No. R. 365

5 April 2000

**FORMULAE FOR DETERMINATION OF THE NUMBER OF COUNCILLORS OF
MUNICIPAL COUNCILS**

Under the powers vested in me by section 20 of the Local Government: Municipal Structures Act, 1998 (Act No. 117 of 1998), I Fholisani Sydney Mufamadi, hereby determine formulae for the determination of the number of councillors as set out in the Schedule.

Given under my hand at Pretoria on the Third day of April Two Thousand.

F S MUFAMADI
MINISTER FOR PROVINCIAL AND LOCAL GOVERNMENT

SCHEDULE

Formula for determination of number of councillors for category A municipalities

1. The formula for determining the number of councillors of a category A municipality is as follows (fractions to be disregarded):

$$y = (X \div 10000) + 60$$

Where -

- (i) y represents the number of councillors; and
- (ii) x represents the number of registered voters on the municipality's segment of the national common voters roll.

Formula for determination of number of councillors for category B municipalities

- 2.(a) The formula for determining the number of councillors of a category B municipality is -

- (i) in respect of such a municipality that has less than 7501 registered voters on its segment of the national common voters roll:

$$y = 5;$$

- (ii) in respect of such a municipality that has between **7500** and 100001 registered voters on its segment of the national common voters roll:

$$y = (x \div 1682) + 1; \text{ and}$$

- (iii) in respect of such a municipality that has more than 100000 registered voters on its segment of the national common voters roll:

$$y = (x \div 8\,333) + 48.$$

- (b) In applying the formulae referred to in paragraph (a) -

- (i) y represents the number of councillors;
- (ii) x represents the number of registered voters on the municipality's segment of the national common voters roll: and

- (iii) fractions are to be disregarded.

Formula for determination of number of councillors for category C municipalities

3.(a) The formula for determining the number of councillors of a category C municipality is -

- (i) in respect of such a municipality that has less than 100001 registered voters on its segment of the national common voters roll:

$$y = (x \div 9\,500) + 9; \text{ and}$$

- (ii) in respect of such a municipality that has more than 100000 registered voters on its segment of the national common voters roll:

$$y = (x \div 12\,000) + 12.$$

(b) In applying the formulae referred to in paragraph (a) -

- (i) y represents the number of councillors;
- (ii) x represents the number of registered voters on the municipality's segment of the national common voters roll; and
- (iii) fractions are to be disregarded.
