PROTOCOL ON BEEF

Article 1

Within the limits referred to in Article 2, Norway agrees to eliminate all customs duties including ad valorem duties applicable to beef meat originating in Botswana or Namibia on entry into force of this Agreement.

Article 2

The elimination of customs duties provided for in Article 1 shall apply to the following quantities (expressed in fresh, chilled or frozen, boneless and bone-in meat, whether as carcasses or as cuts) per calendar year.

- Beef (HS headings 02.01 and 02.02): 500 tons

Article 3

For the purpose of this Protocol, Article 3 of Annex V of the Free Trade Agreement does not apply. Only meat originating in Botswana and Namibia qualifies for export under this Protocol.

DECLARATION BY NORWAY ON THE
GSP SYSTEM FOR AGRICULTURAL PRODUCTS

Recalling that Norway historically has improved market access for developing and Least Developing Countries (LDC), Norway will maintain its GSP-system for all SACU-countries, on an autonomous basis, in parallel to the Free Trade agreement for all agricultural products.

Norway commits to grant to Lesotho, Namibia and Botswana their existing GSP-preferences at least to 31 December 2007. After this date they will be treated as Least Developing Countries (LDC) according to UN-list or to a decision taken by the Norwegian Parliament. If the authorization is prolonged by Norway, the application of the tariff benefits for the countries mentioned above will continue to apply.

If however, Norway should consider to reduce any existing trade benefits granted to Lesotho, Botswana and Namibia, or their GSP-status, there will be prior consultations between the Parties concerned with a view to finding mutually acceptable solutions. If no mutually acceptable solution is found, the Parties may invoke Article 6 of the Agricultural Agreement between SACU and Norway.

Norway will, on an autonomous basis, maintain the threshold for invoking the safeguard mechanism related to the GSP scheme for the duty free import of meat of bovine animals (commodity number 02.01.3001, 02.01.3009, 02.02.3001 and 02.02.3009 in the Norwegian Customs Tariff), originating in Botswana or Namibia, at 2700 tons of fresh, chilled and frozen boneless meat. Imports exceeding the quantity mentioned for the products concerned will be subject to the rate of duty applicable for imports from ordinary GSP-countries.

DECLARATION BY NORWAY ON
SANITARY AND PHYTOSANITARY MEASURES

In product sectors where the legislation relating to sanitary and phytosanitary matters is harmonized between Norway and the EC, there are no additional requirements on products destined for the Norwegian market. However the EEA-Agreement contains a safety clause, according to which Norway may adopt different measures based on its own risk assessment.

DECLARATION BY SACU ON
SANITARY AND PHYTOSANITARY MEASURES

In products sectors where the legislation relating to sanitary and phytosanitary matters is formally recognized to be equivalent between Norway and the EC, SACU Member States endeavour to take into account such equivalency when evaluating a request for import approval in terms of the relevant domestic sanitary and phytosanitary legislation. This undertaking, however, should not be construed as granting automatic approval when considering such an application and where such equivalency exists. It needs to be considered on a case-by-case basis and the approach taken might differ among SACU Member States, based on the relevant domestic regulatory environment.
