**REQUEST FOR THE CONTINUATION OF STATUTORY MEASURES IN THE SOUTH  
AFRICAN WOOL INDUSTRY (REGISTRATION AND RECORDS & RETURNS) IN TERMS  
OF THE MARKETING OF AGRICULTURAL PRODUCTS ACT, 1996 (ACT NO 47 OF  
1996), AS AMENDED**

---

It is hereby made known that in terms of section 11 of the Marketing of Agricultural Products Act, 1996 (Act No.47 of 1996), that the Minister of Agriculture, Land Reform and Rural Development has received a request from the wool industry for the continuation of statutory measures in the wool industry.

Cape Wools SA, on behalf of the directly affected groups in the wool industry applied for the continuation of the statutory measures relating to registration, the keeping of records and rendering of returns. The current statutory measures in the wool industry will lapse on 30 June 2020. Cape Wools SA requested ministerial approval for the continuation of these statutory measures for a new period of four years, from 1 July 2020 to lapse on 30 June 2024.

The purpose and aim of the statutory measure relating to registration is to provide a statutory mechanism for producers, brokers, traders or wool buyers, processors, importers and exporters to register with Cape Wools SA. A central database of names and contact details of individuals and organisations involved in the production, trading, processing and exporting of wool (by means of a unique identification number) supports the accurate and efficient gathering of data.

The purpose and aim of the statutory measure relating to records & returns is to provide a statutory mechanism for the keeping of records and the furnishing of returns to Cape Wools SA. It will be expected from each broker, trader or wool buyer, processor, importer and exporter of wool to keep the specific records with regard to wool that he or she has in his or her possession or under his or her control and shall within 15 days after the end of each calendar month, furnish it to Cape Wools SA. This is deemed necessary to ensure that continuous, timeous and accurate statistics and information relating to the characteristics and the marketing and sale of wool is made available to all role-players. A centralised source

of reliable, objective and user-friendly statistics and information on the aggregate profile of the industry at any given point in time, to aid decision-making during the growing, marketing, processing and promotion of South African wool is an essential tool to continuously position the South African wool industry nationally and internationally.

According to the applicant (Cape Wools SA), the proposed continuation of the statutory measures will further the objectives of the MAP Act as stipulated in section 2(2) thereof. Such establishment will also not contravene section 2(3) of the Act, namely will not be detrimental to food security, the number of employment opportunities within the economy or fair labour practices. The objectives referred to in section 2(2) of the Act are to increase market access for all market participants, to promote the efficiency of the marketing of agricultural products, to optimise export earnings from agricultural products and to enhance the viability of the agricultural sector.

The institution that will be responsible for the administration of these statutory measures is Cape Wools SA, a company without profit motive incorporated in terms of section 21 of the Companies Act, 1973 (Act No 61 of 1973) and by default qualifies as a company incorporated for a public benefit in terms of the Companies Act, 2008 (Act No 71 of 2008). Considering the South African wool industry's international associations and linkages and the need to establish a structure that will ensure the ongoing involvement by all affected parties, Cape Wools SA is the appropriate institution to administer the measures. It is internationally recognised and accepted as the overarching representative South African wool industry body, is representative of all directly affected groups in the wool industry and its sole responsibility is to implement the strategic plan for the wool industry as developed by the Wool Industry Forum of South Africa.

The National Agricultural Marketing Council (NAMC) took cognisance that the proposed continuation of the statutory measures relating to registration and the keeping of records and rendering of returns in the wool industry as requested by Cape Wools SA, is consistent with the objectives of the MAP Act. The request is being investigated by the NAMC and recommendations in this regard will be made to the Minister in the near future.

Directly affected groups in the wool industry are kindly requested to submit any comments regarding the proposed statutory measures, to the NAMC on or before 10 April 2020, to enable the Council to finalise its recommendation to the Minister in this regard.
