

## DEPARTMENT OF PUBLIC WORKS AND INFRASTRUCTURE

NO. 3847

1 September 2023

AGRÉMENT SOUTH AFRICA

(Approval of innovative construction products and systems)

Notice is hereby given that Agrément South Africa has, with effect from 30 March 2023, issued an Agrément certificate, details of which appear in the schedule hereto.

## SCHEDULE

Agrément Certificate 2023/639

**Subject:** Plascon Professional Textured Acrylic Coating

**Certificate holder:** Kansai Plascon (Pty) Ltd

**Description:** The Plascon Professional Textured Acrylic Coating is a water-based paint which combines the function of an acrylic primer, an undercoat, and a topcoat for use on exterior and interior masonry surfaces. The Plascon Professional Textured Acrylic Coating is used as a one-coat application acting as a primer, undercoat and topcoat, in all regions of South Africa for all types of occupancy classifications, (**SANS 10400: Table 1 of Regulations A (20) (1)**), on sound, suitably prepared, internal and external substrates as set out below:

- sand-cement plaster (**SANS 2001-EM1:2007**);
- cast *in-situ* concrete/precast concrete;
- the above surfaces were previously painted with PVA paint, and
- prepared gypsum and fibre cement boards.

The Plascon Professional Textured Acrylic Coating is a water-based coating system based on acrylic technology with alkali resistance pigments, fillers and additives. The paint is available in white, pastel and deep tintbases, as well as, in seven standard colours, and packaged in 20 Litres polypropylene plastic containers. The paint is used as supplied by the manufacturer and thoroughly stirred on site before applying two coats to the substrate using a sheep skin roller and block brush according to the manufacturer's specification.

The Agrément certificate contains detailed information on the product and can be accessed at <http://www.agrement.co.za>
