COMMITTEE OF UNIVERSITY PRINCIPALS

DRAFT AMENDED MATRICULATION ENDORSEMENT REQUIREMENTS AND CONDITIONS FOR EXEMPTION THEREFROM: PUBLISHED FOR GENERAL INFORMATION AND COMMENTS

In terms of Section 74(1) of the Higher Education Act, 1997, (Act 101 of 1997) read with Sections 6 and 7 of the Universities Act, 1955 (Act 61 of 1955), the Committee of University Principals (CUP) shall, subject to the approval of the Minister of Education, prescribe the requirements for matriculation endorsement and the conditions for granting complete or conditional exemption from satisfying the requirements for matriculation endorsement.

These requirements for matriculation endorsement and the conditions for granting complete or conditional exemption from satisfying the requirements for matriculation endorsement, are hereinafter referred to as

“the requirements and conditions”.

Once prescribed and approved, the requirements and conditions require amendment from time to time to accommodate changes in local and international education systems. Such amendments are also subject to the Minister's approval.

Publication in the Government Gazette of the requirements and conditions notices to date

The latest consolidated set of requirements and conditions as approved by the Minister of Education was published in Government Notice 1226 on 1 December 2000. Subsequent amendments approved by the Minister were published in the Government Gazette on 12 October 2001, 11 October 2002 and 26 September 2003.

Further amendments of the requirements and conditions have now been necessitated by the globalization of education, increased immigration to the Republic of South Africa and the need to address changes in other education systems, e.g. the recent changes in the Namibian school leaving examinations.

The publication of the amended requirements and conditions now proposed

The CUP met on 18 March 2008 and approved these amendments which are incorporated in the full set of requirements and conditions now to be submitted for approval by the Minister.

CUP deemed it desirable to publish a consolidated version of the requirements and conditions prescribed by the CUP and as approved by the Minister of Education in the Government Gazette.

The main reasons for this were:-

- To provide a user-friendly, easily accessible reference source for the general public.
- The fact that the last fully fledged full-time Senior Certificate examination took place in October-November 2007.

In general it must be noted that the latest amendments do not materially affect the principle of any previous requirement/condition – they are part of the maintenance process of the conditions and requirements.

The full set of the CUP's requirements and conditions, including the latest amendments yet to be approved by the Minister of Education, is hereby published for general information and comments.

Written comments are invited and must be submitted to the address below no later than 16 May 2008:
