The administration and the powers and functions entrusted by the Marine Living Resources Act, 1998: pertaining to fisheries (excluding marine protected areas and the regulations related to Boat-based Whale Watching and White Shark Cage Diving), were transferred from the Minister of Water and Environmental Affairs to the Minister of Agriculture Forestry and Fisheries by Proclamation No. 1 of 10 February 2010.
4. The Proclamation of 10 February 2010 resulted in confusion as to the extent and exact nature of the transfer of functions, particularly in relation to regulations under the Marine Living Resources Act, 1998 (Act No. 18 of 1998) that were not mentioned in the 10 February Proclamation. This Proclamation, which is done in terms of section 97 of the Constitution, seeks to provide clarity on the exact nature and extent of the transfer of powers and functions under the Marine Living Resources Act, 1998 (Act No. 18 of 1998) including regulations. In some instances where the same Minister appears in both columns 2 and 3, this indicates that no transfer has taken place, thus providing clarity as to the nature of the transfer in the 10 February Proclamation. Section 97 of

the Constitution provides that the "President by proclamation may transfer to a member of the Cabinet-

- (a) the administration of any legislation entrusted to another member; or
- (b) any power or function entrusted by legislation to another member."
