Interested parties are hereby notified that applications for permits for rebate of the **full** duty on worn clothing and other worn articles of textile material used for the recovery of fibers submitted to the International Trade Administration Commission after 7 October 2005:

- (a) will be dealt with according to the guidelines described in this notice; and
- (b) must be in the format as set out in the application from this notice.

Please note that all applications submitted in terms of rebate item 311.02/63.09/01.04 to the International Trade Administration Commission after 1 November 2005 will be subject to the guidelines described in this notice.

**GUIDELINES REGARDING APPLICATIONS FOR PERMITS IN TERMS OF REBATE ITEM 311.02/63.09/01.04 FOR REBATE OF THE DUTY ON WORN CLOTHING AND OTHER WORN ARTICLES OF TEXTILE MATERIALS FOR THE RECOVERY OF FIBERS (May 2004)**

1. Applicants must register with SARS as users of rebate item 311.02/63.09/01.04 before applying for permits and acquaint themselves with the requirements of SARS.
2. Applications for permits must be addressed to the, International Trade Administration Commission, Private Bag X 753, Pretoria or delivered by hand to the DTI Campus (Block E), 77 Meintjies Street, Sunnyside, Pretoria, 0002
3. Applications for permits must be submitted according to the attached application form (See Annexure A). If the space provided in the application form is insufficient, please use the format of the application form to submit the requested information.

4. If all the information requested in the application form is not submitted, the application will not be considered and it will be returned to the applicant.
5. At least two weeks should be allowed for the processing of applications and the issue of permits.
6. Worn clothing and other worn articles of textile materials are subject to Import Control Regulations and Import Control permits will be issued in cases where rebate permits are issued.
7. Each rebate permit issued defines the period during which the goods concerned can be cleared with rebate and the period shall be for a calendar year starting from the date when the permit was issued or a shorter period as requested by the applicant, or as decided upon by the International Trade Administration Commission (ITAC).
8. Each rebate permit defines the period during which the goods cleared with rebate of the duty should be used for the recovery of fibers. The period will end twelve months after the period stated in the permit as the period during which the goods concerned can be cleared with rebate, or it will be a shorter period as requested by the applicant, or as decided upon by ITAC.
9. Rebate permits and import control permits issued will be subject to the following conditions:
  - 9.1 There shall be no movement from the premises, described in the application, as the premises where the fibers are or will be recovered, of any clothing or any other articles of textile material. Any clothing or any other articles of textile materials includes worn, used, and new clothing and articles of textile materials obtained from sources in South Africa or imported from any country.

9.2 The rebate store must be situated on the manufacturers registered factory premises. This premises should be physically separated from premises where any activity other than the recovery of fibers is conducted. The premises should exclusively be used for the recovery of fibers, the storage of clothing and other articles of textile material obtained for the purpose of the recovery of fibers, the storage of fibers and the storage of the goods described in paragraphs 9.6 and 9.7.

9.3 All manufacturers of fibers need to comply with the following rebate store requirements:

- Rebate stores must be substantially constructed and must offer the maximum security possible. If possible, the walls should be extended to the ceiling, and if this is possible, suitable steps must be taken to prevent access to the materials over the walls e.g. by securing the tops of the walls with razor wire mesh.
- The doors must be capable of being locked and furthermore such must be suitably equipped with fastenings for Customs locks.
- The windows, if any, must have burglar bars fitted.
- Rebate stores may have more than one entry or exit point; however the store may be used as a thoroughfare.
- Rebate stores must be situated on the manufacturers' registered factory premises.
- In the case of yards, used for storage of rebate materials packed in drums or similar bulk packaging, the minimum height of the walls, or fence, or combination of walls and fence must be at least **2** meters.

9.4 The Director: Import and Export Control (Fax number (012) 394-4590 and Telephone no (012)394-3590) must be notified in writing by the permit holder of the date of the arrival of consignments of imported worn clothing and other imported worn articles of textile materials at its premises at least *two* weeks before the date of arrival.

Such notification shall specify the following:

- The number of the relevant rebate permit
- The port of entry where the goods concerned will be cleared with rebate of the duty
- The mass and f.o.b. value of the consignment
- The planned date of arrival at the premises.

9.5 The Director: Import and Export Control should be notified in writing by the permit holder of the details of any clothing and any article of textile material obtained in South Africa for the purpose of the recovery of fibers kept at the premises described in the rebate permit or permits issued to the permit holder. Any clothing or other articles of textile material includes worn, used and new clothing and other articles of textile material.

The notification should state the following:

- The planned date or dates of arrival at the premises of the goods concerned
- The mass and sales value of the goods concerned
- A description of the goods which indicates the type of clothing, type of article of textile material and whether the goods are new, used or worn.

- 9.6** Any clothing and other articles of textile material which enter the premises referred to under paragraph **9.1**, but which are not suitable for the recovery of fibers, should be cut up at the premises, within 4 weeks of being identified as not suitable for the recovery of fibers.
- 9.7** Any product removed from clothing and other articles of textile material for the purpose of the recovery of fibers, such as zips, should be cut up within 4 weeks of being removed from the clothing or other articles of textile materials with the exception of buttons. Proper records should be kept with regards to the disposal of goods.
- 9.8** The cut up material referred to under paragraphs **9.6** and 9.7, can only be removed from the premises in terms of a written authorization issued by the Director: Import and Export Control, which describes the nature and mass of the goods, the date or dates on which the goods can be removed from the premises and the designation of the goods.
- 9.9** Requests to obtain the authorization referred to under paragraph 9.8 must be in writing and must be submitted to the Director: Import and Export Control at least two weeks before the date on which the authorization is required. The requests should describe the nature and mass of the goods, the planned date or dates of the removal of the goods from the premises and the destination of the goods.
- 9.10** Records, as required by SARS, must be kept in respect of worn clothing and other worn articles of textile materials cleared with rebate of the duty.
- 9.11** Records must be kept of any clothing and any other article of textile materials obtained by the permit holder in South Africa, which enter the premises described in the permit or permits issued to the permit holder. These records should contain the following:

- The name, postal address, e-mail address and telephone number of the firm or person from whom the clothing or other articles of textile material was purchased.
- The date of the purchase
- The mass (kg) and sales value (R) of the clothing or other articles of textile material
- A description of the clothing and other articles of textile materials purchased which indicates the type of clothing, type of other articles of textile material and whether the goods are new, used or worn
- The date on which the clothing and the other articles of textile materials entered the premises

**9.12** Records must be kept of imported worn clothing and other worn articles of textile material for the manufacture of wiping rags and cleaning cloths. These records must provide a clear documentation trail from the point of order to the actual import of the goods.

**9.13** Records must be kept of the sales of fibers from worn clothing and other worn articles of textile materials obtained in terms of rebate permits. These records should include the date, mass (kg) and sales value of each sale and the name, addresses (postal and street) and telephone number of each customer.

**9.14** Record of sales of fibers manufactured from clothing and other articles of textile materials obtained in South Africa should be kept. These records should include the date, mass (kg) and sales value of each sale and the name, address (postal and street) and telephone number of each customer.

**9.15** Investigators from International Trade Administration Commission may visit permit holders and the premises of permit holders to inspect and to investigate any matter or record related to the recovery of fibers and related to rebate and import control permits issued to the applicant. This includes the inspection of the goods cleared in terms of permits, any

other goods that enter the premises, and any goods that leave or came from the premises. Records must be kept for at least five years and be made available for inspection and investigation purposes.

- 9.16 Rebate permits and import control permits may not be transferred in any manner by the holder thereof, to any other person, or be used to the benefit of any person, not named in the permits.
- 9.17 If it is suspected that any condition of this permit is not complied with, the consignment in terms of which the rebate and import permit was used can be seized by ITAC. If it is established that non-compliance took place, appropriate steps will be taken. These steps will be taken in terms of the International Trade Administration Act and the Customs and Excise Act, and can include, criminal charges, withdrawal of the **permit** or permits concerned and/or the rejection of future applications for permits.

## CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted, simultaneously with the confidential version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate:

- Where confidential information has been omitted and the nature of such information;
- A summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and
- In exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all parties and to all correspondence with and submissions to the Board, which unless indicated to be confidential and filed together with a non-confidential version, will be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the Board in writing forthwith (and at the latest **14** days prior to the date on which that party's submission is due). Failure to do so timeously, will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.
