### **3. THIRD PARTIES TRANSACTING ON BEHALF OF MEDICAL SERVICE PROVIDERS**

- Third Parties that provide administration services on behalf of medical service providers must take note of the following:
  - a. They must be able to obtain and make available copies of the original claim documents and medical invoices from medical service providers.
  - b. They must keep such records in their original state as received from the medical service provider and must furnish the Compensation Commissioner with such documents on request for the purposes of auditing.
- The Fund will not provide or disclose any information related to a medical service provider, represented by a third party, where such information relates to a period prior to them being contracting to a third party.

### **4. THE EMPLOYEE AND THE MEDICAL SERVICE PROVIDER**

Medical Service Providers are encouraged to take note of the following guidance when treating patients in terms of the Compensation for Occupational Injuries and Diseases Act of 1993 (COID Act):

- a. Employees as defined in the COID Act of 1993, are generally free to choose their preferred Medical Service Provider, provided that such choice is exercised reasonably and without prejudice to the employee or the Compensation Fund.
  - An exception applies where an employer, with the approval of the Compensation Fund, provides comprehensive medical aid facilities to its employees, e.g. Hospital, nursing and other medical services, as contemplated in Section 78 of the COID Act, in such cases, treatment arrangements may differ.
- b. In terms of Section 42 of the COID Act, the Compensation Fund may refer an injured employee to a specialist medical service provider designated by the Director General for a medical examination and report. Medical Service providers should cooperate with such referrals where they occur.
- c. Medical Service Providers are reminded that in accordance with section 76(3)(b) of the COID Act, medical expenses may not be recovered from the employee. Providers should therefore avoid billing employees directly for services that fall within accepted COID claims.
- d. Where a change of Medical Service Providers occurs, the first treating doctor is generally regarded as the principal treating doctor, unless the case is transferred to a specialist.
- e. To promote continuity of care and avoid disputes, Medical Service Providers are encouraged not to treat an employee who is already under the care of another practitioner without first consulting or informing the principal treating doctor.
- f. Any changes of medical service providers should be supported by sufficient reasons, and such reasons should be communicated to the Compensation Fund to ensure clarity and proper case management.
- g. In line to section 5 of the National Health Act no 61 of 2003, a health care provider may not refuse a person emergency medical treatment. In emergency situations, Medical Service Providers are not required to obtain prior authorisation from the Compensation Fund before rendering such treatment even if the claim has not yet been registered or accepted.

## employment & labour

Department:  
Employment and Labour

- h. Employees who seek medical treatment do so at their own risk where they have not informed their employer and/or the Compensation Fund of possible grounds for a COID claim. Medical Service Providers should be aware that, under such circumstances, The Compensation Fund may not accept responsibility for the settlements of the medical expenses incurred.
- i. Where a claim is repudiated by the Compensation Fund, the employee is regarded in the same position as any other member of the public in respect of payment for medical services rendered.

### 5. OVERVIEW OF THE COID CLAIMS PROCESS

- All claims lodged in the prescribed manner with the Compensation Fund are subjected to the following process:
  - a. New claims are registered by the Employers with the Compensation Fund in the prescribed manner. Details and progress of the claim can be viewed on the online processing system for registered users of the system.
  - b. Proof of identity is required through the submission of a copy of an Identity document/card, will be required for a claim to be registered with the Compensation Fund. In the case of foreign nationals, the proof of identity (passport) must be certified.
  - c. All supporting documentation submitted to the Compensation Fund must reflect the identity and claim numbers of the employee.
  - d. Once an incident is reported to the Fund a claims number will be allocated to acknowledge receipt, but this does not imply acceptance of liability for the claim.
  - e. On acceptance of liability for claims in terms of the COID Act, all reasonable medical expenses, arising from the related medical condition shall be paid to medical service providers, and in accordance to approved tariffs, billing rules and procedures as published in the medical tariff gazettes of the Compensation Fund.
  - f. If a claim is repudiated in terms of the COID Act, medical expenses, will not be payable. The employer and the employee will be informed of this decision, and the injured employee will be liable for payment of medical costs incurred.
  - g. In the event of insufficient claim information being made available to the Compensation Fund, the claim will be rejected until the outstanding information is submitted and liability can be determined.
  - h. Manner of payment of medical benefits for Compensation Fund claims, where liability has been accepted (adjudicated) on or after 1 April 2025.
    - All medical invoices for accepted claims must be submitted, in the prescribed manner within 36 months of the date of acceptance of liability.
    - And or within 36 months from the date of service, which ever may apply.
    - Medical invoices received after said time frame will be considered as late submission of invoices and may be rejected.
  - i. All service providers should be registered on the Compensation Fund claims processing system to capture medical invoices and medical reports for medical services rendered.
  - j. Submission of medical reports and invoices is permitted solely for claims where liability has been accepted by the Compensation Fund and where payment of reasonable medical expenses is authorised.

### **6. BILLING REQUIREMENTS FOR MEDICAL SERVICES PROVIDED TO INJURED OR DISEASED EMPLOYEES**

#### **Submission of Medical Reports**

- In terms of section 74(1)– (5) of the Compensation for Occupational Injuries and Diseases Act, 1993 (COID Act), every Medical Service Provider shall submit the prescribed medical reports when claiming from the Compensation Fund.
- The First Medical Report (W.CL 4), completed after the initial consultation, shall:
  - Confirm the clinical description of the injury or disease.
  - Detail all procedures performed; and
  - Record all referrals to other medical service providers, where applicable.
- All follow up consultations shall be recorded on a Progress Medical Report (W.CL 5). Any procedure or operation performed during the reporting period shall be clearly detailed, including all referrals, where applicable.
- A Progress Medical Report shall cover a maximum period of thirty (30) days, except where a procedure has been performed during that period, in which case an additional operation report shall be submitted.
- Where multiple procedures are performed on the same date of service, only one medical report shall be submitted in respect of that service date.
- Upon stabilisation of the injury or disease, a Final Medical Report (W.CL 5F) shall be completed and submitted
- Medical Service Providers shall attach a medical report or other appropriate medical documentation to every claim submitted to the Compensation Fund.
- Medical Service Providers shall retain copies of all submitted medical reports and shall make such records available to the Compensation Commissioner upon request.
- With effect from 1 April 2025, **ALL** medical practitioners shall submit relevant patient records together with medical invoices for services rendered. **(This includes hospitals, anaesthetists and any other practitioners that have not previously been required to do so)**

#### **Submission of Medical Invoices**

- Medical invoices shall be submitted only in respect of claims for which liability has been formally accepted by the Compensation Fund and where payment of reasonable medical expenses has been authorised.
- The submission of medical invoices without the required accompanying medical documentation shall be strictly prohibited and shall result in rejection of the invoice.
- Duplicate invoices shall not be submitted under any circumstances.
- Running accounts or statements shall not be accepted and shall be rejected at system level.

#### **Minimum Information Requirements for Medical Invoices**

Every medical invoice submitted to the Compensation Fund shall, at a minimum, include the following information:

- The allocated Compensation Fund claim number.
- The full name, surname and identity number of the employee.
- The name and Compensation Fund registration number of the employer, as reflected on the Employer's Report of Accident (W.CL 2);

Department:  
Employment and Labour  
REPUBLIC OF SOUTH AFRICA

- The date of accident.
- The date(s) of service rendered.
- The Medical Service Provider's BHF practice number.
- The VAT registration number of the Medical Service Provider, where applicable.
- The applicable tariff code(s) as published in the approved tariff gazettes.
- The amount claimed per tariff code, quantity, total amount claimed including the correct sequencing of modifiers where applicable.
- A unique invoice number.

(Medical invoices that do not comply with the prescribed minimum information requirements shall be rejected and shall not be processed for payment).

### VAT and Tariff Application

- Published tariff amounts shall be assessed exclusive of VAT.
- VAT shall be applied only where the Medical Service Provider is a registered VAT vendor and has supplied a valid VAT registration number on the invoice.
- Where no VAT registration number is provided, the Medical Service Provider shall be regarded as a non-VAT vendor and VAT shall not be applied.
- Notwithstanding the above, the following tariffs shall be processed as VAT inclusive:
  - Per diem tariffs applicable to private hospitals; and
  - VAT exempt tariff codes applicable to private ambulance services.

### Pharmaceuticals and Referrals

- All pharmaceutical claims shall be submitted in accordance with the NAPPI file and shall be accompanied by the original prescription(s).
- Where a referral is required, the referring practitioner's referral letter shall accompany the medical invoice.

### Enforcement and Non-Compliance

- The Compensation Fund shall withhold payment of any medical invoice that fails to comply with the billing and submission requirements prescribed in this document and as published in the Government Gazette.
- Noncompliance with these billing requirements shall result in rejection of claims and may result in further remedial or enforcement action by the Compensation Fund.

## **7. INVOICING REQUIREMENT ON MEDICAL CLAIMS FOR ICD-10 CODES**

As part of improved delivery service and efficiency, The Compensation Fund has implemented ICD-10 rules that must be adhered to when submitting medical invoices. This will be rolled out in a phased approach. The first phase currently active on the system is outlined below:

### ICD-10 Validations

ICD-10 validations will apply in accordance with the national ICD-10 Phase 3 and Phase 4.1 requirements and include the following:

- Valid ICD-10 codes as per the SA ICD-10 Master Industry Table
- Maximum level of specificity: ICD-10 codes must be valid at the correct 3-, 4-, or 5-character level
- Valid ICD-10 primary codes (codes not valid as primary will be rejected)
- Compliance with the dagger and asterisk rule

## employment & labour

Department:  
Employment and Labour  
REPUBLIC OF SOUTH AFRICA

- Compliance with sequelae coding rules
- Age edits for ICD-10 codes with age requirements
- Gender edits
- All injury and poisoning codes must be accompanied by external cause codes

Please ensure that you are familiar with the above requirements to avoid unnecessary claim rejections. The date and requirements for the next phase will be communicated in due course.

## Standard clinical protocol for Negative Pressure Wound Therapy (NPWT).

Protocol for practical, hospital or clinic use or can be adapted to agreed specific devices

### Protocol: Negative Pressure Wound Therapy (NPWT)

#### 1. Purpose

- To promote wound healing by applying controlled negative pressure to the wound bed, reducing oedema, removing exudate, improving perfusion, and stimulating granulation tissue formation.
- End point – wound closure by day 5 or after a maximum number of 10 sessions, after which MSPs must request authorisation for further treatments
- Clinical benefit - wound closure and freedom from any bleeding, wound infection, sepsis, or amputation of a limb etc.
- Patient to receive prophylactic antibiotic treatment e.g. cefazolin or amoxicillin plus clavulanic acid. Metronidazole or gentamicin added for patients with open fractures. Fractures were immobilised by external fixation. Where necessary, the treating surgeon to change the dressings in the operating theatre every 3–5 days and do further wound debridement if needed.

#### 2. Indications

NPWT may be used for:

- Acute and chronic wounds
- Diabetic foot ulcers
- Pressure injuries
- Surgical wounds (open or dehisced)
- Traumatic wounds
- Skin grafts and flaps
- Partial-thickness burns (selected cases)
- As the evidence does not support NPWT for traumatic extremity wounds, clinicians treating such injuries should continue to use standard treatment for wound care.

### **3. Contraindications:**

#### **Absolute contraindications:**

- Untreated osteomyelitis
- Malignancy in the wound
- Necrotic tissue with eschar (until debrided)
- Non-enteric and unexplored fistulas
- Exposed vital structures (organs, blood vessels, nerves) without protection

#### **Relative contraindications:**

- Active bleeding or high bleeding risk
- Anticoagulation therapy
- Fragile skin
- Poor patient compliance

### **4. Equipment, as per the manufacture, e.g**

- NPWT device (portable or stationary)
- Foam or gauze dressing (black or white foam as indicated)
- Transparent adhesive drape
- Suction tubing and canister
- Sterile scissors and gloves
- Wound cleanser (normal saline)
- Skin barrier or protective dressing

### **5. Pre-Procedure Assessment**

- Confirm indication and rule out contraindications
- Obtain informed consent
- Assess:
  - Wound size, depth, location- provide measurements
  - Exudate amount and type, measure and estimate
  - Presence of infection

- Periwound skin condition
- Manage pain as needed
- Debride wound if required

#### **6. Procedure**

1. Perform hand hygiene and use aseptic technique
2. Cleanse wound with normal saline
3. Protect peri wound skin with barrier film
4. Follow manufacturer's instructions for the procedure
5. Set prescribed negative pressure level

#### **7. Therapy Settings**

- **Typical pressure:**
  - Adults: **-125 mmHg** (range -75 to -150 mmHg)
  - Children/frail patients: lower pressures as indicated
- **Mode:**
  - Continuous (initial therapy, high exudate, pain, grafts)
  - Intermittent (after granulation begins)
- **Duration:** Continuous therapy unless otherwise ordered

#### **8. Dressing Change Frequency**

- Every **48–72 hours**
- Every **24 hours** if:
  - Infected wound
  - Heavy exudate
- Skin grafts/flaps: per surgeon's order

#### **9. Monitoring and Documentation**

- Monitor daily up to 5 days:
  - Seal integrity and pressure delivery
  - Amount and type of exudate

- Signs of infection or bleeding
- Patient comfort and pain
- Document from day 1 up to 5 days:
  - Wound measurements and appearance
  - Pressure settings and mode
  - Dressing changes
  - Patient response

#### 10. Complications & Management

| Complication    | Action   |
|-----------------|--|
| Bleeding        | Stop therapy, apply pressure, notify provider    |
| Pain            | Reduce pressure, assess dressing placement       |
| Skin maceration | Improve seal, protect peri wound skin            |
| Infection       | Culture wound, initiate antibiotics if indicated |

#### 11. Discontinuation Criteria

- Adequate granulation tissue achieved
- Wound size significantly reduced
- Transition to another wound therapy
- Complications requiring cessation
- Lack of progress after appropriate trial period i.e. 5 days

#### 12. Patient Education

- Explain device function and alarms
- Avoid disconnecting tubing unnecessarily
- Report pain, bleeding, or device malfunction
- Maintain mobility as permitted
