SCHEDULE

Agrément certificate 2015/476 (Amended December 2020): High Density Polymer Envirodoor

Subject: High Density Polymer Envirodoor

Certificate holder: EnviroSan Sanitation Solutions (Pty) Ltd

Description: High Density Polymer Envirodoor is a pivot hinge plastic door designed for sanitation top structures installed on site to provide privacy, protection from the elements and security for users. The door fits into lugs that can be attached to the floor and roof or cast into the floor and roof for improved resilience. The door does not require a door frame.

The door latch is manufactured from nylon and will automatically engage when the door is closed allowing slam shutting, the latch locks from both the inside and outside, however, with the inside mechanism overrides the outside mechanism.

The door is cross braced for added strength and is manufactured of material that is of sturdy construction. The doors can be retro-fitted easily into the existing top structures where the existing wooden or steel doors have failed and need to be replaced.

The Agrément certificate contains detailed information on the product and can be accessed at <http://www.agrement.co.za>.
