

NOTICE 327 OF 2013**DEPARTMENT OF PUBLIC WORKS****AGRÉMENT SOUTH AFRICA**

(Approval of innovative construction products and systems)

Notice is hereby given that Agrément South Africa has, with effect from 21 November 2012, issued an Agrément certificate, details of which appear in the schedule hereto.

SCHEDULE**Interim Agrément Certificate 2012/**

Name of product: Khaya Readykit Building System

Certificate holder: Khaya Readykit (Pty) Ltd

Description: Khaya Readykit Buildings are designed and erected on site under the control of a professional engineer or approved competent person who:

- ensures the structural integrity of the entire building
- adhere to the requirements of this certificate

The Khaya Readykit Building System consists of:

- 450 mm x 200 mm concrete strip foundations with conventional foundation walls constructed of 190 mm wide hollow concrete masonry and conventional surface beds or conventional surface beds with thickened edge beams
- factory produced timber wall panels which incorporate window and door frames. Panels are transported to and erected on site and finished in 25 mm thick plaster applied to a fibreglass mesh and underlay stapled onto each face of the frames
- conventional timber roof supporting either light- or heavy-weight roofing coverings
- conventional services

Ceilings are always installed in the southern coastal condensation problem (SCCP) area. Ceilings may be insulated.

The Agrément certificate contains detailed information on the product and can be accessed at <http://www.agrement.co.za>
