

DEPARTMENT OF PUBLIC WORKS

NO. 1187

03 NOVEMBER 2017

AGRÉMENT SOUTH AFRICA
(Approval of innovative construction products and systems)

Notice is hereby given that Agrément South Africa has, with effect from 07 December 2016, issued an Agrément certificate, details of which appear in the schedule hereto.

SCHEDULE
Agrément Certificate 2013/439 (Amended December 2016)

- Subject:** Specialised Insulated Panel Building System
- Certificate holder:** Specialised Panel Manufacturing cc
- Description:** Specialised Insulated Panel Building System is constructed with prefabricated components that are assembled on site.
- The foundation and floor slab are conventional and can either be raft or suspended steel floor. Steel must always be hot-dip galvanised in accordance with **SANS 121**. The design and approval of the foundation is always the responsibility of a registered professional competent engineer.
- The external walls of the building system comprise a 45 mm thick Expanded Polystyrene (EPS) core with a 15 mm Fire stop board on the inside, both encapsulated by 0.5 mm pre-galvanised chromadeck sheeting to form a 60 mm thick wall panel. The building system does not have internal partition walls.
- Roofs of the building system comprise the same material as that of the wall panels. The roof is double pitched.
- Window and door frames are aluminium, and are purposely made to suite the design of the building system.
- Plumbing and electrical conduits can be pre-fixed or surface mounted onto the composite panels.

The Agrément certificate contains detailed information on the product and can be accessed at <http://www.agrement.co.za>
