7	Prostheses and Implantable Surgical Devices								
7.1	Prostheses (Surgically implanted)								
286	A skeletal prosthesis shall mean a fabricated or artificial substitute for a diseased or missing part of the body, surgically implanted, and shall be deemed to include all components such as pins, rods, screws, plates or similar items, forming an integral and necessary part of the device so implanted, and shall be charged as a single unit. Hospitals/unattached operating theatre units shall show the name and reference number of each item. The manufacturer's name, and suppliers invoices should be attached to the account and the components should be specified on the account. Net acquisition price on suppliers invoice, inclusive of VAT (unless the facility is not a registered VAT vendor), by prior arrangement with scheme.	09.01							
7.2	Medical artificial items (non-prostheses)								
287	According to agreement with schemes concerned. (Examples of items included hereunder shall be wheelchairs, crutches and excretion bags). Copies of invoices shall be supplied to schemes.	04.00							
7.3	Blood charges								
288	Emergency non-crossmatched blood ex hospital (i.e. on stand-by) - Number of units and nature of emergency to be specified and copy of invoice included. This item is only chargeable when a private hospital supplies O-negative whole blood to a patient in an emergency situation. A motivation stating the reason for administering the O-negative blood must accompany the account and no mark-up is permitted on this item.	04.00							
289	Routine blood charges, when incurred in respect of blood or related products procured from a recognised blood bank for transfusion purposes, may be charged at R 14.70 per collection, plus R 3.09 per kilometre travelled. This fee is applicable to all modes for collecting blood including hospital ambulances	05.03							
297	Emergency blood collection. Claims for this item code must be supported by documentary evidence of the patient's condition	06.00		19.388	586.70 (514.60)	19.388	586.70 (514.60)

		04.00					
	Note: The name, item number and cost must be shown.						04.00
7.5	Disposable Patient Controlled Analgesia Pump Not applicable in Specialised units, ICU and High Care units. 1 per patient for maximum of 48 hours in ward.						04.00
	Chargeable in the following instances: - Major joint replacement - Open, upper abdominal surgery - Severe burns - Paediatrics in special cases on motivation - Thoracotomies (motivation by practitioner) - Intractable pain associated with malignancy						
8.	Procedures : All New And Non Standard Technology						
121	Benefits to be pre-authorised with the scheme concerned	04.00					
9.	Non Standard Items/Services Such items are not covered by the National Reference Price List and schemes reserve the right to decide individually how these items/services will be dealt with						04.00
290	Items/services e.g. telephone call/hire, television hire, boarding, extra meals, dry cleaning of clothing, extra nursing in ward etc. The nature of each service shall be specified	04.00					
ANNEXURES	ENDOSCOPIC (laparoscopic & thoracoscopic) GENERIC LIST Notes: Refer to Appendix D for a list of chargeables and non recoverable items per procedure Refer to detailed Endoscopic Disposable Product list. Procedure to be applied per CPT code – list attached. Comments: 1. Optical, blunt, Hasson cannula, trocar – may substitute the primary port trocar and eliminate the use of verres needles. 2. Harmonic scalpel shears and blades – not to be charged together with disposable electro-surgical probes, argon beam coagulator, clip applicators, bipolar forceps and Tripolar forceps. 3. Harmonic scalpel shears and blades – not to be used for laparoscopic cholecystectomy and sterilisation 4. Tripolar forceps – not to be used together with electro-surgical probes, harmonic scalpel, clip applicators 5. Autosuture Endostitch – to be motivated and 1 suture assistant per procedure allowed. 6. Specimen retrieval bags – to motivate use (used when specimen needs to be captured and removed to avoid site contamination); procedure related – histology report required. 7. Anti fog glasses are non recoverable						09.01

ANNEXURE B

PRINCIPLES

The following principles are applicable:

1. At all times best clinical practice must be adhered to and applied in a cost effective manner
2. Items listed in the Recommended Guide to Reimbursement for Consumable and Disposable Items Charged by Private Hospitals and Same Day Surgery Facilities are described generically according to product classification and function. Trade names may be included, by means of example, for clarification purposes only. Photocopies of all documents pertaining to the patients account must be provided on request. Medical schemes shall have the right to inspect the original source documentation at the hospital/sameday surgical facilities concerned. The Recommended Guide to Reimbursement for Consumable and Disposable Items Charged by Sub-Acute Facilities, Private Hospitals and Sameday Surgery Facilities will be reviewed half-yearly.
3. The cost of consumable and disposable items used on a patient in a hospital must be recovered by means of a charge mechanism as follows:
 - ♀ Items included in the per minute theatre fee.

09.01

Code	Description	Ver		Private Hospitals ('A' - Status)		Private Hospitals ('B' - Status)		Approved U O T U / Day clinics	
		R	V	R	V	R	V	R	V
	<p>φ Items included in the per day ward or unit fee.</p> <p>φ Items are charged to the patient's account where reimbursement is not granted by a medical scheme.</p> <p>4. Any agreed difference on the basic interpretation of the Recommended Guide to Reimbursement for Consumable and Disposable Items Charged by Private Hospitals and Same Day Surgery Facilities list will be made in accordance with the approval of the duly appointed representatives of the individual contractor, medical aid, MCO and representatives of private hospitals. Such approval shall be ratified in writing and circulated to all parties concerned. Where the hospital uses an excessively priced product, a review process should be conducted, and appropriate price adjustment made.</p> <p>5. Disposable items are single use only and must never be reused.</p> <p>φ Single use items will be charged at 100%.</p> <p>φ Hospitals will sign an ethical undertaking that single use items will only be used once. If a hospital does not conform it may be reported to the group head office. If an acceptable explanation is not supplied within 14 days, payment on that account may be withheld.</p> <p>6. Limited life re-usable products are products intended for multiple use and endorsed as such by the manufacturers. Such products will be charged according to the "Fractional" charges as detailed and are under continual review. The item will be considered life re-usable (limited multiple use) if it can be re-used less than 100 times (endorsed as such by the manufacturer).</p> <p>7. Where a hospital uses an excessively priced product, a review process with the parties as listed under 3 above should be conducted, and appropriate price adjustment made.</p> <p>8. ITU's will be issued and charged according to the rules of the scheme.</p> <p>9. All prescribed items will be recoverable according to the rules of the scheme.</p> <p>Key Indicators The different key indicators in the Recommended Guide to Reimbursement for Consumable and Disposable Items charged by Private Hospitals and Same Day Surgery Facilities List are as follows: All prescribed items dispensed in wards or theatre are fully recoverable according to scheme's rules.</p> <p>Key Description THR Theatre consumable and disposable items WRD Ward consumable and disposable items NR Item is non-recoverable C Item is chargeable under certain circumstance R Item is recoverable P Item is recoverable from patient F Fractional (re-usable) and is charged out on a pro-rata basis (as per 6.5.1-6.5.4) N/A Not used/not applicable Disposable Means the manufacturer states one time use only. S/U(Single use) Item Payable 100%.</p> <p>Practice Code References to the NHRPL includes 57/58, 76 and 77</p>
