NO. 3517

9 June 2023

DEPARTMENT OF PUBLIC WORKS

AGRÉMENT SOUTH AFRICA

(Approval of innovative construction products and systems)

Notice is hereby given that Agrément South Africa has, with effect from 21 September 2020, issued an Agrément certificate, details of which appear in the schedule hereto.

SCHEDULE

Agrément Certificate 2020/617

Subject: SAMAC Thermal Storage Tank

Certificate holder: SAMAC Engineering Solutions

Description: The Agrément South Africa certificate covers the use of Samac Thermal Storage Tank in all areas of South Africa for systems that require thermal energy such as Air Condition or HVAC systems.

The Samac Thermal Storage Tank has a thermal storage gel that can absorb and release thermal energy through the heat exchange process using coils and radiators. The storage tank was evaluated as a product that is capable to store, absorb and release thermal energy.

The Samac Thermal Storage Tank is constructed by utilizing the stainless steel 3cr12 material. The 3cr12 is a chromium containing corrosion resisting ferritic steel developed as an alternative material of construction where the mechanical properties, corrosion resistance and fabrication requirements of other materials such as mild steel, galvanised or aluminised steel, aluminium or pre-painted steels are unsuited. The Samac Thermal Storage Tank has the diameter of 1.6 meters and
