

NOTICE 239 OF 2011**DEPARTMENT OF PUBLIC WORKS****AGRÉMENT SOUTH AFRICA**

(Approval of innovative construction products and systems)

Notice is hereby given that Agrément South Africa has, with effect from 23 June 2010, issued an Agrément certificate, details of which appear in the schedule hereto.

SCHEDULE

Agrément Certificate 2010/375

Name of product: Enviro Prime

Certificate holder: Tarspray cc

Description: Enviro Prime is an emulsified cutback bitumen prime, developed as an alternative to tar-based primes which makes it safer to use by workers and to the environment. It is used as a prime coat in pavement (road) construction in all regions of South Africa. It is applied to a non-bituminous granular pavement layer as a preliminary treatment prior to the application of a bituminous base or surfacing in a similar manner to conventional MC 30 prime.

The Agrément certificate contains detailed information on the product and can be accessed at <http://www.agrement.co.za>
