The Licensee is hereby granted a Licence giving it the right to provide reserved postal services to any person requiring such services within the Republic for a period from the commencement date until the day prior to the 25th (twenty fifth) anniversary of the commencement date. Such right shall, subject to any licence issued in terms of s16(5) of the Act, be exclusive to the Licensee for the period referred to in clause

3. PERIOD OF EXCLUSIVE RIGHT TO RENDER RESERVED POSTAL SERVICES

Subject to the terms and conditions imposed in terms of the Act and Part III of this Licence and compliance by the Licensee with the obligations imposed in terms of Part III, the Licence referred to in clause 2 shall be exclusive for a period of 3 (three) years from the commencement date. The extension of the Licence is subject to review as determined in the Act.

PART III - OBLIGATIONS IMPOSED ON THE LICENSEE, TARIFFS, PENALTIES AND INCENTIVES

4. DETERMINATION BY THE MINISTER OF WHAT CONSTITUTES UNIVERSAL POSTAL SERVICE

4.1. The Minister determines that in addition to the provisions of Section 8(1)(f) of the

Act -

4.1.1. the further primary aims of the universal postal service are the extension of services such as the basic letter service to areas where same is currently not available, and in particular the underserved areas, the provision of retail outlets at which customers can mail basic letters and other postal items, the rebalancing of the retail outlets between the serviced areas and the underserved areas to achieve equitable access, the improvement of service performance standards and the provision of a basic letter service at a charge which will be subject to a price cap, provided that -

4.1.1.1. the provision of the basic letter service, having regard to population densities and mail volumes for particular areas, is warranted on an objective basis; and

4.1.1.2. there are no unacceptable dangers to those rendering a basic letter service at any particular time.

In those areas in which a basic letter service would be warranted as contemplated in clause 4.1.1.1 but which are not presently served by a basic letter service there must be a mail collection point, which is physically accessible from the street without trespassing on private property, or a post box facility in a suitable location or if this is not viable, at the least the

Licensee shall make available virtual addresses at its post offices provided that it shall within a maximum period of 12 (twelve) months convert such virtual addresses to post boxes or street addresses;

4.1.2. there shall not be a differentiation in the provision of reserved postal services between serviced areas and underserved areas;

4.1.3. there shall not be a differentiation in the discounts afforded to bulk mail users by the Licensee, which is not objectively justifiable;

4.1.4. there shall not be a preference shown or discrimination exercised against particular persons or persons of any class or description in respect of the provision of the reserved postal services;

4.1.5. the Licensee shall provide an acceptable and suitable plan within a reasonable time, for the provision of email addresses to all citizens of the Republic based on the demand for email addresses. The Licensee shall at the same time provide the Regulator with the fully detailed market research undertaken as to the demand for email addresses upon which the plan is based. After the plan has been approved by the Regulator, the Licensee shall submit updated reports regarding the plan and its implementation on a quarterly basis to the Regulator. The Regulator shall after consultation with the Licensee determine the method of monitoring compliance by the Licensee with this obligation.

4.2. The Regulator in consultation with the Department may develop detailed criteria in regard to the universal postal service including what constitutes equitable access.

appropriate differentiation in the provision of reserved postal services between serviced areas and underserved areas, appropriate population densities which warrant the provision of a basic letter service and appropriate objectively justifiable criteria for differentiation in discounts offered to bulk mail users. The Regulator will submit the detailed criteria for the universal postal service, once finalised, to the Licensee. To the extent that the Licensee wishes to make any submissions in that regard, it shall do so in writing by not later than 30 September of any calendar year in respect of criteria to be implemented in respect of the year commencing on 1 April in the forthcoming calendar year.

- 4.3. To the extent the Regulator considers necessary the Regulator will publish in the Gazette by not later than 31 January prior to the commencement of the relevant year, the criteria referred to in clause 4.2 after same have been finalised after considering the Licensee's submissions, if any. Any such notice published in the Gazette shall be deemed to be a schedule to this Licence with effect from the forthcoming 1 April.

5. **DETERMINATION OF THE PRICE CAP**

- 5.1. The Licensee acknowledges that :-

5.1.1. in consideration for the exclusive right granted to it in Part II; and

5.1.2. as an encouragement to the Licensee to become a more efficient operator;
and

5.1.3. as a method of ensuring that universal postal service is not by reason of the tariffs and charges payable, theoretically available to historically disadvantaged persons but not so available in practice,

increases in the tariffs and charges payable by customers of the Licensee in respect of any year as regards the reserved postal services shall, for so long as the Licence in clause 2 is exclusive, be subject to a price cap, which the Regulator currently intends shall not exceed the CPI as forecast at the relevant time for the relevant period. The Regulator may in addition require there to be deducted a productivity factor to encourage the Licensee to become more efficient, and may permit the addition of a factor to cover the capital expenditure to be incurred by the Licensee in achieving the universal postal service. When the provisions of Part II cease to be of any effect, the provisions of this clause 5 shall likewise cease to be of any effect.

- 5.2. The price cap shall be determined by the Regulator from time to time and published in the Gazette but by not later than 31 January in respect of the tariffs and charges to apply for the year commencing on 1 April in the same calendar year. To the extent that the Licensee wishes to make any submissions regarding the price cap, it shall do so in writing in a form determined by the Regulator or failing such determination, in any other written form selected by the Licensee by not later than 30 November of a year to cover the price cap to apply for the year commencing on 1 April in the following calendar year. Any such price cap so published shall be binding upon the Licensee for the purposes of this Licence and in particular clause 6.
- 5.3. For the purposes of enabling the Regulator to determine the price cap from time to time, the Licensee shall be obliged to furnish the Regulator with at least the following information (as well as any other information which the Regulator may require from time to time), namely :-

5.3.1. the cost structures of the Licensee;

- 5.3.2. steps taken by the Licensee during the preceding period to reduce costs:
- 5.3.3. capital expenditure intended to be undertaken by the Licensee in the forthcoming 12 (twelve) month period;
- 5.3.4. profits generated by the Licensee from the basic letter service in the preceding period and the forecast for the forthcoming period;
- 5.3.5. profits generated by the Licensee from any other services rendered pursuant to this Licence;
- 5.3.6. the proposed pricing for new products forming part of reserved postal services to be introduced by the Licensee including a detailed analysis of the proper costing for such new products.

- 6.1. The Licensee shall recommend to the Regulator for the purposes of Section 30 of the Act in the form specified by the Regulator or if the Regulator fails to specify a form, in a written form selected by the Licensee, save that the Licensee shall furnish full details in regard to the information referred to in clause 5.3, the tariffs and charges proposed by it for the forthcoming year in respect of reserved postal services contemplated in paragraph 1(a) of Schedule 1 to the Act, by 31 October of the preceding year. In such recommendation, the Licensee shall indicate whether the tariffs and charges shall be determined based upon the weight and/or based upon the dimensions of the basic letter. The Regulator shall permit the Licensee an opportunity to make oral submissions concerning increases in tariffs and charges during the period between 1 November and 31 January. Once those tariffs and charges based upon the weight and/or upon the dimensions of the basic letter are determined, the Licensee shall not be entitled to re-categorise any basic letter without the written approval of the Regulator.
- 6.2. To the extent that the Licensee grants discounts on tariffs or charges to the public, the Licensee must publish same in the Gazette by not later than 31 January prior to the commencement of the relevant year and during the relevant year, the Licensee must act in accordance only with such published discounts.
- 6.3. To the extent that the Regulator intends to determine the relevant tariff or charge, the Regulator shall do so by publishing same in the Gazette by not later than 31 January prior to the commencement of the relevant year.
- 6.4. To the extent that the Regulator does not determine the relevant tariff or charge for any reserved postal service for any year, the Licensee shall be entitled to determine

the increase in the tariff or charge for the forthcoming year over and above that prevailing in respect of the current year, provided that the increases do not exceed the previous applicable tariffs or charges by more than the price cap.

- 6.5. The provisions for the determination of tariffs and charges set out in this clause 6 shall apply only until the Regulator prescribes to the contrary.

7. **ACHIEVEMENT OF UNIVERSAL POSTAL SERVICE**

- 7.1. In compliance with his/her obligations in terms of Section 16(7) and (9) of the Act, the Minister imposes upon the Licensee the obligation to achieve the requirements of universal postal service, including the obligation to achieve the delivery point roll-out, retail outlet roll-out and service performance standards, customer care standards and email address roll-out.
- 7.2. Notwithstanding the foregoing, the obligations to provide universal postal service shall be interpreted and compliance therewith shall be assessed in accordance with the principles referred to in Section 8(1)(f) of the Act and clause 4 and shall not be interpreted strictly or solely on the basis of legal principles of interpretation but as methods of achieving universal postal service.
- 7.3. In addition the Minister or the Regulator (after consultation with the Minister), as the case may be, shall have the discretion to relax the application of the obligations in this Part III if, after application by the Licensee, the Minister or Regulator (as the case may be), reasonably and objectively considers that their strict application would operate unduly harshly against the Licensee or it would be unduly burdensome for the Licensee to provide the universal postal service in question.

- 7.4. The Licensee shall comply with the standards for customer care imposed pursuant to clause 10 from time to time, failing which (after the grace period of 120 (one hundred and twenty) days as permitted in clause 11) the penalties deemed to be included in clause 11 as contemplated in clause 10, shall be payable by the Licensee.
- In addition the Licensee shall be measured by the Regulator from time to time, in a manner determined by the Regulator after consultation with the Licensee, on subjective factors such as accessibility/availability of management, customer friendliness of employees, impression of facilities and other subjective factors relating to customer satisfaction. The Regulator after consultation with the Licensee shall determine the penalties to be imposed upon the Licensee if it fails to adhere to such standards, which penalties shall be deemed to be incorporated in clause 11. Should the Licensee not comply with the standards for compliance in respect of such subjective factors, (after the grace period of 120 (one hundred and twenty) days as permitted in clause 11) the said penalties shall be payable by the Licensee.

8. **DETERMINATION OF SERVICED AREAS AND UNDERSERVED AREAS**
The Regulator in consultation with the Department will determine from time to time to what extent any of the underserved areas have been duly serviced as regards delivery point roll-out and retail outlet roll-out. To the extent that the Licensee wishes to make any submissions in that regard, it shall do so in writing by not later than 31 May prior to the commencement of the relevant period. To the extent necessary the Regulator will, after such determination, publish in the Gazette by not later than 31 July prior to the commencement of the relevant period, new schedules (which shall be deemed to replace **Schedules 2 and 3** of this Licence) as to what constitute serviced areas and underserved areas to apply. To the extent that the Regulator fails to publish any new schedules in the Gazette, **Schedule 2** and/or **Schedule 3** shall continue to apply. For the avoidance of doubt the Regulator may gazette different areas as being underserved areas and serviced areas for delivery point roll-out as compared to retail outlet roll-out.

9. **DETERMINATION OF TARGETS IN REGARD TO DELIVERY POINT ROLL-OUTS AND RETAIL OUTLET ROLL-OUTS FOR PERIOD FROM 1 OCTOBER 1999 TO 30 SEPTEMBER 2002**

9.1. The Licensee shall draw up a sustainable programme for the period ending 30 September 2002 for the delivery point roll-outs and retail outlet roll-outs in the Republic as well as the development of the reserved postal services. Such programme shall provide :-

Regular updates of the programme shall be provided by the Licensee to the Regulator if a material change occurs from the programme submitted.

9.2. The Regulator after consultation with the Licensee shall determine the respective priorities between the serviced and underserviced areas and amongst the other serviced areas for delivery point roll-out and retail outlet roll-out for each of the 12 (twelve) month periods commencing from 1 October 2000, 1 October 2001 and 1 October 2002. To the extent that the Licensee wishes to make any submissions in that regard, it shall do so in writing by not later than 31 July prior to the commencement of the relevant period. The Regulator shall publish in the Gazette by 31 August prior to the commencement of the relevant period, new schedules (which shall replace **Schedules 2 and 3** of this Licence).

For the avoidance of doubt this separate from

and may run contemporaneously with the grace period of 120 (one hundred and twenty) days and penalties in clause 11.

- 10.3. The Licensee shall develop and publish guidelines in all its post offices (and shall ensure that its agents and franchisees do likewise in their premises) for handling complaints from customers about the manner in which the Licensee conducts the reserved postal services and shall notify the Regulator thereof in writing at 6 (six) monthly intervals. These shall include efficient procedures that duly take account of the predominant languages of customers so that customers can receive assistance from the Licensee's personnel during normal business hours. - 14.3. The independent monitor shall conduct tests to determine whether the minimum percentage has been achieved or exceeded, (subject to a tolerance allowance in accordance with the internationally accepted level from time to time of the statistical accuracy of such tests) in respect of the service performance standards, using a representative sample of properly addressed (including post code) and stamped basic letters (which at present is between 30 000 (thirty thousand) to 35 000 (thirty five thousand) basic letters), to test on a representative basis each of the categories referred to in column 1 of **Schedule 6** during each month of each quarter or during such other period as may be required by the Regulator. The independent monitor shall keep detailed reports as to the exact number of letters forming part of a representative sample including the addresses to which the basic letters in question were addressed, when each of those basic letters was handed in at a post box or other official postal outlet or posted into a street box and when each of those basic letters

was received at its intended destination so as to be able to give statistics not only as to the minimum percentage achievement by the Licensee per quarter but also statistics for each of the categories in column 1 of **Schedule 6** for each of the postal regions.

- 14.4. The results for any quarter of any test carried out by the independent monitor may be audited by an independent auditor appointed by the Regulator.

No such original designs shall be lent to any person or for art shows, unless -

19.2. Sealed postal items shall only be opened by persons authorised to do so by the Licensee in accordance with the provision of the Act and any other relevant legislation or order of a competent court.

19.3. The Licensee shall use reasonable endeavours to prevent sensitive information concerning its customers that it receives in the course of providing the reserved postal services, from being disclosed to third parties or from being used otherwise than for the purposes of providing the reserved postal services. Notwithstanding the foregoing, the Licensee shall be entitled to use its database of addresses for commercial gain, provided that the Licensee complies with the terms and conditions of this Licence. Information about customers may be disclosed by the Licensee to third parties to the extent that it is required :-

--

21.3. The Licensee and the Department shall co-operate with each other to exchange the necessary expertise and information in the commercial and technical sphere required in respect of any councils of the Universal Postal Union or the Pan African Postal Union or the South African Development Community, on which the Republic or the Licensee is represented or to which it wishes to make representations. The Licensee shall not be entitled to levy any charges upon the Department in respect of the exchange of such expertise or information.

21.4. The Licensee shall provide mail services to and from other postal administrations in accordance with the rules and regulations agreed upon by the Universal Postal Union regarding the operation of international postal services.

22. **OTHER DUTIES OF THE LICENSEE**

The Licensee shall in addition to the other obligations imposed in terms of this Licence -

- 22.1. comply with and, where required by the Act or the Regulator, implement the provisions of the Act;
- 22.2. not make it a condition of rendering of any reserved postal service that any other service made available by the Licensee from time to time be used by the customer, provided that this shall not prevent the Licensee from offering discounts based on term commitments or commitments for multiple reserved postal services or offering quantity discounts or incentives;
- 22.3. maintain adequate facilities and employ properly trained staff to meet the terms and conditions of this Licence in rendering the basic letter service;
- 22.4. under no circumstances during the period referred to in clause 3, finance unreserved postal services from revenues or profits gained from reserved postal services. To this end, the Licensee shall keep proper costing systems for both reserved and non-reserved postal services and shall prepare management accounts that clearly account for them separately. The Licensee shall prepare in respect of each of its financial years, cost accounts on a historic cost basis for both reserved postal services and non-reserved postal services. The Licensee shall send a copy of each set of such accounts to the Regulator within 6 (six) months of the end of the Licensee's relevant financial year. The Licensee shall submit to the Regulator in respect of each financial year, an audit report by the Licensee's auditors in which they confirm whether or not the provisions of this clause 22 have been complied with, within 6 (six) months of the end of the Licensee's relevant financial year. - 22.6. regularly provide its customers with sufficiently detailed and relevant information regarding the reserved postal services offered including tariffs and charges and terms and conditions of contract and standards of service levels and quality. Such information shall be published in an appropriate manner in the circumstances;

- 22.8. subject to the provisions of Section 28 of the Act allow the Regulator reasonable access to its books and records during business hours as the Regulator may require for the purpose of exercising the functions assigned to it by the Act.

23. LANGUAGE

The Licensee shall be obliged to ensure that all services made available to its customers, which are covered by this Licence, are provided in the appropriate languages customarily used in the relevant area.

24. USE OF INFRASTRUCTURE

24.1. The Licensee shall not conclude any agreement relating to the sharing of any part of its infrastructure if same could affect the rendering of the reserved postal services or the universal postal service obligation unless it shall first have given the Regulator full details in writing and obtained the Regulator's written approval.

24.2. The Licensee shall comply with any reasonable directive from the Regulator to allow the Licensee's infrastructure to be utilised by competitors. The Regulator shall consult with the Licensee in regard to terms and conditions, including a market related fee, which would be applicable to any such utilisation of the Licensee's infrastructure by competitors, after furnishing the Licensee with full technical details concerning the competitors' systems. To the extent that the Licensee considers that any such terms and conditions to be imposed by the Regulator in regard to such utilisation, would be unreasonable to the Licensee, the terms and conditions but not the fee shall be determined by a practising senior counsel appointed by the Regulator, who shall act as an expert and not as an arbitrator and whose decision shall be final and binding. Any costs of the senior counsel shall be borne by the Licensee.

24.3. The Licensee shall inform the Regulator in writing before it concludes a contract with a competitor.

28. **PROVISION OF OTHER INFORMATION**

The Licensee shall furnish to the Regulator in such manner and such times as the Regulator may request such documents, accounts, financial data, estimates, returns, reports, or any other information, as the Regulator may require for the purpose of exercising the functions assigned to it by the Act.

29. **NEW LAWS AND/OR CHANGES TO THE LICENCE**

29.1. This Licence shall be subject to any amendments to the postal legislation and regulations (including applicable statutory and common law) which may be made from time to time and shall be subject to any modification which may be required to be made in terms of the Act or any new or amended legislation, provided that the Licensee shall in such event be entitled by giving written notice to that effect, to require the Regulator to consider whether as a result thereof any obligations or conditions imposed on the Licensee are required to be revised. In considering whether any revisions of the Licence are appropriate, the Regulator shall have regard to whether the modifications to this Licence or any new or amended laws would make continued compliance by the Licensee with the provisions of Part III unduly burdensome in the circumstances for the Licensee.

29.2. Before making :-

29.2.1. an amendment to this Licence (to the extent permitted under this Licence or in accordance with the Act); or

29.2.2. any determination or decision, or giving or refusing to give its consent under the terms of this Licence or the Act, including without limitation, in respect of any matter which is subject to the opinion or satisfaction of the Regulator or the Minister, as the case may be,

the Regulator or the Minister, as the case may be, shall notify the Licensee of the proposed determination or proposed decision or proposed consent or proposed refusal of consent, as the case may be, and its reasons for its proposal, and shall give the Licensee an opportunity to make representations at a public hearing in terms of the regulations as contemplated in Section 13 of the Act. When notifying the Licensee of a proposal or making a determination or decision, or giving or refusing to give its consent, the Regulator or the Minister, as the case may be, shall give reasons and supporting evidence where available in each case which are sufficient to give the Licensee a reasonable understanding of the proposed or final determination or decision, as the case may be.

30. **PAYMENT OF LICENCE FEE**

The Licensee shall pay to the National Revenue Fund an annual licence fee of R16 000 000,00 (sixteen million rand) in respect of the 1st (first) year of this Licence. Thereafter the annual licence fee shall be increased by the CPI adjustment, if any, but that it shall never be less than R16 000 000,00 (sixteen million rand) per year. The annual licence fee shall be paid in 12 (twelve) equal instalments monthly in advance commencing on 1 April of each year with a portion thereof payable in respect of the period from the date that the licence is formally issued until 31 March 2001. The licensee fee shall increase to an amount to be determined by the Regulator with effect from 1 April 2003, which will be notified in the Gazette. Thereafter the annual licence fee shall be increased by the CPI adjustment, if any, but it shall not decrease.

31. **CONTRACTS WITH THIRD PARTIES TO PROVIDE LICENSED SERVICES**

31.1. If the Licensee has entered into or intends to enter into any joint venture, association, contract or arrangement, with a third party, the effect of which would be to permit that third party to provide a postal service which only the Licensee is permitted to provide under this Licence, thereby contravening the conditions of this Licence, the Licensee shall seek approval from the Minister through the Regulator on the joint venture or association in question.

31.2. Save as expressly provided to the contrary in this Licence, nothing contained in this clause shall be deemed as requiring the Licensee to obtain the approval of the Minister for the appointment of agents or franchisees or for the employment of contractors or sub-contractors to carry out any work or provide any service which enables the Licensee to discharge its duties and obligations under this Licence; provided that the Licensee shall be liable for any act, default, neglect or otherwise of the agents and/or franchisees and/or contractors or sub-contractors in carrying out any such works or providing any such services.

32. **BREACH**

If the Licensee breaches any provision of this Licence, the provisions of section 24 of the Act shall be implemented by the Regulator.
