
GENERAL NOTICE

NOTICE 485 OF 2011

DEPARTMENT OF DEFENCE

NATIONAL CONVENTIONAL ARMS CONTROL ACT, 2002

DRAFT NATIONAL CONVENTIONAL ARMS CONTROL REGULATIONS

The Minister of Defence has under section 27(1), read with sections 4(1)(f), 5(1)(4), 14(1), 14(5A) and 17(1)(f) of the National Conventional Arms Control Act, 2002 (Act No. 41 of 2002), and with the concurrence of the National Conventional Arms Control Committee, made the Regulations in the Schedule.

Interested persons are invited to submit written comments on these draft National Conventional Arms Regulations, 2011, to the Secretary for Defence, Department of Defence, within 30 days from the date of publication of this notice, to:

The Secretariat:

National Conventional Arms Control Committee

Private Bag X910

Pretoria 0001

SOUTH AFRICA; or

The Secretariat:

National Conventional Arms Control Committee

Armescor Building

Corner of Nossob and Delmas Roads

Erasmuskloof Extension 4

Pretoria

SOUTH AFRICA

SCHEDULE

1. In these Regulations any word or expression to which a meaning has been assigned in the Act shall have the meaning so defined and, unless the context otherwise indicates—

"apostille" means a certificate that authenticates the origin of a public document under The Hague Convention Abolishing the Requirement of Legalisation for Foreign Public Documents of 5 October 1961;

"certificate of authentication" means a certificate issued under Rule 63 of the Uniform Rules of Court or Government Notice No. R277 of 3 March 1967, as the case may be, that authenticates the origin of a public document;

"end-user" in respect of the export of controlled items means a person declared as the final end-user of a controlled item in terms of section 17(1)(a) of the Act;

"Notice" means the notice published by the Committee under section 27(3) of the Act;

"the Act" means the National Conventional Arms Control Act, 2002 (Act No. 41 of 2002);

Register of persons involved in controlled items

2. The register kept by the Committee in terms of section 4(1)(f) of the Act must, in respect of each person involved in controlled items, reflect—

- (a) the name, address, telephone number, e-mail address, telefax number or any other relevant identifying and contact details of the person;
- (b) the date on which he or she was registered or granted a permit;
- (c) the conditions applicable to the permit; and
- (d) the address where the controlled items can be found.

Application for registration

3. (1) An application in terms of section 13(1) of the Act for registration to trade in or possess controlled items must—

- (a) be in writing on the form prescribed in Annexure A;
- (b) contain all the information required by the secretariat;
- (c) be submitted—
 - (i) by sending it by registered post to:

The Secretariat:
National Conventional Arms Control Committee
Private Bag X910
Pretoria 0001
SOUTH AFRICA; or

- (ii) by delivering it to:

The Secretariat:
National Conventional Arms Control Committee
Armcor Building
Corner of Nossob and Delmas Roads
Erasmuskloof Extension 4
Pretoria
SOUTH AFRICA

(2) Upon the receipt of an application for registration to trade in or to possess controlled items, the secretariat must submit such an application to the Committees and if approved by the Committee the secretariat issue the applicant with a registration certificate.

Application for permit

4. (1) A person to whom a registration certificate has been issued in terms of regulation 3(2), may apply for—

- (a) a development and manufacturing permit;
- (b) a marketing permit;
- (c) a contracting permit;
- (d) an export permit;
- (e) an import permit;
- (f) a temporary two-way import/export permit without transfer of ownership of controlled items;
- (g) a conveyance permit;
- (h) a domestic transfer permit; or
- (i) a possession permit.

(2) An application to the Committee for a permit must be submitted to the secretariat at the addresses indicated in regulation 3(1)(c) and must be accompanied by—

- (a) a copy of the registration certificate issued by the secretariat in terms of regulation 3(2);
- (b) in the case of an application for a development and manufacturing permit, a tax clearance certificate from the South African Revenue Service certifying that the applicant's tax affairs are in order;

- (c) in the case of a conveyance permit, a diplomatic note, also referred to as a *note verbale* from the applicant's government; and
- (d) such other document as may be required by the Committee and communicated by the secretariat to the industry or any other interested person in a manner determined by the Committee.

Purposes for which permits may be issued

5. (1) The purposes for which the various permits contemplated in regulation 4(1) may be authorised and issued under the Act are as follows:

- (a) A development and manufacturing permit is required to—
 - (i) develop and manufacture controlled items; or
 - (ii) render brokering services or services related to controlled items as specified in the permit;
- (b) a marketing permit is required to—
 - (i) enable the permit holder to market or render services related to items controlled on the Munitions List in Schedule 1 of the Notice and specified in the permit; or
 - (ii) render brokering services or services related to controlled items as specified in the permit;
- (c) a contracting permit is required to enter into an agreement with a person resident in a foreign country—
 - (i) to trade in specified controlled items; or
 - (ii) to render brokering services or services relating to specified controlled items;

- (d) an export permit is required for—
 - (i) each consignment of controlled items for which a contracting permit was issued and which is exported from the Republic for the purpose of transferring ownership of the said controlled item; and
 - (ii) services which are exported relating to controlled items, and for which a contracting permit was issued;
- (e) an import permit is required for each consignment of controlled items in accordance with the control requirements indicated in Schedule 2 to the Notice and listed in the munitions list in Schedule 1 of the Notice and which is imported into the Republic for the purpose of transferring ownership of the said controlled items;
- (f) a temporary two-way import/export permit is required to enable the temporary import or export for the purpose of integration, repair, demonstration or evaluation, without transfer of ownership, whether the controlled item originates from or is destined for the Republic of South Africa or a foreign country, in respect of each consignment of controlled items listed in the munitions list to Schedule 1 of the Notice, in accordance with the control requirements indicated in Schedule 2 to the Notice;
- (g) a conveyance permit is required in respect of each consignment of controlled items to enable the conveyance of controlled items, owned by a person resident in a foreign country through or over the territory of the Republic, including its territorial waters, and such an application must include a diplomatic note (*note verbale*) from the government of the country who owns the

controlled items that are to be conveyed through the Republic requesting authorisation for such conveyance;

- (h) a domestic transfer permit is required to enable the transfer within the borders of the Republic controlled items on the munitions list of Schedule 1 to the Notice in accordance with the control requirements indicated in Schedule 2 to the Notice; and
- (i) a possession permit is required to enable a person to possess and use controlled items for lawful purposes without the intention to trade in such items and may be issued for possession of the controlled item specified therein for—
 - (i) private or business use as a tool;
 - (ii) private collection;
 - (iii) use as props in theatrical studios and film-production;
 - (iv) display at public museums;
 - (v) historic war and battlefield enactments; or
 - (vi) any other lawful purpose verified by the Inspector.

(2) Notwithstanding paragraphs (d),(e) and (f) of subregulation (1), a single import, export or temporary two-way import/export permit may be issued to cover more than one consignment.

Destruction of controlled items

6. (1) It is an explicit condition of every permit issued under the Act that no controlled item on the munitions list in Schedule 1 of the Notice and subject to the controls required in Schedule 2 to the Notice, which is in the

Republic of South Africa, may be destroyed without a written authorisation of the Committee and only in accordance with the instructions and conditions laid down by the Committee in respect of such destruction.

(2) Any controlled item that is destined for destruction in accordance with subregulation (1), including any sub-assembly or component thereof, must have its form, fit and function disrupted, deformed, dismantled or otherwise broken down to the extent the resultant item or items cannot be reconstituted or remanufactured into items controlled in Schedule 1 of the Notice.

(3) In instances where a component part, identified in Schedule 1, of the Notice that is to be recovered and recycled from a controlled item destined for destruction, a domestic transfer permit must be obtained for the controlled items so recovered by the owner.

(4) Further trade or possession in the controlled items so recovered by the owner will be subject to the appropriate permits or authorisations issued in terms of the Act.

(5) An export permit may not be issued for any firearm of a calibre of 12. 7mm (.50 inch) or smaller, including the ammunition for such a firearm, that is surplus to State or parastatal stock.

Conditions under which permits may be issued

7. (1) Without derogating from the powers of the Committee to prescribe specific conditions in respect of the issuing of a particular permit, the following general conditions apply to every type of permit contemplated in regulation 4(1):

- (a) A permit is only valid in its original form and may only be used for the intended purpose as specified in the permit and during the period of validity thereof as specified on the permit;

-
- (b) information contained in a permit is confidential and may not be disclosed for purposes other than activities related to the transfer, or otherwise required by law;
 - (c) the permit holder remains responsible and accountable for all actions authorised by such a permit, regardless of the involvement of transporters, freight forwarders or any other party;
 - (d) if a permit's validity period expire prior to the transfer of controlled items, the permit holder must return the permit to the secretariat with a letter requesting the cancellation of the permit and stating the reasons for non-use of the permit;
 - (e) if a permit is cancelled in terms of section 14(3) of the Act, the permit must be returned to the secretariat; and
- (2) A possession permit is issued subject to the following conditions:
- (a) the lending, selling, donation or any other disposal of the controlled item by the holder of a possession permit, is subject to the approval of the Committee and the possession of the controlled item may be transferred after a possession permit has been granted by the Committee to the person to whom it was sold, donated or handed over for disposal, unless it is transferred to a person who may lawfully be in possession of such controlled item; and
 - (b) the permit must be returned to the secretariat to be cancelled within 30 days from the date of transfer of the controlled item whereupon the holder of the possession permit must inform the secretariat of such transfer.

(3) Any condition, including a condition which the Committee may wish to impose in respect of a particular permit must be printed on the back of the permit or attached to the permit.

Amendments to permits

8. (1) Any changes by way of alterations or additions to any of the particulars contained in any application for a permit under this Act, whether intentional or unintentional, invalidate the basis on which the permit was issued.

(2) The permit holder must inform the Secretariat in writing of any changes to the information provided in the application for a permit.

(3) A request for amendments to a permit issued under this Act, may be—

- (a) refused, among other grounds, if conditions imposed on the original permit have not yet been complied with; or
- (b) authorized at the discretion of the Committee, subject thereto that—
 - (i) a permit amendment request cannot be used to change information about the applicant or exporter;
 - (ii) any existing export permits that need to be updated must be clearly identified so that new export permits may be issued with the new corporate details;
 - (iii) export permits are only valid for use by the exporter named therein;
 - (iv) exporters must ensure they are in possession of a legally amended export permit before any export takes place;

- (v) the secretariat must be informed of the date when the export is expected to leave the Republic of South Africa, if known, or of the desired duration of the permit for multiple shipments;
- (vi) any request for the extension of the time of temporary export must be lodged at least 60 days prior to the date specified in the permit;
- (vii) extensions of time are not automatically granted, but are considered on a case-by-case basis;
- (viii) exporters who wish to amend export permits to add new goods or technology must submit a new export permit application and may not use an application to amend the export permit to add new goods or technology; and
- (ix) export permit amendments may not be granted for export permits that have expired.

End-user certificates

9. (1) An end-user certificate in respect of the export of controlled items from the Republic of South Africa to another country must be issued by the person authorised by the government of the country to which the controlled items are exported on the form prescribed in Annexure B.

(2) An end-user certificate pertaining to the export of controlled items from the Republic is subject to authentication by either a Certificate of Authentication or an Apostille.

Terms and conditions: Exemptions under section 17(3)

10. (1) An exporter may be exempted from compliance with section 17(1) of the Act if—

- (a) the exporter applies for such exemption in writing to the secretariat motivating for such exemptions.
- (b) every application for an exemption is considered on a case-by-case basis; or
- (c) the export is limited to partners in a South African Government approved programme or venture involving the export of controlled items for a South African government weapons system acquisition programme for the purpose of main system transfer, systems integration, systems testing and evaluation and system operational life-cycle support, including repair and maintenance.

(2) An exemption granted subsequent to an application referred to in subregulation (1) is subject to the following conditions:

- (a) The export of any controlled item within the terms of the exemption must be reported to the secretariat prior to export thereof; and
- (b) upon approval of such exemption, the applicant must provide the following to the secretariat on a six monthly basis:
 - (i) A status report on all transfers of equipment being imports and export;
 - (ii) details of the equipment imported or exported;
 - (iii) serial numbers of all equipment exported;

- (iv) reconciliation of exports in relation to information on the basis on which exemption was granted;
- (v) all shipping and customs documentation relating to the export of the controlled item;
- (vi) a six monthly plan of expected, planned exports; and
- (vii) confirmation of exports and a comprehensive reconciliation at the finalisation stage of the programme subjected to the exemption.

Keeping of records

11. (1) Any person who is a holder of a permit in terms of this Act must keep one or more registers including, but not limited to the following:

- (a) Details of each transaction that requires a permit in terms of the Act, reflecting—
 - (i) the type of transaction;
 - (ii) the date of application for the permit;
 - (iii) detail and description of controlled goods involved, including, but not limited to, the record of equipment identification numbers per contracting permit, export permit and domestic transfers, such as vehicle chassis numbers, weapon serial numbers and barrel serial numbers;
 - (iv) the type and value of the transaction; and

- (v) the responsible person, the countries involved, the transaction amount, dates and reference numbers of permits received, the date of execution of transactions, cancelled transactions and the disposal of permits; and
- (b) all supporting documents for the transactions referred to above, must be kept available for inspection at all times, including, but not limited to—
 - (i) approved permits;
 - (ii) clearing or shipping instruction issued in writing by exporter or importer to freight forwarder;
 - (iii) South African Revenue Service documentation relevant to imports or exports, including , but not limited to air waybill or bill of lading, customs declaration form, registration of goods for re-importation, customs release note, supplier invoice, packing list, admission temporaire/temporary admission (ATA) carnet forms and bank forms.
- (2) The register must ensure the timeous detection of the expiry dates of permits in order to ensure that renewal applications can be made in time.
- (3) The permit holder must keep the records, minutes, registers and financial statements contemplated in section 27(1)(d) of the Act up to date as determined by the Committee.

Applications for export of firearms and ammunition

12. The National Commissioner of the South African Police Service must submit for approval to the Committee any application for the export of firearms

and ammunition controlled in terms of the Firearms Control Act, 2000 (Act No. 60 of 2000), where the quantity of the firearms exceeds 10 firearms per type, and the quantity of ammunition exceeds 20 000 per calibre.

Reports

13. (1) The format for reports to be furnished by the Committee to Parliament as contemplated in section 27(1)(e) of the Act must, in respect of the type and description of controlled items, be as follows:

- (a) Main battle tanks;
 - (b) armoured combat vehicles;
 - (c) large calibre artillery;
 - (d) combat aircraft;
 - (e) attack helicopters;
 - (f) warships;
 - (g) missiles and missile launchers;
 - (h) other munitions listed in Schedule 2 of the Notice; and
 - (i) dual-use goods and technologies listed in Schedule 2 of the Notice.
- (2) The following must also be indicated—
- (a) the final importer state;
 - (b) number of items;
 - (c) State of origin (if not the exporter);
 - (d) intermediate location (if any);
 - (e) remarks (including description of item and comments on transfer).

Request for reasons

14. (1) Any person who has an interest in a decision taken by a competent authority may in writing, within 90 days from the date that the decision was taken, request the authority for its reasons for the decision.

(2) A competent authority must, within 90 days after receipt of a request contemplated in subregulation (1) respond in writing to the person concerned.

Grading system

15. The grading system contemplated in section 25B(3) of the Act is as follows:

- (a) Grade A: Full compliance over a period of five years with the Industrial Compliance Programme;
- (b) Grade B: Compliance in general over a period of five years with the Industrial Compliance Programme, but minor inadvertent failures to comply with the Industrial Compliance Programme, have voluntarily been reported, full cooperation was provided in rectifying shortcomings and no criminal prosecutions were instituted and no administrative fines were imposed during the said period;
- (c) Grade C: Compliance in general over a period of five years with the Industrial Compliance Programme, but failures to comply with the Industrial Compliance Programme, have not in all instances been reported and administrative fines have been imposed;
- (d) Grade D: Compliance in general with the Industrial Compliance Programme, and there is still cooperation to rectify shortcomings and proof that causes have been adequately addressed, but within a five year period administrative fines as well as criminal prosecution and conviction followed non-compliance with the Industrial Compliance Programme; and
- (e) Grade E: Repeated non-compliance within a period of five years with the Industrial Compliance Programme, administrative fines were imposed, criminal prosecution and conviction followed, cancellation of permits took place and there is a lack of cooperation to rectify shortcomings.

Repeal of laws and transitional arrangements

15. (1) The regulations promulgated by Government Notice No. R. 634 of 28 May 2004 are hereby repealed.

(2) Any person who is—

(a) not in possession of a development and manufacturing permit issued in terms of the Act; and

(b) in possession of controlled items on the munitions list in Schedule 2 of the Notice, other than in the circumstances referred to in section 13(2),

must within one year after the commencement of these Regulations apply to the secretariat for a possession permit contemplated in regulation 5(i), and may lawfully remain in possession of such controlled item until such application has been decided.

(3) If an application contemplated in subregulation (3) is denied, or if no application has been made for a possession permit within the period stipulated in subregulation (3), the controlled item in question must be surrendered forthwith to the Inspectorate to dispose of in cooperation with the South African Police Service.

(4) All persons who have been registered with the secretariat in terms of section 13(1) of the Act before the commencement of the National Conventional Arms Control Amendment Act, 2008 (Act No. 73 of 2008), must be issued, upon request, with a registration certificate contemplated in regulation 3(3).

Short title and commencement

16. These Regulations are called the National Conventional Arms Control Regulations, 2011, and come into operation on the date on which the National Conventional Arms Control Amendment Act, 2008 (Act No. 73 of 2008), takes effect.

NOTES

Paragraph 1: Parties

- a) The exporter should be the person who makes the licence application.
- b) The exporter's reference can be completed by the exporter.
- c) d) The consignee is the person or body to whom the goods are to be sent. If the consignee is the same as the end-user, (d) can be left blank
- e)-h) The end-user details should be those of the person or body to whom the controlled items are exported.

Paragraph 2: Goods

We need to understand what the controlled items are and to be able to compare them with the controlled items described in the licence application. We need a detailed description of the main item or items. If, for example, the main item or items are accompanied by a long list of spares or accessories, you should indicate this, but it may not need to spell out all the items individually. If the goods are spares, components or accessories, you should indicate what they are to be used for, and describe clearly the item in or with which they will be used (e.g. turbine blades for XX engine for YY aircraft).

Paragraph 3: Purpose of the goods

If the controlled items are to be incorporated into another product, then *that* product – and its use – should also be described.

Paragraph 4: End-user undertaking

To be completed by the body or person, in the country of ultimate destination, to whom the controlled items are exported will make final use of the controlled item(s).

Paragraph 5: Consignee undertaking

If paragraph 4 cannot be completed, this must be completed by the person or body to whom the controlled are to be sent, by the importer if the importer is not the final user.

GOVERNMENT NOTICE

DEPARTMENT OF DEFENCE

NATIONAL CONVENTIONAL ARMS CONTROL COMMITTEE

No.2011

NOTICE UNDER SECTION 27(3) OF NATIONAL CONVENTIONAL ARMS CONTROL ACT, 2002

LIST OF ITEMS TO WHICH THE ACT IS APPLICABLE

The National Conventional Arms Control Committee, established by section 2 of the National Conventional Arms Control Act, 2002 (Act No. 41 of 2002), hereby, under section 27(3) of the said Act, publishes the list of controlled items to which the said Act is applicable, as Schedule 1 hereto, as well as an exposition of the manner in which it is applicable, thereto and which types of permits are required in terms of the Act, as Schedule 2 hereto.

Schedule 1: Wassenaar List

The Wassenaar List Schedule 2 to Government Notice in terms of section 27(3) is, which is attached to Government Notice R634 in Government Gazette No. 26372, dated 28 May 2004.

The Wassenaar List can be sourced electronically from:

<http://www.wassenaar.org/controllists/2010/WA-LIST%20%2810%29%201%20Corr/WA-LIST%20%2810%29%201%20Corr.pdf>

Schedule 2: The applicability of the List

An exposition of the manner in which the list is applicable.

SCHEDULE 2**SCHEDULE OF SOUTH AFRICAN CONTROLS RELATED TO ITEMS LISTED
IN SCHEDULE 1****KEY TO ABBREVIATIONS CONTAINED IN SCHEDULE 1**

Development and Manufacturing Permit: DMP
Marketing Permit: MKP
Import-related Permits: IMP
Export-related Permits: EXP
Contracting Permit: CP
Transit Permit: TP
Possession Permit: PP
End User Certificate: EUC
Delivery Verification Requirement (for Exports): DVR
Domestic Transfer Permit: DTP
Destruction Permit: DP
Refer remarks column alongside: R (Where followed by a number, this number refers to the applicable note number contained in that set of remarks)
No, not controlled: N
Yes, controlled: Y

GENERAL NOTICE

Note 1: For control in terms of the provisions of the Act and the Regulations, Schedule 2 makes reference to the control status of items listed in Schedule 1; and, decontrolling notes listed in Schedule 1 remain applicable.

Note 2: The requirement for import and export licensing in terms of the Act is not required for "insignificant items" as follows:

- a. "Insignificant items" means everyday items including commercially available equipment, spares, parts, components and accessories not identified on the Dual Use Goods and Technologies List nor identified on the Munitions List and as such are deemed exempt from control in terms of the Regulations of the National Conventional Arms Control Act.
- b. In instances where it is unclear whether an item of equipment, spare part, component or accessory is controlled under the Dual Use Goods and Technologies List or the Munitions List, the item will, unless otherwise determined by other legislation, be deemed controlled in instances where the item is specially designed for the parent item that is described as a controlled item on the Dual Use Goods and Technologies List or the Munitions List of which the item in question forms a part.

Note 3: The onus rests with the person wishing to develop and manufacture, import, export, broker in, use, possess, service, dispose of or otherwise trade in items controlled in Schedules 1 and 2 to verify the control status of such items, and, where necessary, apply for registration and the appropriate permits from the relevant authorities.

CONTROLS

2. The following controls apply to goods, services and technologies identified in Schedule 1:

List Index (See list in Schedule 1 for details)	Control Mechanisms											Remarks

MUNITIONS LIST								

List Index (See list in Schedule 1 for details)	Control Mechanisms											Remarks
	DMP	MKP	IMP	EXP	CP	TP	PP	EUC	DVR	DTP	DP	
ML1. (Light Weapons)	Y	Y	Y	Y R	Y	Y	R	Y	Y	Y R 5	Y	<p>1. Possession of a "firearm" as defined in the Firearms Control Act, 2000, is controlled in terms of the Firearms Control Act, 2000 (Act No. 60 of 2000).</p> <p>2. The trade in items listed under ML1 for purposes of dealing in firearms for private possession, private and public collection, private use, use for private security, use for business purposes, use for sports shooting and hunting, and use for law enforcement purposes, is regulated in terms of the Firearms Control Act, 2000, subject to section 4(3) of the National Conventional Arms Control Act, 2002 and Regulation 12 of the National Conventional Arms Control Regulations, 2011.</p> <p>3. Regulation under both the Firearms Control Act, 2000, and the National Conventional Arms Control Act, 2002, is applicable to the trade in items listed under ML1, intended for military uses.</p> <p>4. Under section 4(3), of the National Conventional Arms Control Act, 2002, read with Regulation 12. of the National Conventional Arms Control Regulations, 2011, the National Commissioner of the South African Police Service must submit to the National Conventional Arms Control Committee any application for the export of firearms which exceeds 10 per type.</p> <p>5. In terms of Regulation 6(4), an export permit, may not be issued for any conventional arms of a calibre of 12.7mm (0.5 inch) or smaller, including the ammunition for such arms, that is surplus to State or parastatal stock. Domestic transfers of such arms and ammunition for the purpose of destruction by contractors shall be authorised by the Committee by means of a destruction permit and a domestic transfer permit.</p>
ML2. (Heavy Weapons)	Y	Y	Y	Y	Y	Y	R	Y	Y	N	N	<p>1. The licensing and possession of items listed for control under ML2 which fall within the definition of "prohibited firearms" as referred to in section 4 of the Firearms Control Act, 2000, shall be regulated in terms of that Act, for purposes of private or public collection.</p> <p>2. The possession of and trade in such prohibited firearms for any other purpose as well as the possession of and trade in of all other items listed in ML2 are regulated in terms of the Conventional Arms Control Act, 2002.</p>

List Index (See list in Schedule 1 for details)	Control Mechanisms											Remarks
	DMP	MKP	IMP	EXP	CP	TP	PP	EUC	DVR	DTP	DP	
ML3 (Ammunition and related items)	Y	Y	Y R	Y R	Y	Y	N R	Y	Y	Y R 6	Y	<p>1. Possession of "ammunition" as defined in the Firearms Control Act, 2000, is controlled in terms of the Firearms Control Act, 2000, (Act No. 60 of 2000).</p> <p>2. The possession of ammunition which fall within the definition of "prohibited firearms" as referred to in section 4 of the Firearms Control Act, 2000, shall be regulated in terms of that Act for purposes of private or public collection. Possession of such item for any other purpose shall be regulated in terms of the National Conventional Arms Control Act, 2002.</p> <p>3. The trade in items listed under ML3 for purposes of dealing in ammunition for private possession, private and public collection, private use, use for private security, use for business purposes, use for sports shooting and hunting, and use for law enforcement purposes, is regulated in terms of the Firearms Control Act, 2000, subject to section 4(3) of the National Conventional Arms Control Act, 2002 and Regulation 12 of the National Conventional Arms Control Regulations, 2011.</p> <p>4. Regulation under both the Firearms Control Act, 2000, and the National Conventional Arms Control Act, 2002, is applicable to the trade in ammunition listed under ML3, intended for military use.</p> <p>5. Under section 4(3) of the National Conventional Arms Control Act, 2002, read with Regulation 12 of the National Conventional Arms Control Regulations, 2011, the National Commissioner of the South African Police Service must submit to the National Conventional Arms Control Committee any application for the export of ammunition which exceeds 20,000 per calibre.</p> <p>6. In terms of Regulation 6(4), an export permit, may not be issued for any conventional arms of a calibre of 12.7mm (0.5 inch) or smaller, including the ammunition for such arms, that is surplus to State or parastatal stock. Domestic transfers of such arms and ammunition for the purpose of destruction by contractors shall be authorised by the Committee by means of a destruction permit and a domestic transfer permit.</p> <p>7. Subject to the provisions of the Firearms Control Act, 2000, a person in private possession of ammunition components that are free of explosive content does not require a possession permit in cases where the person can show that such possession is not related to trading in arms and ammunition and arises from incidental acquisition of components for private use, (such as cartridge cases for reloading), keeping souvenirs or processing scrap metal.</p>

List Index (See list in Schedule 1 for details)	Control Mechanisms											Remarks
