2. ASSESSMENT PROCESS AND PROCEDURES FOR NATIONAL QUALIFICATIONS FRAMEWORK (NQF) LEVEL 1

2.1 APPLICABLE LEGISLATION AND POLICY

- (1) The Assessment Policy in the General Education and Training Band, Grade R-9 and Adult Basic Education and Training (ABET), published in *Government Gazette No. 19640 of December 1998* was revoked in its entirety by the National Policy on Assessment and Qualifications for Schools in the General Education and Training Band, *Notice No. 124, Government Gazette No. 29626 of 12 February 2007*. The revoked Assessment Policy provided for policy and procedures in Adult Education and Training (AET) levels 1-4.
- (2) The National Policy on the Conduct of Adult Basic Education and Training (ABET) Level 4 Examinations, published in *Government Gazette No. 23590, of 05 July 2002* provides only for conduct of examinations at AET level 4.
- (3) The Minister of Higher Education and Training must in terms of section 25B (1) of the AET Act, determine national education policy for adult education and training at centres.
- (4) The Minister of Higher Education and Training must determine a national process and procedures for the assessment of learner achievement in accordance with section 18A of the AET Act.
- (5) The regulations set out in this determination must be given effect by public and registered private centres offering assessment at AET levels 1-4, including the General Education and Training Certificate (GETC)- Adult Basic Education and Training (ABET): *A qualification at Level 1 on the National Qualifications Framework (NQF)*.
- (6) These regulations must be read in conjunction with the following:

- (8) The NQF Act provides for centres to offer qualifications and part qualifications (if Minister approves) registered on the sub-framework of the Quality Council for Trade and Occupations (QCTO).

2.2 PURPOSE

The purpose of these Regulations is to regulate the GETC:ABET (a qualification at NQF level 1) assessment process by the Department of Higher Education and Training (DHET) and Provincial Education and Departments (PEDs) on qualifications and part qualifications for which the department is assigned by the Act to be the assessment body and accredited assessment bodies in terms of the GENFETQA Act.

2.3 GENERAL REQUIREMENTS

- (2) Learners without proof of previous academic achievement should undergo placement assessment.
- (3) These Regulations are applicable to learners who are registered for:
 - a) AET programmes offered by public centres; or
 - b) AET programmes offered by private centres registered with the provincial education departments as stipulated in section 27 of the AET Act.

2.4 MINIMUM OUTCOMES OR STANDARDS

- (1) The NQF level 1 (AET level 4) minimum standards and outcomes are as determined by the South African Qualifications Authority, and herein contained in Annexure A.

CHAPTER 3

3. ASSESSMENT

3.1 Assessment process

- (1) Assessment is a continuous planned process of identifying, gathering and interpreting information about performance of learners. It involves generating and collecting evidence of achievement, evaluating this evidence against the outcomes, recording the findings of this evaluation, and using this information to understand and thereby assist a learner's development and improve the process of learning and teaching.
- (2) Assessment must:
 - a) be authentic, continuous, multidimensional, varied and balanced;
 - b) take into consideration the diverse needs of learners and the context. Various assessment strategies should be used;
 - c) be used as an on-going integral part of the learning and teaching process, as a means to inform and evaluate teaching and learning;
 - d) be accurate, objective, valid, fair, manageable and time efficient;
 - e) take many forms, gather information from several contexts, and include a range of competencies and uses;
 - f) be free from bias and sensitive to gender, race, cultural background and abilities; and
 - g) be transparent so that learners and teachers have a clear understanding of what the expectations are for any assessment task and what knowledge, skills, values and attitudes are being assessed.
- (3) Assessment process must be both formal and informal.
- (4) Formal assessment provides educators with a systematic way of evaluating how well learners are progressing in a level and in a particular learning area. Formal assessment should be recorded. These formal assessment tasks may focus on integration of learning outcomes and assessment standards, but could, for enrichment or re-enforcement purposes, be focused on a particular learning outcome and its assessment standards.
- (5) Informal assessment is the on-going informal monitoring of learners' progress. This is done through observations, discussions, and informal classroom interactions. Informal assessment is used to provide feedback to learners and to improve teaching.
- (6) Assessment of learning in NQF level 1 consists of two components of assessment, namely internal and external assessment.

3.2 Internal Assessment

- (1) Subject to directives given by Umalusi in terms of the General and Further Education and Training Quality Assurance (GENFETQA) Act, these regulations provide the structure by which internal assessment will be conducted.
- (2) At AET sub-levels 1 and 2, formal assessment will only be through common formative assessment tasks, set and moderated by PEDs and/or accredited assessment bodies. Progression between AET sub-levels 1 and 2 and AET sub-levels 2 and 3 will be dependent on adequate achievement (50%) and successful completion of three (3) common formative assessment tasks for each of the two fundamental learning areas registered for. One hundred percent (100%) of the total assessment mark will be evaluated through formative assessment tasks only.
- (3) At AET sub-level 3, formal assessment will be through common formative assessment tasks as well as common summative assessment tasks set and moderated by PEDs and/or accredited assessment bodies. Progression from AET sub-level 3 to level 4 will be dependent on adequate achievement (50%) and successful completion of four (4) common formative assessment tasks and one (1) summative assessment task for each of the learning areas registered for. Seventy five percent (75%) of the total assessment will be evaluated through formative assessment tasks while 25% of the total mark will be assessed through summative assessment.
- (4) At AET level 4, formal assessment will be through standardized formative assessment tasks as well as through standardized summative assessment tasks set and moderated by the DHET and/or accredited assessment bodies. Certification will be depended on successful completion of all formative assessment tasks and all summative assessment tasks for all the learning areas registered for. Fifty percent (50%) of the total assessment will be done through the standardized formative assessment tasks while 50% of the total mark will be evaluated through summative assessments in accordance with the National Policy on the conduct of Adult basic Education and Training (ABET) Level 4 Examinations published in *Government Gazette No. 23590 of 5 July 2002*.

3.3 External Assessment

- (1) At the exit of the NQF 1 (AET level 4), summative assessment must be done through a national examination set by the Department of Higher Education and Training, marked at provincial level. Such national examinations must be externally moderated by Umalusi.
- (2) The national examination constitutes 50% of the final passing mark for the awarding of the GETC-ABET qualification.
- (3) The national examination at the exit of NQF 1 (AET level 4) is conducted twice in a year in May to June and October to November.

3.4 RECORDING AND REPORTING OF ASSESSMENT

- (1) All assessment by the educator must be done as per learning area and be recorded. Recording of assessment should provide evidence of a learner's conceptual progression within a particular AET level and the state of readiness to progress to the next level. Such a record must be presented in a form of a report card issued by the centre manager as contained in **Annexure B**.
- (2) The evidence of the recording of the marks should be contained in the portfolios of the educator. Working mark sheets as contained in **Annexure C** or computerized mark sheets should be made available for both provincial and national verification and moderation, as well as external verification and moderation, where applicable.
- (3) Individual learner assessment records must be kept for each learning area. This would also constitute part of the learner records that should be kept by the centre manager.
- (4) For AET sub-levels 1 and 2, recording of learner's progress must be kept on a standardized provincial education department or assessment body working mark sheet. The PEDs or assessment body must develop standard mark schedules (see **annexure D**) for centres to ensure that learner performance and records are adequately managed. Centres must provide report cards to learners at the end of the academic year.
- (5) For AET sub-level 3, recording of learner's progress must be kept in a standardized provincial education department or assessment body working mark sheet. Mark sheets should make provision for the capturing of both internal and external assessment marks. The PEDs or assessment body must develop mark schedules for all registered centres to ensure that learner performance and records are adequately managed. Centres must provide report cards to learners at the end of the academic year.
- (6) In AET level 4, recording of learner's progress must be kept in a standardized provincial education department or assessment body working mark sheet. Mark sheets should make provision for the capturing of both internal and external assessment marks. The PEDs or assessment body must develop mark schedules for all registered centres to ensure that learner performance and records are adequately managed. Assessment records must be kept for programmes provided by centres in AET level 4 (Fundamental, Core and Elective components). The results of the Site Based Assessment tasks must be clearly recorded as they contribute to the final promotion mark.
- (7) Educator feedback to learners must be done as per the assessment plans to encourage their involvement and participation. Educators must provide feedback in the learner assessment portfolios.

- (8) Report cards developed by PEDs or accredited assessment bodies must be structured in a code and percentage format with a brief description or comment on the learner's performance per learning area registered. An example report card format is provided as **Annexure B**.
- (9) Centres must avail their AET sub-levels 1-3 annual assessment reports to the district office for quality assurance purposes.
- (10) Seven levels of competence have been described for each learning area to be offered for NQF 1. The various achievement levels and their corresponding percentage bands are as shown in **Table 1** below:

TABLE 1: SCALE OF ACHIEVEMENT FOR AET

RATING CODE	DESCRIPTION	PERCENTAGE
7	Outstanding achievement	80-100
6	Meritorious achievement	70-79
5	Substantial achievement	60-69
4	Adequate achievement	50-59
3	Moderate achievement	40-49
2	Elementary Achievement	30-39
1	Not Achieved	0-29

- (11) At NQF level 1, an exit level certificate will be issued by Umalusi for successful candidates. Candidates who have not yet qualified for the full qualification will receive an official learning area statement of results from the provincial department and learning area certificate from Umalusi. Such a statement is required for the recognition of results for subsequent combination.

3.5 MONITORING AND SUPPORT

- (1) PEDs must compile annual monitoring management plans and reports to the Department of Higher Education and Training (DHET).
- (2) PEDs must develop common monitoring tools for PALCs.
- (3) Centre managers must monitor the completion of internal assessment tasks and compile monthly reports to district offices.
- (4) Districts must monitor and support centres and compile reports to PEDs.

3.6 MODERATION

- (1) Moderation at AET sub-levels 1 – 3 must be conducted at provincial education level or by the assessment body to ensure that assessment is credible, fair, reliable and valid. All internal assessment marks must be subjected to internal verification and moderation. Evidence of this moderation, in the form of moderation reports, should be included in the learner and educator portfolios for national and Umalusi verification.
- (2) Moderation at AET level 4 must be conducted as per the prescripts of the National Policy on the Conduct of Adult Basic Education and Training (ABET) Level 4 Examinations published in *Government Gazette No. 23590 of 05 July 2002*, in accordance with Umalusi directives and requirements. Moderation must be conducted at all levels which includes site, district, and provincial, national or assessment body level, and externally by Umalusi. Internal and external assessment marks will be subjected to internal and external verification and moderation. Evidence of the various levels of moderation, in the form of moderation reports, should be included in the learner and educator portfolios for the DHET and Umalusi verification.
