The outcome of the consultations shall be communicated to the other Parties. Consultations shall take place in the Joint Committee if a Party so requests within ten days from the date of receipt of the notification.

1. Where, as a result of the reduction or elimination of a customs duty under this Agreement, any product originating in an EFTA State or in SACU is being imported into the territory of an EFTA State or SACU, in such increased quantities and under such conditions as to cause serious injury or threat thereof to the domestic industry of like or directly competitive products in the territory of that Party, such Party may take emergency measures under the conditions and in accordance with the procedures laid down in this Article.

2. An EFTA State or SACU intending to take emergency measures shall, as soon as possible and in any case before taking a measure, supply the Joint Committee with all relevant information, with a view to seeking a solution acceptable to all Parties concerned.

3. Emergency measures shall not exceed what is necessary to remedy the difficulties which have arisen and should normally consist of the suspension of the further reduction of any applicable rate of duty provided for under this Agreement for the product concerned or the increase of the rate of duty for that product.

4. Such measures shall contain clear elements progressively leading to their elimination at the end of the set period, at the latest. Measures shall not be taken for a period exceeding one year. In very exceptional circumstances, measures may be taken up to a total maximum period of three years.

5. The Joint Committee shall, within 30 days from the date of notification, examine the information provided under paragraph 2 in order to facilitate a mutually acceptable resolution to the matter. In the absence of such resolution, the importing Party may

adopt a measure pursuant to paragraph 1 to remedy the problem. The emergency measure shall be immediately notified to the Joint Committee. In the selection of the emergency measure, priority must be given to the measure that least disturbs the functioning of this Agreement.

6. In critical circumstances where delay would cause damage which would be difficult to repair, the EFTA State concerned or SACU may take a provisional emergency measure pursuant to a preliminary determination that there is clear evidence that increased imports have caused, or are threatening to cause, serious injury. The Party intending to take such a measure shall immediately inform the other Parties and the Joint Committee thereof and set into motion the procedure according to paragraph 2. The provisional measure shall be terminated within six months, at the latest.

ARTICLE 20

Agricultural Safeguard Measures

1. Safeguard measures on agricultural products shall be taken pursuant to the conditions laid down in paragraph 1 of Article 19.

2. A measure shall not be taken for a period exceeding one year and may consist in either of the following:

- (b) the introduction of a tariff quota for preferential trade, based on historical trade volumes for the five preceding years, excluding the import surge volumes that necessitated the introduction of the safeguard measure.

3. Before taking a safeguard measure, a Party shall notify the other Parties in writing of the measure to be taken. Within 60 days after notification, the notifying Party shall provide all relevant information concerning the safeguard measure. On request, that Party shall consult with the affected Party or Parties with respect of the conditions of application of the measure.

ARTICLE 21

Exceptional Measures in Case of Structural Adjustment

1. Where any product originating in an EFTA State is being imported into the territory of a SACU State in such increased quantities and under such conditions as to cause or threaten to cause serious disturbances to a particular infant industry or any sector undergoing restructuring, SACU may take exceptional measures of limited duration in the form of an increase or reintroduction of customs duties.

2. Customs duties on imports applicable in SACU to products originating in the EFTA States introduced by these measures may not exceed the level of the applied MFN rates of duty and shall maintain an element of preference for products originating in the EFTA States. The total value of all imports of the products, which are subject to these measures, may not exceed 15 per cent of total imports from the EFTA States during the last year for which statistics are available.
3. Exceptional measures shall be applied for a period not exceeding four years. They shall cease to apply at the latest on the expiry of the maximum transitional period of nine years. These time limits may exceptionally be extended by decision of the Joint Committee.
4. No such measure can be introduced in respect of a product if more than three years have elapsed since the elimination of all duties and quantitative restrictions or charges or measures having an equivalent effect concerning that product.
5. SACU shall notify the Joint Committee of the exceptional measures it intends to take and, at the request of an EFTA State, consultations shall be held on such measures before they are applied in order to reach a satisfactory solution. The notification shall include an indicative schedule for the introduction and subsequent elimination of the customs duties to be imposed.
6. If no agreement on the proposed measures referred to above has been reached within 30 days of the notification, SACU may take appropriate measures to remedy the problem and shall provide the Joint Committee with the definite schedule for the elimination of the customs duties introduced under this Article. This schedule shall provide for a phasing out of these duties at equal annual rates starting at the latest one year after their introduction. The Joint Committee may decide on a different schedule.

3. The Parties recognise that it is inappropriate to encourage investment by relaxing health, safety or environmental standards.

4. The Parties affirm their commitment to review issues related to investment in the Joint Committee no later than five years after the entry into force of this Agreement. If a Party grants to a non-Party, after the entry into force of this Agreement, a more favourable investment framework than under this Agreement, it shall afford adequate opportunity to the other Parties to seek to obtain, including through possible negotiations, comparable conditions, on a mutually beneficial basis.

Arbitration

1. Disputes between Parties, relating to the interpretation of rights and obligations of the Parties under this Agreement, which have not been settled, pursuant to Article 35, through direct consultations or in the Joint Committee within 90 days from the date of the receipt of the written request for consultations, may be referred to arbitration by one or more parties to the dispute by means of a written notification addressed to the Party complained against. A copy of this notification shall be communicated to all Parties.

2. Disputes on the same matter arising under both this Agreement and the WTO Agreement may be settled in either forum at the discretion of the complaining Party. The forum thus selected shall be used to the exclusion of the other. Before a Party initiates dispute settlement proceedings under the WTO Agreement against another Party or Parties, that Party shall notify all other Parties of its intention to do so.
3. The arbitral tribunal shall comprise three members. Each party to the dispute shall, within 30 days from the date of receipt of notification, nominate an arbitrator and the two arbitrators shall, within 30 days from the date of the last nomination, appoint a third arbitrator who will be the Chairperson of the arbitral tribunal. The Chairperson shall not be a national of either party to the dispute, nor permanently reside in the territory of either party to the dispute. If more than one EFTA State or more than one SACU State are parties to a dispute, these parties shall jointly nominate one arbitrator.
4. In case either party to the dispute fails to nominate its arbitrator or the nominated arbitrators fail to agree on a third member within the period specified in paragraph 3, each party to the dispute may request the President of the International Court of Justice to make the necessary appointment.
5. The arbitral tribunal shall settle the dispute in accordance with the provisions of this Agreement and the customary rules of interpretation of public international law.
6. Unless otherwise specified in this Agreement or agreed between the parties to the dispute, the Optional Rules for Arbitrating Disputes between Two States of the Permanent Court of Arbitration, effective 20 October 1992, shall apply.
7. A Party that is not a party to the dispute, on delivery of a written notice to the disputing parties, shall be entitled to receive written submissions of the disputing parties and attend all hearings as observer.
8. The arbitral tribunal shall take its decisions by majority vote.
9. The expenses of the arbitral tribunal, including the remuneration of its members, shall normally be borne by the parties to the dispute in equal shares. The arbitral tribunal may, however, at its discretion decide that a higher proportion of the expenses be paid by one of the parties to the dispute, taking into account, *inter alia*, the financial situations of the Parties involved.
10. This Article shall not apply to Article 15 and Chapters III and IV.

CHAPTER VII FINAL PROVISIONS**ARTICLE 38*****Evolutionary Clause***

1. The Parties undertake to review this Agreement in light of further developments in international economic relations, *inter alia* in the framework of the WTO, and to examine the possibility of further developing and deepening the co-operation under this Agreement and to extend it to areas not covered therein. The Parties may instruct the Joint Committee to examine this possibility and, where appropriate, to make recommendations to them, particularly with a view to opening up negotiations.

ANNEX VI

REFERRED TO IN PARAGRAPH 2 OF ARTICLE 7

MUTUAL ADMINISTRATIVE ASSISTANCE IN CUSTOMS MATTERS

ANNEX VIREFERRED TO IN PARAGRAPH 2 OF ARTICLE 7MUTUAL ADMINISTRATIVE ASSISTANCE IN CUSTOMS MATTERSArticle 1*Definitions*

For the purposes of this Annex:

- (a) “goods” shall mean all goods falling within Chapters 1 to 97 of the Harmonized System, irrespective of the scope of the Free Trade Agreement concluded between the EFTA States and the SACU States;
- (b) “customs legislation” shall mean any legal or regulatory provision adopted by the individual EFTA States or by SACU, governing the import, export, and transit of goods and their placing under any customs procedure, including measures of prohibition, restriction and control;
- (c) “applicant authority” shall mean a competent administrative authority which has been appointed by a Party for this purpose and which makes a request for assistance in customs matters;
- (d) “requested authority” shall mean a competent administrative authority which has been appointed by a Party for this purpose and which receives a request for assistance in customs matters; and
- (e) “breaches of customs legislation” shall mean any violation or attempted violation of that legislation.

Article 2*Scope*

1. The Parties shall assist each other, in the areas within their competence, in the manner and under the conditions laid down in this Annex, in ensuring that the customs legislation is correctly applied, in particular by the prevention, detection and investigation of operations in breach of that legislation.

2. Assistance in customs matters, as provided for in this Annex, shall apply to any administrative authority of the Parties which is competent for the application of this Annex. It shall not prejudice the rules governing mutual assistance in criminal matters. Nor shall it cover information obtained under powers exercised at the request of the judicial authorities, except where communication of such information has the prior authorization of the said authorities.

- 2 -

Article 3

Assistance on Request

1. At the request of the applicant authority, the requested authority shall furnish it with all relevant information which may enable it to ensure compliance with customs legislation, including information regarding operations noted or planned which are or might be in breach of such legislation.
2. At the request of the applicant authority, the requested authority shall inform it whether goods exported from the territory of one of the Parties have been properly imported into its territory, specifying, where appropriate, the customs procedure applied to the goods.
3. At the request of the applicant authority, the requested authority shall, within the framework of its laws, take the necessary steps to ensure special surveillance of:
 - (a) natural or legal persons of whom there are reasonable grounds for believing that they are or have been in breach of customs legislation;
 - (b) places where goods are stored in a way that gives grounds for suspecting that they are intended to supply operations in breach of customs legislation;
 - (c) movements of goods notified as possibly giving rise to substantial breaches of customs legislation; and
 - (d) means of transport for which there are reasonable grounds for believing that they have been, are or may be used in operations in breach of customs legislation.

Article 4

Spontaneous Assistance

The Parties shall provide each other, at their own initiative and in accordance with their laws, rules and other legal instruments, with assistance if they consider that to be necessary for the correct application of customs legislation, particularly when they obtain information pertaining to:

- (a) operations which are or appear to be in breach of such legislation and which may be of interest to other Parties;
- (b) new means or methods employed in carrying out such operations;
- (c) goods known to be subject to substantial breaches of customs legislation;

- 3 -

- (d) natural or legal persons of whom there are reasonable grounds for believing that they are or have been in substantial breach of customs legislation; and
- (e) means of transport for which there are reasonable grounds for believing that they have been, are or may be used in operations in substantial breach of customs legislation.

Article 5

Delivery/Notification

At the request of the applicant authority, the requested authority shall, in accordance with its legislation, take all necessary measures in order to:

- (a) deliver all documents; and
- (b) notify all decisions, as well as any other relevant documents which form part of the procedure in question,

falling within the scope of this Annex to an addressee, residing or established in its territory. In such a case, paragraph 3 of Article 6 shall apply to the request for delivery or notification.

Article 6

Form and Substance of Requests for Assistance

1. Requests pursuant to this Annex shall be made in writing. They shall be accompanied by the documents necessary to enable compliance with the request. When required because of the urgency of the situation, oral requests may be accepted, but must be confirmed in writing immediately.
2. Requests pursuant to paragraph 1 shall include the following information:
 - (a) the applicant authority making the request;
 - (b) the measure requested;
 - (c) the object of and the reason for the request;
 - (d) the laws, rules and other legal elements involved;
 - (e) indications as exact and comprehensive as possible on the natural or legal persons who are the target of the investigations; and
 - (f) a summary of the relevant facts and of the enquiries already carried out, except in cases provided for in Article 5.

- 4 -

3. Requests shall be submitted in an official language of the requested authority or in English or in a language acceptable to that authority.
4. If a request does not meet the formal requirements, its correction or completion may be requested; precautionary measures may, however, be ordered.

Article 7

Execution of Requests

1. In order to comply with a request for assistance, the requested authority shall proceed, within the limits of its competence and available resources, as though it were acting on its own account or at the request of other authorities of that same Party, by supplying information already possessed, by carrying out appropriate enquiries or by arranging for them to be carried out. This provision shall also apply to the administrative department to which the request has been addressed by the requested authority when the latter cannot act on its own.
2. Requests for assistance shall be executed in accordance with the laws, rules and other legal instruments of the requested Party.
3. Duly authorized officials of a Party may, with the agreement of the Party involved and subject to the conditions laid down by the latter, obtain from the offices of the requested authority or other authority for which the requested authority is responsible, information relating to operations which are or may be in breach of customs legislation which the applicant authority needs, in the context of an enquiry, for the purposes of this Annex.
4. Officials of a Party may, with the agreement of the Party involved and subject to the conditions laid down by the latter, be present at enquiries carried out in the latter's territory.

Article 8

Form in which Information is to be Communicated

1. The requested authority shall communicate results of enquiries to the applicant authority in the form of documents, certified copies of documents, reports and the like.
2. The documents provided for in paragraph 1 may be replaced by computerized information produced in any form for the same purpose.

- 5 -

Article 9

Exceptions to the Obligation to Provide Assistance

1. The Parties may refuse to give assistance as provided for in this Annex, where to do so would:
 - (a) be likely to prejudice their sovereignty, public policy, security or other essential interests;
 - (b) involve currency or tax regulations other than customs legislation; or
 - (c) violate an industrial, commercial or professional secret.
2. Where the applicant authority requests assistance which it would itself be unable to provide if so asked, it shall draw attention to that fact in its request. It shall then be for the requested authority to decide how to respond to such a request.
3. If assistance is refused, the decision and the reasons therefore must be notified to the applicant authority without delay.

Article 10

Confidentiality

1. Any information communicated in whatsoever form pursuant to this Annex shall be of a confidential or restricted nature. It shall be covered by the obligation of official secrecy and shall enjoy the protection extended to similar information under the relevant laws of the Party which received it.
2. Personal data, that is all information relating to an identified or identifiable individual, may be exchanged only where the receiving Party undertakes to protect such data in at least an equivalent way to the one applicable to that particular case in the supplying Party.

Article 11

Use of Information

1. Information obtained shall be used solely for the purposes of this Annex. Where one of the Parties requests the use of such information for other purposes, it shall ask for the prior written consent of the authority which furnished the information. Such use shall then be subject to any restrictions laid down by that authority. Information related to illicit drug trafficking may be communicated to other authorities directly involved in the combat of illicit drug traffic.
2. Paragraph 1 shall not impede the use of information in any judicial or administrative proceedings instituted for failure to comply with customs legislation. The

- 6 -

competent authority which supplied that information shall be notified of such use without delay.

3. The Parties may, in their records of evidence, reports and testimonies and in proceedings and charges brought before the courts, use as evidence information obtained and documents consulted in accordance with the provisions of this Annex.

Article 12

Experts and Witnesses

An official of a requested authority may be authorized to appear, within the limitations of the authorization granted, as an expert or witness in judicial or administrative proceedings regarding the matters covered by this Annex in the jurisdiction of another Party, and produce such objects, documents or authenticated copies thereof, as may be needed for the proceedings. The request for an appearance must indicate specifically on what matters and by virtue of what title or qualification the official will be questioned.

Article 13

Assistance Expenses

The Parties shall waive all claims on each other for the reimbursement of expenses incurred pursuant to this Annex, except, as appropriate, for expenses to experts and witnesses and to interpreters and translators who are not public service employees.

Article 14

Application

1. The application of this Annex shall be entrusted to the customs authorities of the Parties. They shall decide on all practical measures and arrangements necessary for its application, taking into consideration the rules in force in the field of data protection.

2. The Parties shall consult each other and subsequently keep each other informed through the EFTA Secretariat of the detailed rules of implementation which are adopted in accordance with the provisions of this Annex. In particular, they shall exchange the list of competent authorities authorized to intervene under this Annex.

- 7 -

Article 15

Complementarity

This Annex shall complement and not impede application of any agreements on mutual administrative assistance which have been concluded or may be concluded between the Parties. Nor shall it preclude more extensive mutual assistance granted under such agreements.

DECLARATION BY ICELAND ON
SANITARY AND PHYTOSANITARY MEASURES

In product areas where the legislation relating to sanitary and phytosanitary matters is harmonized between Iceland and the EC, there are no additional requirements on products destined for the Icelandic market. However the EEA-Agreement contains a safety clause, according to which Iceland may adopt different measures based on its own risk assessment.

DECLARATION BY SACU ON
SANITARY AND PHYTOSANITARY MEASURES]

In products areas where the legislation relating to sanitary and phytosanitary matters is formally recognized to be equivalent between Iceland and the EC, SACU Member States endeavour to take into account such equivalency when evaluating a request for import approval in terms of the relevant domestic sanitary and phytosanitary legislation. This undertaking, however, should not be construed as granting automatic approval when considering such an application and where such equivalency exists. It needs to be considered on a case-by-case basis and the approach taken might differ among SACU Member States, based on the relevant domestic regulatory environment.

PROTOCOL ON BEEF

Article 1

Within the limits referred to in Article 2, Norway agrees to eliminate all customs duties including ad valorem duties applicable to beef meat originating in Botswana or Namibia on entry into force of this Agreement.

Article 2

The elimination of customs duties provided for in Article 1 shall apply to the following quantities (expressed in fresh, chilled or frozen, boneless and bone-in meat, whether as carcasses or as cuts) per calendar year.

- Beef (HS headings 02.01 and 02.02): 500 tons

Article 3

For the purpose of this Protocol, Article 3 of Annex V of the Free Trade Agreement does not apply. Only meat originating in Botswana and Namibia qualifies for export under this Protocol.

DECLARATION BY NORWAY ON THE
GSP SYSTEM FOR AGRICULTURAL PRODUCTS

Recalling that Norway historically has improved market access for developing and Least Developing Countries (LDC), Norway will maintain its GSP-system for all SACU-countries, on an autonomous basis, in parallel to the Free Trade agreement for all agricultural products.

Norway commits to grant to Lesotho, Namibia and Botswana their existing GSP-preferences at least to 31 December 2007. After this date they will be treated as Least Developing Countries (LDC) according to UN-list or to a decision taken by the Norwegian Parliament. If the authorization is prolonged by Norway, the application of the tariff benefits for the countries mentioned above will continue to apply.

If however, Norway should consider to reduce any existing trade benefits granted to Lesotho, Botswana and Namibia, or their GSP-status, there will be prior consultations between the Parties concerned with a view to finding mutually acceptable solutions. If no mutually acceptable solution is found, the Parties may invoke Article 6 of the Agricultural Agreement between SACU and Norway.

Norway will, on an autonomous basis, maintain the threshold for invoking the safeguard mechanism related to the GSP scheme for the duty free import of meat of bovine animals (commodity number 02.01.3001, 02.01.3009, 02.02.3001 and 02.02.3009 in the Norwegian Customs Tariff), originating in Botswana or Namibia, at 2700 tons of fresh, chilled and frozen boneless meat. Imports exceeding the quantity mentioned for the products concerned will be subject to the rate of duty applicable for imports from ordinary GSP-countries.

DECLARATION BY NORWAY ON
SANITARY AND PHYTOSANITARY MEASURES

In product sectors where the legislation relating to sanitary and phytosanitary matters is harmonized between Norway and the EC, there are no additional requirements on products destined for the Norwegian market. However the EEA-Agreement contains a safety clause, according to which Norway may adopt different measures based on its own risk assessment.

DECLARATION BY SACU ON
SANITARY AND PHYTOSANITARY MEASURES

In products sectors where the legislation relating to sanitary and phytosanitary matters is formally recognized to be equivalent between Norway and the EC, SACU Member States endeavour to take into account such equivalency when evaluating a request for import approval in terms of the relevant domestic sanitary and phytosanitary legislation. This undertaking, however, should not be construed as granting automatic approval when considering such an application and where such equivalency exists. It needs to be considered on a case-by-case basis and the approach taken might differ among SACU Member States, based on the relevant domestic regulatory environment.
