2 INTRODUCTION

The Use of Official Languages Act 12 of 2012 (**‘the Act’**) was promulgated in light of the Constitution of the Republic of South Africa Act 108 of 1996 (**‘the Constitution’**) which recognises the 11 (eleven) official languages of South Africa. The Act recognises the historically diminished use and status of indigenous languages and requires of the State to take practical and positive measures to elevate the status and advance the use of these languages.

The Act provides for the regulation and monitoring of the use of official languages by national government for government purposes, to require the adoption of language policies by national departments, national public entities and national public enterprises and the establishment of language units for national departments, national public entities and national public enterprises.

The FAIS Ombud adopts this Language Policy in terms of the Act.

3 PURPOSE OF THE LANGUAGE POLICY

The purpose of the Language Policy is to outline how the FAIS Ombud will comply with the provisions of the Act and use the official languages to share information regarding its mandate and services, to complainants in particular and South African citizens in general.

4 NATURE AND MANDATE OF THE BUSINESS OF THE FAIS OMBUD

The Office of the FAIS Ombud was established by the FAIS Act. The FAIS Ombud's role is to resolve disputes between financial services providers and their clients in a procedurally fair, informal, economical and expeditious manner. The FAIS Ombud's jurisdiction is limited to violations which occurred on or after 30 September 2004 and to claims not exceeding R800 000.00.

The FAIS Ombud is independent, impartial and performs its functions without fear, favour or prejudice. The FAIS Ombud's services are free and accessible to all consumers.

Since 1 April 2005, the FAIS Ombud was granted the authority to act as Statutory Ombud under the Financial Services Ombud Schemes Act, 37 of 2004 ('FSOS Act'). This means that the FAIS Ombud can deal with complaints against financial institutions, which do not fall within the jurisdiction of any other Ombud scheme or where there is uncertainty over jurisdiction.

5 SCOPE AND APPLICATION

The provisions of this Language Policy are applicable to all employees of the FAIS Ombud and anyone performing any functions on behalf of the FAIS Ombud.

6 USE OF OFFICIAL LANGUAGES BY THE FAIS OMBUD

The Act requires that the Language Policy identify at least 3 (three) official languages that the institution will use when communicating with the public. The FAIS Ombud adopts all the official languages subject to clauses 6.1, 6.2 and 6.3 of this Policy.

The description of which languages will be used for business purposes, as distinguished from government purposes, and the manner in which such languages will be used is set out herein below:
