1. Introduction

This manual (“the Manual”) is published in terms of Section 14 (2) of the Promotion of Access to Information Act No. 2 of 2000 (the “Act”). The Act gives effect to the provisions of Section 32 of the Constitution, which provides for the right of access to information held by the State and to information held by another person that is required for the exercise and/or protection of any right.

The purpose of the Act is to foster a culture of transparency and accountability in both the public and private sectors by affording any person the right of access to information to enable them to exercise and protect all of their rights to the full extent required.

The purpose of this Manual is to set out the procedures to be followed and criteria that have to be met for anyone (the “requester”) to request access to records in the possession or under the control of the Department of Science and Technology (“the DST”).

2. Applicability of the Promotion of Access to Information Act (hereinafter referred to as PAIA)

The Promotion of Access to Information Act (No 2 of 2000) is applicable to the Department as a public body, particularly in respect to its internal records systems.

3. Purpose of the Manual in terms of PAIA

The purpose of this Manual is to identify the structures and functions of the Department and describe its records systems to facilitate the objectives of PAIA.

4. South African Human Rights Commission (“SAHRC”) guide to the act

6.1. Programmes

6.1.1. Programme 1: Corporate services, institutional planning and support

Responsible for the overall management of the Department and provides centralised support services. It also ensures that funded organisations comply with good corporate governance practices and are aligned with the strategic focus of the National System of Innovation (NSI). It monitors and evaluates the science councils.

6.1.2. Programme 2: Technology Innovation

The Programme aims to enable research and development (R&D) in strategic and emerging focus areas (space science, energy, biotechnology, nanotechnology, robotics, photonics, and indigenous knowledge systems) intellectual property management, technology transfer and technology commercialisation in order to promote the realisation of commercial products, processes and services from R&D outputs through the implementation of enabling policy instruments.

6.1.3. Programme 3: International Cooperation and Resources

The Programme aims to strategically develop, promote and manage international relationships, opportunities and S&T agreements that strengthen the national system of innovation (NSI) and enable an exsite2016 of knowledge, capacity and resources between South Africa and its regional and international partners. The Programme also supports South African foreign policy through science diplomacy.

6.1.4. Programme 4: Research Development and Support

The Programme aims to provide an enabling environment for research and knowledge production that promotes strategic development of basic sciences and priority science areas, through science promotion, human capital development, the provision of research infrastructure and relevant research support, in pursuit of South Africa's transition to a knowledge economy.

6.1.5. Programme 5: Socio-Economic Innovation Partnerships

Enhancement of the growth and development priorities of government through targeted science and technology-based innovation interventions and the development of strategic partnerships with other government departments, industry, research institutions and communities.

6.2. Primary Functions**6.2.1. Historical background of the Department**

The Department of Science and Technology (DST) derives its mandate from the 1996 White Paper on Science and Technology. It was initially a part of the Department of Arts, Culture, Science and Technology, which was established in 1994. It then separated into the Department of Arts and Culture and Department of Science and Technology in 2002. In 2004, the Department became a standalone Ministry. The basic premise is that Science, Technology and Innovation (STI) play a critical role in economic growth and socio-economic development.

6.2.2. Aim of the DST

The DST seeks to realise the full potential of science and technology in social and economic development through the development of human resources, research and innovation.

This includes focused interventions, networking and acting as a catalyst for change in terms of both productive components of our economy, making it competitive in a globally competitive liberalized environment, and in respect of the huge development backlog existing among the poorest components of our society. The goal of realising this vision is underpinned by development and resourcing strategies for the formation of science, engineering and technology human capital, democratization of state and society, promotion of an information society and ensuring environmental sustainability in development programmes.

6.2.3. Strategic direction

Maintaining an adequate science base and translating it into jobs and growth poses some major challenges. The approach of National System of Innovation (NSI) in recognizing the non-linearity of innovation – where performance is a function not only of the innovation in individual

organizations but also of the relationships and networks between institutions – is increasingly driving government towards the role of catalyst, facilitator and strategic investor.

6.2.4. Goals

The DST's five principal goals are to -

- develop the innovation capacity of the National System of Innovation (NSI) and thereby contribute to socioeconomic development;
- enhance South Africa's knowledge-generation capacity in order to produce world-class research papers and turn some advanced findings into innovative products and processes;
- develop appropriate STI human capital to meet the needs of society;
- build world-class STI infrastructure to extend the frontiers of knowledge, train the next generation of researchers, and enable technology development and transfer, as well as knowledge interchange; and
- Position South Africa as a strategic international RDI partner and destination through the exchange of knowledge, capacity and resources between South Africa and its regional and other international partners, thereby strengthening the NSI.

6.2.5. Grand Challenges

The success of the DST's Ten Year Innovation Plan - 2008-2018 (TYIP) depends on the achievement and realisation of the above goals. The Plan sets out core projections, which are summarised as South Africa's grand challenges in science and technology (S&T). The grand challenges are the following:

- **Farmer to Pharma:** Over the next decade, South Africa should develop its bio economy to become a world leader in biotechnology and pharmaceuticals, using the nation's indigenous resources and new developments in genomics.
- **Space S&T:** South Africa will become a key contributor and partner to global space S&T through the National Space Agency, a growing satellite industry and a range of innovations in space science, including earth observation, communication, navigation and engineering.
- **Energy Security:** Safe, clean, affordable and reliable energy supplies are in global demand, and South Africa should meet its medium-term energy supply requirements while innovating for the long term in clean coal technologies, nuclear energy, renewable energy and the promise of the hydrogen economy.
- **Global Change:** South Africa should exploit its geographic position, which enables it to play a leading role in climate change science.

- **Human and Social Dynamics:** As a leading voice among developing countries, South Africa should contribute to a greater global understanding of shifting social dynamics, and the role of science in stimulating growth and development.

9.2.2. Records available on request:

A list of categories of records, which are held by the Department and can be requested in terms of the Promotion of Access to Information Act is attached as Annexure B. Access to these records must be requested from the Information Officer according to the procedure below.

9.3. Payment of the prescribed fees:

As instructed by the Act, an amount of R35.00 must accompany the request for information. This is payable by cheque, cash (if delivered by hand) or deposited into the DST bank account (proof of the deposit must accompany the request form)

¹ Currently the DST has forms available in these three languages. Requests in other languages will also be accommodated.

Account name: Department of Science and technology
Bank: ABSA Bank
Account Number: 4056183523
Branch Number: 323645
Account Type: Deposit Account

9.4. Validation and acknowledgement of the request

The Information Officer of the DST receives and validates the request to see whether the required information is available in the DST. The request is then accepted, rejected or transferred to the rightful keepers of the required information. An acknowledgement will then be forwarded to the requester to confirm the status of the request.

9.5. Information processing

If the request is accepted, the DST will gather and prepare the information and calculate the relevant cost involved. The cost is calculated in respect of the prescribed fees as detailed in *Table 1: Fees in respect of Public Bodies*.

9.6. Final notification

The requester will be informed of the completion of the request as well as the outstanding fees payable to the DST.

9.7. Payment and delivery

Once the payment as stipulated above is received, the information is released to the requester. The prescribed form must be filled in with enough detail to at least enable the information Officer to identify:

- The record(s) requested.
- The identity of the requester.
- Which form of access is required, if the request is granted;
- The postal address or email address or fax number of the requester.

The requester must state that he/she requires the information in order to exercise or protect a right, and clearly state what the nature of the right is to be exercised or protected. In addition, the requester must clearly specify why the record is necessary to exercise or protect such a right.

The Department will process the request within 30 working days, unless the requester has stated special reasons, which would satisfy the Information Officer that circumstances dictate that the above time periods should not be complied with. The 30-day period may be extended for a further period of 30 days if the request is for a large amount of information, or the request requires a search for information held at another office of the institution and the information cannot be obtained within the original 30 day period. The DST will notify the requester in writing should an extension be sought.

If a request is made on behalf of another person, then the requester must submit proof of the capacity in which the requester is making the request to the reasonable satisfaction of the Information Officer.

If an individual is unable to complete the prescribed form because of illiteracy or disability, such a person may make the request orally. The requester must pay the prescribed fee, before any further processing can take place.

9.8. Fees

The Act provides for two types of fees:

- A request fee, which will be a standard fee, and an access fee, which is calculated by taking into account reproduction costs, search and preparation time and costs, as well as postal costs.
- When the request is received by the Information Officer, such officer shall by notice require the requester, other than a personal requester, to pay the prescribed fee (if any), before further processing of the request.
- If a search for the record has been made and the preparation of the record for disclosure, (including arrangement to make it available in the requested form, requires more than the hours prescribed in the regulations for this purpose, the information officer shall notify the requester to pay as a deposit the prescribed portion of the access fee, which would be payable if the request is granted.
- The Information Officer shall withhold a record until the requester has paid the fees as indicated above.
- A requester whose request for access to a record has been granted, must pay an access fee for reproduction and for search and preparation, and for any time reasonably required in

excess of the prescribed hours to search for and prepare the record for disclosure, including making arrangements to make it available in the requested form.

- If a deposit has been paid in respect of a request for access, which is refused, then the information officer concerned will repay the deposit to the requester.

9.9. Refusal of request and appeal

- A requestor should take note of section 7(1) of the PAIA which states the following:
 “ This Act does not apply to a record of a public body or a private body if—
 (a) that record is requested for the purpose of criminal or civil proceedings;
 (b) requested after the commencement of such criminal or civil proceedings, as the case may be; and
 (c) the production of or access to that record for the purpose referred to in paragraph (a) is provided for in any other law.
 (d) requests for information that are, in DST’ reasonable opinion, manifestly frivolous or vexatious or which involve an unreasonable diversion of resources.”
 If section 7(1) applies, you may not bring a request in terms PAIA.
- The grounds of refusal outlined in Part 2 of Chapter 4 and Part 3 Chapter 4 of the PAIA should therefore be observed when making requests.
- A requester may lodge an internal appeal against a decision of the information officer of the DST to refuse a request for access in relation to that request with the relevant authority.
- A third party may lodge an internal appeal against a decision of the information officer of the DST to grant a request for access.

9.10. Manner of appeal, and appeal fees

An appeal must be lodged in the prescribed form:

- Within 60 working days;

- If applicable, must be accompanied by the prescribed fee, and must specify a postal address or fax number; and
- If an appeal is lodged after the expiry of the period referred to, the relevant authority must, upon good cause shown, allow the late lodging of the appeal.

If that relevant authority disallows the late lodging of the appeal, he/she must give notice of that decision to the person who lodged the appeal. A requester lodging the appeal against the refusal of his/her request for access must pay the prescribed appeal fee (if any). If the prescribed appeal fee is payable in respect of an appeal, the decision on the appeal may be deferred until the fee is paid. As soon as reasonably possible, but in any event within 10 working days after receipt of an appeal, the information officer of the DST must submit to the relevant authority:

- The appeal together with his/her reasons for the decision concerned; and
- If the appeal is against the refusal or granting of a request for access, the name, postal address, email address phone and fax numbers, whichever is available, of any third party that must be notified of the request.

9.11 Granting of access to records

Subject to the provisions of the PAIA, access to records requested from DST will only be granted if -

- All the procedural requirements set out in the PAIA relating to a request are met; and
- Access to the requested record/s is not refused in terms of any ground for refusal set out in PAIA.
- The grounds of refusal are outlined in Part 2 of Chapter 4 and Part 3 Chapter 4 and includes mandatory protection of-
 - (a) commercial information of third party;
 - (b) certain confidential information;
 - (c) safety of individuals, and protection of property;

- (d) records privileged from production in legal proceedings;

9. Inqubo yokufinyelela

9.1. Indlela yokwenza isicelo

Gcwalisa ifomu lesicelo elikhona ku-DST. Ukucela ifomu, thumela i-imeyili ku-paia@dst.gov.za. Ifomu litholakala ngezilimi ezilandelayo ¹:

- isiNgisi
- isiZulu
- i-Sepedi.

Yonke imibuzo kufanele iqondiswe kuSikhulu Solwazi:

9.2. Izihloko kanye Nemikhakha yamarekhodi aphethwe nguMnyango Wezesayensi Nezobuchwepheshe

9.2.1. Ukudalulwa okuzenzakalelayo:

Uhlu lwezigaba zamarekhodi atholakala kubantu ngaphandle kokucela ukufinyelela ngokwemigomo Yokukhuthazwa Kokufinyelela uMthetho Wolwazi kufakwe njengeSithasiselo A. La marekhodi atholakala kwiwebhusayithi ye-DST.

¹ Njengamanje i-DST inefomu etholakalayo kulezi zilimi ezintathu. Izicelo kwezinye izilimi nazo zizocatshangelwa.

9.2.2. Amarekhodi atholakalayo ngesicelo:

Uhla lwezigaba zamarekhodi, ezenziwa nguMnyango futhi zingacelwa ngokulandela Ukukhuthazwa Kokufinyelela uMthetho Wolwazi kufakwe njengeSithasiselo B. Ukufinyelela kula marekhodi kufanele kucelwe kwiSikhulu Solwazi ngokulandela inqubo engezansi .

9.3. Ukukhokhwa kwemali ebekiwe:

Njengoba kulandelwe uMthetho, imali engu-R35.00 kumele ihambisane nesicelo solwazi . Lokhu kukhokhwa ngesheke, ukheshi (uma kulethwa ngesandla) noma efakwe ku-akhawunti ye-DST yasebhang (ubufakazi bokuthi idiphozi (kufakwe) kufanele ihambisane nefomu lesicelo)

Igama le-akhawunti:	UMnyango Wezesayensi nobuchwepheshe
Ibhang:	ABSA Bank
Inombolo Ye-akhawunti:	4056183523
Inombolo Yegatsha:	323645
Uhlobo lwe-Akhawunti:	I-akhawunti yeDisposithi

9.4. Ukuqinisekiswa nokuvuma isicelo

Isikhulu Solwazi se-DST sithola futhi siqinisekisa isicelo sokubona ukuthi imininingwane edingekayo iyatholakala ku-DST. Isicelo samukelwa ngaleso sikhathi , siqatshelwe noma sidluliselwe kubagcini abafanele bolwazi oludingekayo . Ukuvuma kuzothunyelwa kumfakisicelo ukuqinisekisa isimo sesicelo.

9.5. Ukucutshungulwa kolwazi

Uma isicelo samukelwa, i-DST izoqoqa futhi ilungise ulwazi futhi ibale izindleko ezithintekayo. Izindleko zibalwa maqondana nemali enqunyiwe njengoba kucacisiwe kuThebula 1 : Imali mayelana Namalunga Omphakathi.

9.6. Isaziso Sokugcina

Umceli uzokwaziswa ngokuqedwa kwesicelo kanye nemali ekhokhwayo ku-DST.

9.7. Ukukhokha nokudiliva

Uma ukukhokha njengoba kuchaziwe ngenhla kuyamukelwa, ulwazi lukhishwa kumceli.

Ifomu elibekiwe kufanele ligcwaliswe ngemininingwane eyanele okungenani linike Isikhulu soLwazi ukuba sikwazi ukubona:

- Amarekhodi (ama) aceliwe .
- Ubunikazi bomfakisicelo.
- iLiphi uhlobo lokufinyelela oludingekayo, uma isicelo sinikeziwe;
- Ikheli leposi noma ikheli le-imeyli noma inombolo ye-fax yomfakisicelo.

Umfakisicelo kumele asho ukuthi ufuna ulwazi ukuze asebenzise noma uvikele ilungelo, futhi uchaze ngokucacile ukuthi uhlobo luni olufanele lusetshenziswe noma luvikelwe .Ngaphezu kwalokho, umfakisicelo kufanele acacise ngokucacile ukuthi kungani irekhodi idingeka ukuze livivinye noma livikele lelo lungelo.

Umnyango uzocubungula isicelo zingakapheli izinsuku ezingu-30 zokusebenza, ngaphandle uma umfakisicelo esho izizathu ezikhethekile, okwakunganelisa iSikhulu Solwazi ukuthi izimo zibeka ukuthi izikhathi ezingenhla zingavunyelwanga. Isikhathi sezinsuku ezungu-30 singadluliselwa isikhathi esithile sezinsuku ezingu30 uma isicelo solwazi oluningi, noma isicelo sidinga ukucinga ulwazi olugcinwe kwenye ihhovisi lesikhungu futhi ulwazi alutholakali ngaphakathi isikhathi sokuqala samalanga angu-30. I-DST izokwazisa umfakisicelo ngokubhaliwe kufanele kufakwe isandiso.

Uma isicelo senziwa egameni lomunye umuntu, khona-ke ofake isicelo kumele afake ubufakazi bokuthi umfakisicelo wenza isicelo sinikeze ukwaneliseka koSikhulu soLwazi.

Uma umuntu engakwazi ukugcwalisa ifomu elibekiwe ngenxa yokungafundi nokukhubazeka okuthile, umuntu onjalo angenza isicelo ngomlomo . Umfakisicelo

kumele akhokhe imali enqunyiwe, ngaphambi kokuqhubeka nokucubungula okungenzeka .

9.8. Imali

Lo Mthetho uhlinzekela izinhlobo ezimbili zemali:

- Isicelo semali, okuyinto ezoba yimali ejwayelekile, kanye nemali yokufinyelela , okubalwa ngokubheka izindleko zokukhiqiza, ukusesha kanye nesikhathi sokulungiselela kanye nezindleko , kanye nezindleko zokuposa.
- Lapho isicelo samukelwa iSikhulu soLwazi, leso sikhulu kufanele senze isaziso esidinga umfakisicelo, ngaphandle kwalokho umfakisicelo somuntu siqu, ukukhokha imali enqunyiwe (uma kukhona), ngaphambi kokuqhutshekelwa kwesicelo.
- Uma ukukhishwa kwerekhodi kwenziwe futhi ukulungiselela irekhodi lokudalulwa, (kufaka phakathi isilungiselelo sokwenza ukutholakale kwefomu eliceliwe, kudinga okungaphezulu kwamahora anqunywe asemithethweni alenhloso, isikhulu solwazi sizokwazisa umfakisicelo ukuthi akhokhe njengediphozi yengxenywe ekhethiwe yemali yokufinyelela, okuzokhokhelwa uma isicelo sinikezwa.
- Isikhulu soLwazi sizobamba irekhodi kuze kube yilapho umfakisicelo ekhokha imali njengoba kuboniswe ngenhla.
- Umfakisicelo ocela isicelo sokufinyelela kwerekhodi elinikeziwe, kumele akhokhe imali yokufinyelela ekukhiqizeni kanye nokusesha nokulungiselela, futhi nganoma yisiphi isikhathi esidingekayo ngaphezu kwamahora anqunywe afanele futhi ulungiselele irekhodi lokudalula, kuhlenganise nokwenza amalungiselelo okwenza kutholakale ifomu eceliwe.
- Uma idiphozi isikhokhiwe emayelana nesicelo sokufinyelela, okuyinto enqatshelwe , khona-ke isikhulu solwazi esizobheka sizobuyisela idiphozi kumfakisicelo.

Ithebula 1: Imali mayelana namaBhodi kaHulumeni Imali elandelayo isebenza:
