are therefore of the opinion that since the Bill does not deal with any of the matters listed in Schedule 4 to the Constitution, it must be dealt with in accordance with the procedure set out in section 75 of the Constitution.
- 10.12 We are also of the opinion that it is not necessary to refer the Bill to the National House of Traditional Leaders in terms of section 18(1)(a) of the Traditional Leadership and Governance Framework Act, 2003 (Act No. 41 of 2003), since it does not contain provisions pertaining to customary law or customs of traditional communities.
