THE SOUTH AFRICAN COUNCIL FOR THE QUANTITY SURVEYING PROFESSION

QUANTITY SURVEYING PROFESSION ACT 2000 (ACT NO 49 OF 2000)

CALL FOR NOMINATIONS OF PERSONS TO BE APPOINTED BY THE MINISTER OF PUBLIC WORKS TO SERVE ON THE COUNCIL FOR THE PERIOD 1 OCTOBER 2013 - 30 SEPTEMBER 2017

Section 3.(1) (a), (b) (c) and (d), and Section 4.(1):

Through an open process of public participation: The Council invites registered persons, members of the Association of S A Quantity Surveyors, educational institutions, the State and the public respectively, to nominate within a period of 60 days from the date of this invitation, persons who qualify for nomination in terms of Section 3.(1) (a), (b), (c) and (d) as indicated on the accompanying nomination forms

Section 4.(2):

When any nomination becomes necessary, the Council must invite the public via notice in the Government Gazette and any newspaper the Council considers necessary, but at least in a leading newspaper in each province, to nominate persons, in the prescribed manner, within a period of at least 60 days from the date of the notice

Sections 4.(3) and 4.(4):

On receipt of any nomination, the Council must, within 30 days from the expiry date specified in the invitation or the notice, make and submit its recommendations to the Minister

The following should be noted:

- Nominations are to be submitted on the nomination forms that can be downloaded from the Council's website – www.sacqsp.org.za, together with completed acceptance forms.
- Nomination and acceptance forms are to be submitted to the Registrar electronically.
- Successful Nominees will be appointed in their own right and not as representatives of any particular organisation/s.
- All Nominees must be South African citizens and ordinarily resident in the Republic.
- Nominations and acceptances must be submitted to the Registrar of the Council within 60 days of the date of this Notice
- Late nominations will not be considered.

1. Introduction

Section 22 of the Quantity Surveying Professional Act 2000 (Act 49 of 2000) (hereinafter referred to as “the Act”) imposes a duty on a registered person to apply for the renewal of his/her registration. Subsection (2) of this section confers the power on the Council to determine conditions for renewal of registration. Section 13(k) of the Act empowers Council to determine conditions relating to continuing education and training. The use of Continuing Professional Development (CPD) gives Council the opportunity to comply with both the renewal of registration and educational requirements.

Although the South African Council for the Quantity surveying Profession (SACQSP) has introduced a system of CPD under the previous Act (Act 36 of 1970) which was effective from 1 January 1999, Council has decided that, starting in 2007, CPD will be linked to the annual renewal of registration for all registered quantity surveyors according to the policy set out in this document.

2. Objective

The primary objectives of the CPD system are to:

- enhance professional skills while supporting development in the quantity surveying profession
- meet the requirements of the Act
- serve as one of the means for renewal of registration
- develop the quantity surveying profession as a learned society of skilled professionals

3. Administration

The CPD system is administered by the SACQSP in terms of its obligations under the Act. Registered Quantity Surveyors are to submit annual CPD records electronically on the SACQSP website, together with copies of evidence of the hours accumulated.

4. Annual submissions in respect of a 12-month period commencing on 1 January and ending on 31 December of any year

Registered professional quantity surveyors will be required to record their CPD activities annually electronically on the SACQSP website, and submit their returns to the Council not later than 30 (thirty) days after completion of an annual cycle.

The number of hours accumulated in respect of each category of CPD activity during a specific annual cycle will be electronically recorded and statements to advise registered quantity surveyors of the total number of hours accruing to their credit and of their general CPD status will be available on-line and issued by SACQSP on demand.

5. Renewal of registration

The annual renewal of registration will be an administrative process for those who meet the CPD requirements in terms of clause 7 in conjunction with the payment of annual registration fees. Certificates of Good Standing will only be issued when dual compliance is in place

6. CPD requirements

CPD will run in 5-year cycles. A quantity surveyor whose name appeared on Council's register effective from 1 January 2008 will be required to accumulate 125 CPD hours over a 5-year cycle.

- From implementation of this revised policy, registered professional quantity surveyors will be required to accumulate a minimum of 25 hours of CPD activities per annum. Excess hours obtained will be accumulated within the 5-year cycle
- Quantity surveyors who have voluntarily resigned and, in due course, apply for re-instatement, will be required to submit 25 hours of SACQSP-approved CPD activity in terms of clause 7 prior to finalisation of their re-instatement processes.
- Quantity Surveyors who have been "struck" / deregistered by the SACQSP due to non-payments of fees and/or failure to adhere to the CPD policy and, in due course, apply for re-registration, will be required to submit 50 hours of SACQSP-approved CPD activities in terms of clause 7
- Registered candidates are not required to comply with the CPD requirements for purposes of renewal of registration. Once candidates have successfully complied with all requirements of the Assessment of Professional Competence of the SACQSP leading to registration as quantity surveyors, they will be required to start with their initial 5-year CPD cycle on 1 January of the year following their first year of registration.

7. Categories of activities / allocation of CPD hours

CPD hours must be obtained in the categories listed below. The minimum/maximum hours which may be accumulated annually are:

Category 1: 10 hours minimum per annum

Category 2: 15 hours maximum per annum

Any relevant educational or developmental activity that does not fall directly within the activities listed in the following categories may be submitted to Council for approval and, if this is granted, the activity will be accredited.

Category 1: Appropriate activities that contribute to personal professional development which include, but are not restricted to attendance of formal learning opportunities:

- Conferences
- Congresses
- Workshops
- Lectures
- Seminars
- Distance-learning seminars
- Individual learning, e g skills training, short-term study at a tertiary education institution
- *GoLearning* , *Acta Structilia* and *CCN* (or other approved web-based learning)
- Formal tertiary studies (CPD records must be accompanied by a declaration from the study leader) and proof of registration is required (25 hours maximum per annum and maximum 75 hours per qualification)
- Publication in peer-reviewed journals (20 hours maximum per annum)
- Papers presented at accredited conferences or congresses / poster presentations (10 hours maximum per annum)

Category 2: Profession Interaction:

- In-house skills training sessions organised by individual practices
- Organised, formal small-group discussions
- Professional administration (committees, boards, annual general meetings where professional built-environment related presentations are included on the agenda, e g ASAQs chapter committees)
- Self-study which includes, but is not restricted to studying of journals or electronic or computerised material

- Under-graduate / post-graduate teaching
- Supervision of post-graduate research studies (treatises, dissertations, theses)
- Examinations, evaluations and assessments undertaken on behalf of an accredited provider e.g. setting and evaluation of Parts I and II of the Council Examination, monitoring of education standards at tertiary institutions, assessment of professional competence (diaries, logbooks, reports, interviews), evaluation of MSc dissertations and PhD theses (external examination)
- Mentoring of registered candidates (5 hours maximum per annum per candidate)

8. Exemptions or deferment of CPD activities

Individual applications by registered persons will be considered by the SACQSP, on their merits. Following a period of exemption or deferment, any registered quantity surveyors who wish to resume their professional activities, shall apply for re-instatement and a new 5-year cycle will commence on 1 January of the year following re-entry into practice.

Acceptable reasons for exemption / deferment may include:

- Temporary withdrawal from active practice
- Physical disability or illness
- Other extenuating circumstances as reviewed and approved by the SACQSP CPD sub-committee

Registered persons who are practising abroad should meet the same requirements as those in South Africa and will not be granted deferment. Documentary proof of compliance with CPD requirements in any particular country will be accepted for CPD accreditation purposes in South Africa.

9. Providers of CPD activities

Recognised voluntary associations such as the ASAQs will be responsible for the validation and monitoring of courses, seminars, lectures and conferences offered for CPD hours.

Any of the following institutions or organisations may market their programmes and hours:

- Tertiary institutional faculties or departments
- Professional councils, societies or associations

- Bodies or groups offering education and development programmes or courses
- Manufacturing organisations

Applications by external bodies unrelated to the quantity surveying profession as service providers, should be submitted to the CPD committee for a decision on the suitability of the skills enhancement material and number of hours to be allocated.

10. Auditing of recorded CPD activities

To assist Council in administering the CPD process, the following procedure will apply to re-registration:

- Registered persons must submit proof of their 125 hours of CPD activities electronically on the SACQSP website when applying for re-registration
- Every registered person must retain their original detailed documentary evidence of all CPD activities during each 5-year cycle
- Council will conduct audits as it deems necessary and practicable, of the CPD records of any registered person who is required to undertake CPD in terms of the prescribed conditions
- In the event that a registered person's CPD records are selected for audit, such person must, within four (4) weeks of receiving notification to this effect, submit documentary evidence of their CPD activities, which may be in the form of certificates, records of attendance, receipts of course payments, etc.

11. Non-compliance

The SACQSP may take the following steps in cases of non-compliance:

- If, after consideration of a registered person's CPD submission (or non-response), the Registrar is of the opinion that the applicant has failed to comply with the requirements, the Registrar must inform the non-compliant person of this fact and afford them an opportunity to submit a written explanation of why the requirements have not been met and to indicate how the deficiency is to be rectified
- If, after consideration of the response, the Registrar accepts the explanation and remedial measures proposed, the Registrar may grant an extension of time to enable compliance with the requirements

- If the Registrar does not accept the explanation or the remedial measures proposed, the Registrar will refer the matter to the CPD Committee to determine which other remedial measures must be taken in order to demonstrate compliance with the requirements and also determine the period of further extension to be granted for this purpose. Before the end of the period determined by the CPD Committee, documentary evidence of compliance must be submitted
- If the CPD Committee is of the opinion that compliance with the requirements has still not been demonstrated, the CPD Committee must refer the matter to the Executive Committee of the Council to consider whether or not the person's registration should be cancelled. If the Executive Committee is of the opinion that the registered person's registration should be cancelled, the Registration Committee must be informed. The Registration Committee through the Registrar will inform the registered person within 30 days from the date of such a decision and instruct the registered person to return their original certificate of registration to the Council within 30 days from the date of such instruction

12. Enquiries

All correspondence and enquiries related to the CPD system should be addressed to:
