

NOTICE 329 OF 2013**DEPARTMENT OF PUBLIC WORKS****AGRÉMENT SOUTH AFRICA**

(Approval of innovative construction products and systems)

Notice is hereby given that Agrément South Africa has, with effect from 25 July 2012, issued an Agrément certificate, details of which appear in the schedule hereto.

SCHEDULE**Agrément Certificate 2012/414**

- Name of product:** Oceansafe Building System
- Certificate holder:** Exelis Development (Pty) Ltd
- Description:** The Oceansafe Building System is a combination of innovative and conventional construction method. It is a single storey structure that utilises factory produced wall and roof panels. Walls are 2400 mm x 1200 mm x 150 mm thick lightweight sandwich panels comprising a polyurethane (PU) core encapsulated in two layers of 15 mm thick Magnesium Oxide (MgO) board.
- Foundations are cast in-situ concrete surface bed with thickened edge beams. They are in all cases designed by a professional engineer or a competent person.
- The roof panels are the same material as the wall panels and are clad externally with light or heavyweight cladding.
- Alternatively insulated roofs are conventional.
- Windows are "clisco" type frames and door frames are made of galvanised pressed steel.
- Services are conventional.

The Agrément certificate contains detailed information on the product and can be accessed at <http://www.agrement.co.za>
