MILK INDUSTRY -

- **REQUEST FOR THE INTRODUCTION OF STATUTORY MEASURES RELATING TO REGISTRATION AND RECORDS & RETURNS**
 - **DIRECTLY AFFECTED GROUPS ARE INVITED TO FORWARD ANY COMMENTS REGARDING THE PROPOSED STATUTORY MEASURES**
-

It is hereby made known that in terms of section 11 of the Marketing of Agricultural Products Act, 1996 (Act No. 47 of 1996), the Minister of Agriculture has received a request from the milk industry for the continuation of statutory measures relating to registration, the keeping of records and the rendering of returns.

The Milk Producers' Organisation's (MPO), on behalf of the directly affected groups in the milk industry applied for these statutory measures. The current statutory measures for the milk industry will expire on 1 November 2007. The MPO requested ministerial approval for the continuation of these statutory measures for a new period of four years, to lapse on 1 November 2011.

The purpose of the statutory measures relating to registration and records & returns is to compel milk producers to register with the MPO and also to compel producers to keep records and render the returns to the MPO. These statutory measures will enable the MPO to process and disseminate accurate information to all role-players in order for them to make informed decisions. The MPO is funded through voluntary contributions from its members and will administer the statutory measures.

As the proposed statutory measures requested by the MPO are *prima facie* consistent with the objectives of the Marketing of Agricultural Products Act, the Minister requested the National Agricultural Marketing Council on 31 July 2007 to investigate the possible implementation of the relevant statutory measures and to report back to her within 60 days.

Directly affected groups in the milk industry are kindly requested to submit any comments regarding the proposed statutory measures to the National Agricultural Marketing Council within 14 days of the publication hereof.

Submissions must be in writing and be addressed to:
