

## DEPARTMENT OF PUBLIC WORKS AND INFRASTRUCTURE

NO. 4861

24 May 2024

AGRÉMENT SOUTH AFRICA  
(Approval of innovative construction products and systems)

Notice is hereby given that Agrément South Africa has, with effect from 25 April 2023, **amended** an Agrément certificate, details of which appear in the schedule hereto.

## SCHEDULE

Agrément certificate 2017/557 (Amended April 2023): Polyglass Evolight S & Evolight S Mineral Waterproofing Membranes

**Subject:** Polyglass Evolight S & Evolight S Mineral Waterproofing Membranes

**Certificate holder:** Polyglass SPA

**Description:** Polyglass Evolight S & Evolight S Mineral Waterproofing Membranes are plastomeric waterproofing membranes manufactured using distilled bitumen-based compound, polyester spunbond and an ultra-light REOXTHENE technology. The bitumen compound and the spunbond polyester are stabilized and reinforced with longitudinal glass fibre threads through the REOXTHENE technology.

Polyglass Evolight S Waterproofing Membrane's top surface is coated with talc, sand, light-weight polypropylene and non-woven fabric, and the underside is protected and faced with a non-sticky polyethylene film. The membrane is supplied in 3 mm and 4 mm thicknesses, 1 000 mm widths and 10 000 mm lengths.

In its mineral version, the waterproofing membrane's top surface is finished with a protective layer of natural or coloured granules. The membrane is supplied in 4 mm and 4.5 mm thicknesses, 1 000 mm widths and 10 000 mm lengths.

Polyglass Evolight S & Evolight S Mineral Waterproofing Membranes must be applied by approved applicators.

The Agrément certificate contains detailed information on the product and can be accessed at <http://www.agrement.co.za>.
