GOVERNMENT NOTICES • GOEWERMENTSKENNISGEWINGS

AUDITOR-GENERAL OF SOUTH AFRICA

NO. 5875 20 February 2025

Public Audit Act, 2004 (Act No. 25 of 2004):

Directive

Under the powers vested in me by section 13(3)(b) of the Public Audit Act, 2004 (Act No. 25 of 2004) (hereafter referred to as the PAA), I, Tsakani Maluleke, auditor-general of the Republic of South Africa, hereby issue this directive.

Matters not directly linked to section 13 read with section 11 are included to facilitate optimal levels of accountability and transparency in the management of public resources.

or discharge of the registered auditor in terms of sections 25 and 26 of the PAA28
Annexure E: Regulations issued in terms of the PAA and relevant extracts from the
PAA

Audit functions performed in terms of the PAA

Annual audit

- 1. Financial and performance management and compliance with legislation are audited as part of the annual audit process. The auditor's report reflects an opinion, conclusion or material findings on the following:
 - The financial statements or similar financial reporting
 - Compliance with specific matters in key legislation
 - Reported performance information, if applicable
 - Internal control deficiencies that resulted in:
 - o modifications of the opinion or conclusion on the financial statements
 - findings on the reported performance of the auditee against predetermined objectives
 - o findings on compliance with legislation.
- 2. Material irregularities (MI) are identified during the annual audit process and reported in the auditor's report. The actions taken by accounting officers and authorities to address identified material irregularities are also audited and reported in the auditor's report. In terms of section 20(4) of the PAA, the auditor's report may include recommendations for addressing the identified material irregularities by a stipulated date if the actions of the accounting officer or authority were not appropriate.

Auditing standards as well as the frequency, nature and scope of audits – section 13(1)(a) and (b) of the PAA

Auditing standards

3. The international quality management, auditing, review, other assurance, and related services pronouncements issued by the International Auditing and Assurance Standards Board (IAASB)¹ of the International Federation of Accountants (IFAC), as well as the International Code of Ethics for Professional Accountants (including International Independence Standards) issued by IFAC's

¹ http://www.ifac.org/IAASB

- International Ethics Standards Board for Accountants (IESBA)² are applied in the audits.
- 4. In addition, relevant principles contained in the International Standards of Supreme Audit Institutions (ISSAIs) published by the International Organisation of Supreme Audit Institutions (INTOSAI)³ are applied.
- 5. In terms of section 20(2)(a) of the PAA, the auditor's report can reflect opinions, conclusion or findings. The pronouncements by the IAASB and the ISSAIs do not have an existing standard for findings engagements where no assurance is provided through opinions or conclusions. The AGSA established a findings engagement methodology using relevant principles from the pronouncements by the IAASB, tailored for this specific purpose.

Audit of financial statements – section 20(2)(a) of the PAA

- 6. In terms of section 20(2)(a) of the PAA, the auditor's report must reflect an opinion, conclusion or findings on the financial statements of the auditee in accordance with the applicable financial reporting framework and legislation. Assurance is provided by way of an opinion or conclusion in the auditor's report.
- 7. The level of assurance provided may be reasonable (an opinion) or limited (a conclusion) as predetermined by the AGSA based on the following:
 - The importance of the mandate of the auditee
 - The size and nature of the auditee's business
 - Requirements of legislation applicable to the auditee and the users of the auditee's financial statements
 - A history of good financial reporting controls which prevent material misstatements of the financial statements.
- 8. The audit is performed in accordance with the International Standards on Auditing (ISAs) or ISRE 2400, Engagements to review historical financial statements, as applicable.

Audit of compliance with applicable legislation relating to financial matters, financial management and other related matters – sections 20(2)(b) and 28(1)(b) of the PAA

9. In terms of section 20(2)(b) of the PAA, the auditor's report must reflect an opinion, conclusion or findings on the auditee's compliance with any applicable legislation

_

² https://www.ifac.org/ethics

³ https://www.intosai.org

⁴ http://www.asb.co.za

- relating to financial matters, financial management and other related matters. In terms of section 28(1)(b) of the PAA, the auditor's report must reflect at least an opinion or conclusion on the auditee's compliance with any applicable legislation relating to financial matters, financial management and other related matters.
- 10. The auditor's report reflects material findings on non-compliance with specific matters in key legislation but does not provide assurance by way of an opinion or conclusion.
- 11. In accordance with the AGSA findings engagement methodology, procedures are performed to test compliance with selected requirements in key legislation.
- 12. The requirements selected for testing are those that are relevant to the financial and performance management of the auditee, clear to allow consistent measurement and evaluation, while also sufficiently detailed and readily available to report in an understandable manner. The selection is done through an established AGSA process.
- 13. The selected legislative requirements and any material findings on non-compliance with these requirements are included in the auditor's report. Where there is nothing to be reported for any of the selected requirements, a statement to this effect will be included in the auditor's report.

Audit of reported performance against predetermined objectives – sections 20(2)(c) and 28(1)(c) of the PAA

- 14. In terms of section 20(2)(c) of the PAA, the auditor's report must reflect an opinion, conclusion or findings on the reported performance of the auditee against its predetermined objectives. In terms of section 28(1)(c) of the PAA, the auditor's report must reflect at least an opinion or conclusion on the reported information relating to the performance of the auditee against predetermined objectives.
- 15. The level of assurance provided may be reasonable (an opinion) or limited (a conclusion) or none (findings) as predetermined by the AGSA based on the following:
 - The importance of the mandate of the auditee
 - The size and nature of the auditee's business.
- 16. Assurance in the form of an audit opinion or conclusion on the usefulness and reliability of the reported performance information is currently included in the management report. Material findings are reported in the auditor's report.

- 17. The AGSA applies qualitative and quantitative considerations in selecting the subject matters (programmes/objectives/development priorities) for audits where assurance is provided. The considerations include the following considered individually and in combination:
 - Subject matters that are a requirement of a law, regulation or sector determination.
 - Subject matters that relate to the primary functions or purposes of the entity, i.e. its reason for being.
 - Subject matters that could be of significant national, community or public interest. Any individual subject matter with a budgeted or actual expenditure or revenue amount constituting 30% or more of the total budgeted or actual expenditure or revenue amount.
- 18. The performance indicators selected for testing in a findings engagements are those that measure an auditee's performance on its primary mandated functions and which are of significant national, community or public interest.
- 19. Where the auditee is not required to report on its performance or where it has nothing to report in the case of a dormant auditee, a statement to this effect will be included in the auditor's report.
- 20. The audit is performed in accordance with ISAE 3000 (Revised) if an audit opinion or conclusion is provided or the AGSA findings engagement methodology if only material findings are reported. The criteria tested is developed from the Performance Management and Reporting Framework (PMRF), consisting of the following:
 - Legislation applicable to performance planning, management and reporting, which includes the following:
 - Public Finance Management Act 1 of 2009 (PFMA)
 - Treasury Regulations (TR), 2005, issued in terms of the PFMA
 - National Treasury (NT) Practice Note 4 of 2009-10
 - Public Service Act, 1994 (PSA)
 - o Public Service Regulations, 2016, issued in terms of the PSA
 - Municipal Finance Management Act 56 of 2003 (MFMA)
 - Municipal Systems Act, 2000 (MSA)
 - Regulations for Planning and Performance Management, 2001, issued in terms of the MSA

- Municipal Performance Regulations for Municipal Managers and Managers Directly Accountable to Municipal Managers, 2006, issued in terms of the MSA
- Financial Management of Parliament and Provincial Legislatures Act 10 of 2009 (FMPPLA)
- Regulations for reporting by public higher education institutions, 2014, issued in terms of the Higher Education Act No. 101 of 1997 (applicable to universities only).
- Framework for the Managing of Programme Performance Information (FMPPI),
 issued by the NT. This framework is applicable to all spheres of government.
- Revised Framework for Strategic Plans and Annual Performance Plans (Revised FSAPP) (2020), issued by the NT. This framework is applicable to all national and provincial departments, government components, constitutional institutions and those public entities listed in parts A and C of schedule 3 of the PFMA.
- Circulars and guidance issued by the NT, Department of Public Service and Administration (DPSA), Department of Cooperative Governance (DCOG) and supported by the Department of Planning, Monitoring and Evaluation (DPME) regarding the planning, management, monitoring and reporting of performance against predetermined objectives.
- 21. The criteria applicable to the different categories of auditees, as derived from the PMRF, are detailed in Annexure A.

Internal control deficiencies, as indicated by the reference to financial management in section 4(1) and (3) of the PAA

- 22. In terms of section 4(1) and (3) of the PAA, financial management must be audited and reported on. Deficiencies in internal control that resulted in the modification of the opinion or conclusion on the financial statements and in material findings on the reported performance information and compliance with legislation are included in the auditor's report.
- 23. The criteria used to evaluate internal control are set out in Annexure C.

Focus areas – section 13(1)(b) of the PAA

24. Additional specific audit focus areas are identified based on an annual risk assessment and the multi-year audit plan of AGSA. Guidance on the scoping of

the focus areas is provided annually in a technical update. Significant findings arising from the audits are included in the reports to management and in the AGSA's general reports.

Material irregularities – sections 1, 5(1A), 5(1B), 5A, 5B, 20(4) of the PAA

25. Material irregularity means any non-compliance with, or contravention of, legislation, or fraud, theft or a breach of a fiduciary duty identified during an audit performed under this act that resulted in or is likely to result in a material financial loss, the misuse or loss of a material public resource or substantial harm to a public sector institution or the general public.

The introduction of the concept of material irregularities through the amendment to the PAA was not an attempt to bring in another punitive measure but is rather a complementary mechanism for strengthening financial and performance management, which in turn will contribute to improved accountability in the public sector. If the accounting officer and authority, supported by their political leadership, adhere to their legislated responsibilities and commit to taking swift action when notified of a material irregularity, there will be no need for the Auditor-General to use the remedial and referral powers provided for by section 5(1)(1A) and 5(1)(1B) of the PAA.

26. Material irregularities identified will be reported in the auditor's report.

Discretionary engagements – section 5(1)(a), (aA) and (d) of the PAA

- 27. The AGSA may, at its discretion, perform audit-related services, performance audits, special audits, investigations and other defined types of engagements. In addition to the International Standard on Quality Management (ISQM) 1, Quality management for firms that perform audits and reviews of financial statements, and other assurance and related services engagements, the following standards guide these audits:
 - Performance audits
 These audits are conducted in accordance with ISSAI 3000, Performance audit standard and the Performance audit manual developed by the AGSA.
 - Investigations
 In terms of section 5(1)(d) of the PAA and Investigations and special audits regulation 3(1), the auditor-general may exercise discretion in deciding to carry out an investigation after taking into account all relevant information and circumstances relating to that information. Investigations and special

audits regulation 5(1) prescribes the process of acceptance or declination of a request for an investigation.

Investigations are conducted in accordance with *Standards and guidelines*: Investigations developed by the AGSA.

The annual audit process is vastly different from an investigation. The purpose of the annual audit is not to identify and report on fraud and corruption, but the audit processes could identify possible fraud and corruption which is then reported to management for investigation. The audit evidence gathered as part of the annual audit process is persuasive in nature for the purpose of reaching a particular conclusion and does not require the audit of every transaction, event or action. In contrast, the main objective of an investigation is to gather extensive, factual and conclusive evidence, for example in order for the matter to hold up in court or in a disciplinary forum. To equate an audit to an investigation is misdirected and leads to unrealistic expectations in respect of the results that an audit can deliver.

• Other defined engagements

These audits are conducted in accordance with ISA 805 (Revised), Audits of single financial statements and specific elements, accounts or items of a financial statement, ISAE 3000 (Revised), assurance engagements other than audits or reviews of historical financial information, ISRE 2410, Review of interim financial information performed by the independent auditor of the entity or International Standard on Related Services (ISRS) 4400, engagements to perform agreed-upon procedures regarding financial information, as appropriate.

28. A real-time audit is an audit of a programme, project, or undertaking of government, an auditee or a group of auditees which takes place concurrently with the audited activities. The findings from the audit are made public through the tabling of a special report, inclusion in the general report or through proceedings in a committee of parliament or a provincial legislature. Its purpose is the prevention and early detection of service delivery failure, fraud, financial loss, loss or misuse of public resources or harm to the general public or public sector

- institutions and to enable corrective action through real-time reporting to oversight structures.
- 29. The AGSA may perform a real-time audit at its discretion, or at the request of the President, an executive authority or the chairperson of a committee of Parliament or the provincial legislature.
- 30. Requests for real-time audits should be submitted in writing. The request should include details on the matter requiring a real-time audit, the envisaged source of funding for the audit and the reasons why the audit is deemed to be in the public interest and within the AGSA mandate.
- 31. The Auditor-General will use his or her discretion to carry out the real-time audit based on predefined criteria that includes:
 - The public interest in the matter
 - The value of the programme, project or undertaking and the presence of high-risk indicators
 - The AGSA's ability to conduct the real-time audit without impairing its independence or being unduly constrained from carrying out its other functions.

Complaints against the AGSA – section 13(1)(c) of the PAA

- 32. The AGSA's complaints mechanism in terms of section 13(1)(c) of the PAA accommodates complaints pertaining to the following:
 - The exercising of powers, the performance of duties and the administration of the AGSA pertaining to the performance of audits and any other functions in terms of section 11 of the PAA.
 - Work performed during an audit by the AGSA, authorised auditors and other personnel where it is alleged that such work does not meet professional standards and regulatory and legal requirements.
 - Complaints of non-compliance by the AGSA, authorised auditors and other personnel with the AGSA's internal system of quality management.
 - Complaints pertaining to the auditor-general as a person.
- 33. Complaints against the AGSA should be addressed in writing to the:

Complaints Manager, Auditor-General of South Africa

Manor, Pretoria

Postal address: PO Box 446, Pretoria, 0001

Email: ethics@agsa.co.za.

Audits of public entities and other institutions not performed by the AGSA – section 4(3) of the PAA

Audits that the AGSA has opted not to perform – section 25(1)(a) of the PAA

- 34. In terms of section 4(3)(a) and (b) of the PAA, the AGSA may audit and report on the accounts, financial statements and financial management of any public entity listed in the PFMA, and any other institution not mentioned in section 4(1) of the PAA and which is:
 - funded from the national revenue fund or a provincial revenue fund or by a municipality; or
 - authorised in terms of any legislation to receive money for a public purpose.
- 35. In terms of section 25(1)(a) of the PAA, the AGSA opts not to perform the audits of any auditees within the ambit of section 4(3) of the PAA which are not already being audited by the AGSA for the 2024-25 financial year, unless the auditee is advised otherwise before the start of that financial year.
- 36. The requirements for the procedural matters relating to the audits that the AGSA has opted not to perform in terms of section 4(3) of the PAA are contained in the Public Audit Act, 2004 (Act No. 25 of 2004): Regulations on audits by auditors in private practice which were issued on 1 April 2019. Annexures D and E of this directive should be used together with the implementation of these regulations.

Auditees for which legislation is not prescriptive in respect of the financial statements – section 14(2)(b) of the PAA

- 37. The financial statements of an auditee, as defined in section 1(1) of the PAA, which is not subject to the PFMA, the MFMA or any other legislation that is prescriptive in respect of the financial statements, must:
 - be prepared in accordance with the Generally Recognised Accounting Practice (GRAP) reporting framework issued by the Accounting Standards Board (ASB)⁴
 - comply with the PFMA requirements applicable to entities as they pertain to
 the information to be contained in the financial statements, as well as the
 period within which the financial statements are to be submitted for auditing.

⁴ http://www.asb.co.za

- 38. The above requirement regarding the application of the GRAP reporting framework is not applicable where the auditee is not required to prepare full financial statements comprising a statement of financial position, a statement of financial performance, a statement of changes in net assets, a cash flow statement and notes, including a summary of significant accounting policies and other explanatory notes.
- 39. Where an entity is not listed in the PFMA, even though it appears to comply with the criteria of a public entity, it should comply with paragraph 34.

Timing and submission of information for audit purposes – and confidentiality of information – sections 15(2)(b) and 50 of the PAA

- 40. In compliance with applicable legislated submission, auditing and tabling deadlines in the PFMA and the MFMA, as well as to allow adequate time for conducting the audit in accordance with the relevant auditing standards, auditees must adhere to the following:
 - The annual performance reports must be submitted not later than the legislated submission date for the financial statements.
 - The trial balance and general ledger that agree with the financial statements, together with the supporting asset register, inventory register and subsidiary ledgers for receivables and payables, must be submitted together with the financial statements. All information in support of disclosures in the financial statements not included in the general and subsidiary ledgers must also be submitted concurrently with the financial statements.
 - The strategic development plan and all other documentation and information in support of the annual performance report must be submitted at the latest with the annual performance report.
 - All documentation and information in support of the financial statements, reported performance against predetermined objectives and compliance with legislation must be available on request and be retrievable within a reasonable time, as agreed per the engagement letter. If this information is not provided within the time agreed, it will be regarded as a limitation on the audit, which could result in a modification of the audit report.
 - As agreed in the audit engagement letter, the other financial and nonfinancial information to be included in the annual report should be made available on or before the date contained therein. If this other information is

not provided before the date of the auditor's report, management will be requested to provide written representation that the information will be provided as soon as possible and before the annual report is published; this confirmation will be referred to in the auditor's report. The fact that the other information is not provided before the date of the auditor's report does not prevent the auditor from issuing the auditor's report, but the other information will be read and considered when it becomes available, which may require amendments to the auditor's report if inconsistencies or material misstatements are identified.

- The withdrawal and re-submission of financial statements and performance reports submitted for auditing are not permitted; the financial statements and performance reports may only be adjusted for matters identified during the audit.
- 41. The confidentiality of information obtained in an engagement must be observed at all times. In terms of section 50 of the PAA and the International Code of Ethics for Professional Accountants (including International Independence Standards) of the International Ethics Standards Board for Accountants (the IESBA Code), the AGSA, or an audit firm appointed in terms of section 25 of the PAA, will not disclose or make available any information obtained during an audit, other than the final auditor's report, to any third party unless this is to a legislature or internal committee of a legislature or a court in a criminal matter and the disclosure has been approved by the auditee and the auditor-general.

Assessment and recognition of the financial reporting frameworks applicable in the public sector – section 20(2)(a) of the PAA

- 42. The applicable financial reporting framework provides the criteria against which the auditor audits the financial statements. As one of the preconditions for an audit, the auditor is required to determine whether the financial reporting framework applied in preparing the financial statements is acceptable. This is done by applying the requirements of the ISAs and the guidance set out in South African Auditing Practice Statement (SAAPS) 2. The following financial reporting frameworks are recognised in the public sector and are considered fair presentation frameworks:
 - International Financial Reporting Standards (IFRS)
 - Standards of GRAP

16 No. 52149

Modified cash standard (MCS) prescribed by the NT.

43. Departures or exemptions from the applicable financial reporting framework are

granted in terms of sections 79 and 92 of the PFMA, respectively, and sections 170

and 177 of the MFMA, respectively.

44. Should an auditee be granted a departure or exemption from the applicable

financial reporting framework in accordance with the requirements of the PFMA or

the MFMA, additional disclosure of the nature of and reasons for, the period of,

and the items affected by, the departure or exemption from the applicable

financial reporting framework is required in the financial statements to mitigate any

possible misunderstanding by the users of the financial statements.

45. The departure or exemption or use of a financial reporting framework other than

that prescribed, may affect the acceptability of the financial reporting framework

and, as a consequence, the wording of the audit opinion. This is assessed on a

case-by-case basis in terms of the ISAs.

Withdrawal of previous government gazettes

46. General Notice 3018, issued in Government Gazette No. 48000 of 8 February 2023,

is hereby withdrawn and replaced by the requirements as set out in this notice.

Effective date

47. This notice is effective for financial periods beginning on or after 1 April 2023 and is

applicable until further notice. A similar notice will not necessarily be issued

annually.

Enquiries

48. Any enquiry related to this notice should be addressed to the following office:

Annexure B: Criteria used to evaluate internal control

Leadership

- Provide effective leadership based on a culture of honesty, ethical business practices and good governance, protecting and enhancing the best interests of the auditee.
- Exercise oversight responsibility regarding financial and performance reporting, compliance and related internal controls.
- Implement effective human resource management to ensure that adequate and sufficiently skilled resources are in place and that performance is monitored.
- Establish and communicate policies and procedures to enable and support the understanding and execution of internal control objectives, processes and responsibilities.
- Develop and monitor the implementation of action plans to address internal control deficiencies.
- Establish an information technology (IT) governance framework that supports and enables the business, delivers value and improves performance.

Financial and performance management

- Implement proper record keeping in a timely manner to ensure that complete, relevant and accurate information is accessible and available to support financial and performance reporting.
- Implement controls over daily and monthly processing and reconciling of transactions.
- Prepare regular, accurate and complete financial and performance reports that are supported and evidenced by reliable information.
- Review and monitor compliance with applicable legislation.
- Design and implement formal controls over IT systems to ensure the reliability of the systems and the availability, accuracy and protection of information.

Governance

• Implement appropriate risk management activities to ensure that regular risk assessments, including the consideration of IT risks and fraud prevention, are

- conducted and that a risk strategy to address the risks is developed and monitored.
- Ensure that there is an adequately resourced and functioning internal audit unit that identifies internal control deficiencies and recommends corrective action effectively.
- Ensure that the audit committee promotes accountability and service delivery through evaluating and monitoring responses to risks and by overseeing the effectiveness of the internal control environment, including financial and performance reporting and compliance with legislation.

Annexure C: monitoring checklist for audits not conducted by the Auditor-General of South Africa

INSTRUCTIONS

1. This checklist should be completed by the appointed audit firm for each audit it has conducted and should be submitted together with the information required in terms of sections 27(5) and 28(3)(c) of the PAA within five months after the financial year-end for all institutions with the exception of higher education institutions which is six months after the financial year-end.

Annexure E: Regulations issued in terms of the PAA and relevant extracts from the PAA

- 1. The following regulations, made in terms of section 52(1) of the PAA, were published in *Government Gazette* No. 42368 of 1 April 2019:
 - Material irregularity regulations (MIR)
 - Investigations and special audits regulations
 - Regulations on audits by auditors in private practice.
- 2. The following extracts from the PAA are relevant for this directive:

1. Definitions

(1) In this Act, unless the context indicates otherwise—

"Material irregularity (MI)" means any non-compliance with, or contravention of, legislation, fraud, theft or a breach of a fiduciary duty identified during an audit performed under this Act that resulted in or is likely to result in a material financial loss, the misuse or loss of a material public resource or substantial harm to a public sector institution or the general public.

2. Objects of this Act

The objects of this Act are—

(b) to provide for the auditing of institutions and accounting entities in the public sector.

4. Constitutional functions

- (1) The auditor-general must audit and report on the accounts, financial statements and financial management of—
 - (a) all national and provincial state departments and administrations;
 - (b) all constitutional institutions;
 - (c) the administration of Parliament and of each provincial legislature;
 - (d) all municipalities;
 - (e) all municipal entities; and
 - (f) any other institution or accounting entity required by other national or by provincial legislation to be audited by the auditor-general.

- (2) The auditor-general must audit and report on the consolidated financial statements of—
 - (a) the national government as required by section 8 of the PFMA;
 - (b) all provincial governments as required by section 19 of the PFMA; and
 - (c) a parent municipality and all municipal entities under its sole or effective control as required by section 122 (2) of the MFMA.
- (3) The auditor-general may audit and report on the accounts, financial statements and financial management of—
 - (a) any public entity listed in the PFMA; and
 - (b) any other institution ... which is—
 - (i) funded from the national revenue fund or a provincial revenue fund or by a municipality; or
 - (ii) authorised in terms of any legislation to receive money for a public purpose.
- (3A) The discretion of the auditor-general, as contemplated in subsection (3), applies to any public entity contemplated in subsection (3)(a) and any other institution contemplated in subsection (3)(b) that meets the prescribed criteria.
- (4) In the event of any conflict between this section and any other legislation, this section prevails.

5. Other functions

- (1) The auditor-general may, at a fee and without compromising the role of the auditor-general as an independent auditor—
 - (a) provide audit-related services to an auditee ..., which is commonly performed by a supreme audit institution on condition that—
 - (i) no services may be provided in respect of any matter that may subsequently have to be audited by the auditor-general;
 - (ii) such service will not directly result in the formulation of policy; and
 - (iii) there must be full and proper disclosure of (the categories of) such services (in the report annually submitted by the auditor-general to the National Assembly) in terms of section 10(1)(b).
 - (aA) perform an appropriate audit of any institution ... to determine whether appropriate and adequate measures have been implemented to ensure

- that resources are procured economically and utilised efficiently and effectively;
- (d) carry out an appropriate investigation or special audit of any institution, if the auditor-general considers it to be in the public interest or upon the receipt of a complaint or request.
- (3) The auditor-general may, in the public interest, report on any matter within the functions of the auditor-general and submit such a report to the relevant legislature and to any other organ of state with a direct interest in the matter.
- (1A) The auditor-general may, as prescribed, refer any suspected material irregularity identified during an audit performed under this Act to a relevant public body for investigation, and the relevant public body must keep the auditor-general informed of the progress and the final outcome of the investigation.
- (1B) The auditor-general has the power to—
 - (a) take any appropriate remedial action; and
 - (b) issue a certificate of debt, as prescribed, where an accounting officer or accounting authority has failed to comply with remedial action.

5A. Taking remedial action

- (1) The auditor-general must, within a reasonable time after the issuing of an audit report ..., follow up on whether the accounting officer or accounting authority has implemented the recommendations contained in the audit report relating to any material irregularity, within the timeframe stipulated in the audit report.
- (2) If the accounting officer or accounting authority has failed to implement the recommendations contained in the audit report ..., the auditor-general must take appropriate remedial action to address the failure to implement the recommendations.
- (3) Where a material irregularity resulted in a financial loss to the State, and the accounting officer or accounting authority failed to implement the recommendations contained in the audit report ..., the remedial action taken by the auditor-general ... must include a directive to the accounting officer or accounting authority to determine the amount of the loss, if not yet determined,

and to recover such loss as required in terms of any applicable legislation, from the responsible person.

5B. Failure to comply with specific remedial action

- (1) Where the accounting officer or accounting authority has failed to implement the remedial action ..., the auditor-general must issue a certificate of debt, as prescribed, to the accounting officer or accounting authority requiring the accounting officer or accounting authority to repay the amount specified in the certificate of debt to the State.
- (2) The auditor-general must submit a copy of the certificate of debt, ..., to the responsible executive authority to collect the amount specified in the certificate of debt from the accounting officer or accounting authority in terms of the debt recovery process applicable to the executive authority.
- (3) The executive authority must keep the auditor-general informed of progress made in collecting the amount due by the accounting officer or accounting authority.
- (4) The auditor-general, in determining whether to issue a certificate of debt ..., must consider the written representations, as prescribed, received from the accounting officer or accounting authority, and may have due regard to—
 - (a) the progress or outcome of an investigation conducted by the auditorgeneral ...;
 - (b) the progress or outcome of any investigation ...; or
 - (c) any other relevant factor.
- (5) If the auditor-general still intends to issue the certificate of debt after the consideration of the written representations, the auditor-general must—
 - (a) afford the accounting officer or accounting authority an opportunity to make an oral representation, as prescribed, to an advisory structure, established for this purpose ...; and
 - (b) consider the written recommendations of the advisory structure ... before issuing the certificate.

(6) The auditor-general must submit a copy of the certificate of debt issued ... to the relevant legislature for tabling in the relevant legislature.

11. Application of this part

This part applies to all audits of auditees which the auditor-general—

- (c) must perform in terms of section 4(1) or (2); or
- (d) opts to perform in terms of section 4 (3).

13. Standards for audits

- (1) The auditor-general, after consulting the oversight mechanism, must determine—
 - (a) the standards to be applied in performing audits ...;
 - (b) the frequency, nature and scope of such audits; and
 - (c) procedures for the handling of complaints when performing such audits.
- (3) The auditor-general may—
 - (a) make different determinations on the matters mentioned in subsection (1) for different categories of audits based on recognised best practice; or
 - (b) issue specific directives on those matters in any specific case.

14. Submission of financial statements

- (2) Financial statements submitted by an auditee which is not subject to the PFMA or the MFMA must be submitted within the period, be in a format, contain the information and otherwise comply with any requirements determined—
 - (a) by any legislation applicable to that auditee; or
 - (b) in the absence of such legislation, by the auditor-general.

15. General auditing powers

- (2) The auditor-general or an authorised auditor may for the purpose of an audit—
 - (b) direct a person to produce or to deliver at a specified place and time and in a specified format—
 - (i) any such document, book or written or electronic record or information

20. Audit reports

- (2) An audit report must reflect such opinions and statements as may be required by any legislation applicable to the auditee which is the subject of the audit, but must reflect at least an opinion, conclusion or findings on—
 - the financial statements of the auditee in accordance with the applicable financial reporting framework and legislation;
 - (b) compliance with any applicable legislation relating to financial matters, financial management and other related matters; and
 - (c) reported performance of the auditee against its predetermined objectives.
- (3) In addition, the auditor-general may report on whether the auditee's resources were procured economically and utilised efficiently and effectively.
- (4) An audit report may contain recommendations to address any matter raised

50. Disclosure of information

No authorised auditor, person assisting an authorised auditor or member of the staff of the auditor-general may, without the permission of the auditor-general, disclose information obtained in the course of an audit or the carrying out of duties in terms of this Act otherwise than in an audit report or in accordance with section 18(4).
