**MEMORANDUM ON THE OBJECTS OF THE MEDICAL, DENTAL
AND SUPPLEMENTARY HEALTH SERVICE PROFESSIONS
AMENDMENT BILL, 1997**

Clause 1 of the Bill deals with the insertion of new definitions and the deletion of obsolete definitions.

Clauses 2, 3 and 4 of the Bill deal with the establishment of the new Health Professions Council of South Africa and the objects of that council. Some of the objects are to co-ordinate the activities of the new professional boards and to advise the Minister on matters falling within the scope of the Medical, Dental and Supplementary Health Service Professions Act, 1974 (Act No. 56 of 1974) (hereinafter referred to as "the Act").

Clauses 5 and 6 deal with the powers of the new council and its constitution, respectively. The powers are those mostly enjoyed by juristic persons but in particular, the new council has the power to consider matters affecting the professions registrable in terms of the Act and to make rules to achieve the purpose of the Act.

With regard to the constitution of the council, provision is being made for proportional representation of professional boards. Provision is also made for provincial representation and for persons who are not health professionals to be members of the new council.

Clause 12 deals with the establishment of professional boards in respect of all registered professions, including medicine and dentistry, to deal with and finalise matters pertaining to those professions.

Clause 22 enables the Minister, after consultation with the council, to make regulations concerning the performance of remunerated medical community service by persons registering in terms of the Act.

Clause 23, which deals with the registration of persons who qualified outside the Republic of South Africa, ensures that such persons are adequately evaluated before they may be registered and further seeks to impose restrictions on their practice if deemed necessary.

Clause 28 includes technikons and other training institutions to train health professionals for registration in terms of the Act.

Clause 29 repeals sections 32, 32A and 32B of the Act to do away with references to supplementary health service professions in order to bring equality in health professions.

Clause 34 adds other acts to the already existing statutory acts which psychologists may perform.

Chapter 4 of the Act is amended to give professional boards discipline powers in respect of their professions.

Clause 49 allows the Minister, in consultation with the council, to make regulations relating to inquiries in respect of impaired practitioners and how they should be dealt with in terms of the assessment of their conditions.

Clause 50 is aimed at ensuring that persons registered in terms of this Act only compound and dispense medicines in terms of the Medicines and Related Substances Act, 1965 (Act No. 101 of 1965).

Clause 60 is aimed at ensuring that regulations in terms of the Act are made by the Minister in consultation with the council.

Clause 61 enables the council to make rules for its internal organisation.

Clause 64 abolishes the Interim National Medical and Dental Council of South Africa and also makes provision for the transfer of its assets and liabilities to the new council.

Clause 65 changes the name of the Act to the Health Professions Act.

Due to the above-mentioned amendments to the Act, there are various consequential amendments that are being dealt with in the unmentioned clauses.

The Department of Health and the State Law Advisers are of the view that the procedure set out in section 76 of the Constitution should be followed with regard to this Bill.
