ECONOMIC DEVELOPMENT DEPARTMENT**NOTICE 576 OF 2018****RENEWAL OF THE POLICY DIRECTIVE ON THE EXPORTATION OF FERROUS
AND NON-FERROUS WASTE AND SCRAP METAL****BACKGROUND**

On 14 August 2018, the Minister of Economic Development (the Minister) published for comment a draft notice of renewal of the policy directive to the International Trade Administration Commission of South Africa (ITAC) in terms of the International Trade Administration Act, 71 of 2002 (the ITA Act) on the exportation of ferrous and non-ferrous waste and scrap metal.

The Minister stated that he was considering renewing the policy directive for a period of 9 months, during which period he intended to finalise a review of the directive. The reason, as explained, was to ensure that there is no regulatory gap before a final decision is made on the continuation of the directive.

Stakeholders and interested parties were invited to submit comments on the draft renewal of the policy directive before the Minister decided whether to renew the directive.

Following consideration of the matter and comments received, the Minister now renews the policy directive to ITAC in terms of the ITA Act.

NOTICE OF RENEWAL

The Minister hereby renews the policy directive of 10 May 2013 issued to ITAC in terms of Section 5 of the ITA Act on the exportation of ferrous and non-ferrous waste and scrap metal for a period of 9 months, commencing on the date of publication of this notice until 30 June 2019.
