EXECUTIVE MANAGER: WINE CERTIFICATION AUTHORITY

SCHEDULE**DEFINING OF PRODUCTION AREA: AGTER-PAKHUIS ROCKLANDS VALLEY**

That portion of land situates within the following boundaries:

Starting in the south (and moving clockwise with the boundary description) on the southerly tip of farm no 2/134, as well as the source of the Brandewynrivier, the boundary move in a north-westerly direction on said farm boundary towards Karookop and then take a north-easterly direction following the same farm boundary. From there the boundary goes northwards with farm Re/134's westerly boundary until it reaches the main road (R364) below the pass. From there the boundary moves westwards with the road on the southerly boundary of farm 652 and follows this farm boundary northwards Groenpoort. The boundary dissects the farm on the 560m contour to exclude the northern mountainous part of farm 652. The boundary reaches the main road again at Kleinbergies and follows the road in a northern direction up until the northern boundary of farm 6/134 at Riethuis se Gang. The boundary moves in an easterly direction on last named farm, as well as farm 2/628 northern boundaries until it reaches Pakhuis Extension 177 where the boundary turns south until it reaches the easterly boundary of farm 2/134 and follows this boundary where the description begins.
