

DEPARTMENT OF PUBLIC WORKS AND INFRASTRUCTURE

NO. 5467

25 October 2024

AGRÉMENT SOUTH AFRICA
(Approval of innovative construction products and systems)

Notice is hereby given that Agrément South Africa has, with effect from 22 April 2024, **reappraised** an Agrément certificate, details of which appear in the schedule hereto.

SCHEDULE

Agrément certificate 2015/477: (Reappraisal April 2024): Green Crete Building System

- Subject:** Green Crete Building System
- Certificate holder:** Get Connected Holdings (Pty) Ltd
- Description:** Green Crete Building System comprise walls made of prefabricated modules, conventional foundation and roof with insulated ceiling. The conventional concrete rafts with thickened edge beams and are always a responsibility of a registered professional competent engineer.
- The building modules are 1200 mm x 900 mm x 90 mm light-weight interlocking masonry which are made from a mixture of fly-ash, slag, waste polystyrene, cement and polymer binders and have a density of 375 kg/m³. Walls are clad with an alkali resistant glass fibre crinnete before application of cement plaster and Gamazine coating.
- Roof consists of light-gauge galvanised steel channel sections and complies with SANS 517. Roof cladding is light- or heavy-weight and ceilings are 6.4 mm thick gypsum board and they must always be insulated.
- All other services are conventional

The Agrément certificate contains detailed information on the product and can be accessed at <http://www.agrement.co.za>.
