MEMORANDUM ON THE **OBJECTS** OF **THE** BROADCASTING BILL

This bill is the culmination of the White Paper on Broadcasting, 1998. One of the objectives of the exercise is to repeal the Broadcasting Act. 1976 (Act No. 73 of 1976), so as to establish a new broadcasting policy in the Republic. Accordingly, the Independent Broadcasting Authority Act, 1993 (Act No. 103 of 1993), must be amended, The objects of the new Broadcasting Act are specifically spelled out and contained in clause 2.

The SABC currently operates in terms of the Broadcasting Act, 1976. This Bill proposes that the Broadcasting Act, 1976, be repealed. It is therefore imperative to deal with the SABC in a different manner.

1. CLAUSE BY CLAUSE ANALYSIS

Chapter I contains the definitions, interpretation. fundamental principles and objects of the Bill.

Chapter II stipulates that the Act must foster freedom of expression and journalistic, creative and programming independence.

Chapter III requires all persons providing broadcasting services to hold a licence and clause 5 defines the different classes of broadcasting licences.

Chapter IV-

- (a) establishes the Charter of the Corporation in terms which the Corporation must be managed;
- (b) establishes the South African Broadcasting Corporation as a limited liability company in terms of the Companies Act, 1973; and
- (c) deals with the establishment, management and operation of the Corporation, which were addressed in the Broadcasting Amendment Bill (B 8 of 1998), which was introduced in Parliament earlier this year but was kept on hold pending the approval of the White Paper on Broadcasting.

Chaper V provides for the commercial broadcasting services and license requirements. Part 2 of Chapter V deals with licensing of additional services.

Chapter VI deals with community broadcasting services and an inquiry into the feasilibity of additional services.

Chapter VII provides for signal distribution, multi channel distributors and the objectives thereof.

Chapter VIII establishes the Frequency Spectrum Directorate in the Department of Communications with the task to develop policy for radio frequency spectrum.

Chapter IX establishes the South African Broadcast Production Advisory Body to deal primarily with how the development, production and display of local television and radio content can be supported.

Chapter X states that the human resource development policies of licensees must comply with the provisions of the national policy regarding skills development.

Chapter XI deals with the regulations, repeals and amendments and stipulates that the Act will come into operation on a date determined by the President.

2. PERSONS AND BODIES CONSULTED

The following persons and bodies were consulted in the preparation of the Bill:

- 1. IBA (Independent Broadcasting Authority).
- 2. South African Broadcasting Corporation.
- 3. Sentech.
- 4. M-Net.
