BACKGROUND

TRIM published its Draft Network Statement together with the Tariff Methodology on Transnet SOC Ltd website for public consultation on the 15th March 2024. The Minister approved the recommendations which informed the final version of the Network Statement. TRIM then published the final Network Statement together with differentiated rail access tariffs for the 2024/2025 financial year on the Transnet SOC Ltd website on the 19th December 2024.
