SCHEDULE

Preamble

Having regard to the upper limits of salaries of senior managers as set out below, the need to prioritise service delivery to communities and to sustain viable local government and the fiscal capacity of different categories of municipalities, this Notice provides a strategic framework for remuneration of senior managers across all municipalities.

The development of this Notice took into consideration the core reward principles aimed at ensuring an appropriate remuneration mix and sought to ensure that the remuneration of senior managers is cost-effective, consistent, internally equitable, externally competitive and aligned to the achievement of the objectives of municipalities while providing a uniform remuneration framework for local government.

The upper limits constitute an integral part of the human resource value chain in building resilient administrative institutions underpinned by the intent to enable municipalities to attract, appoint and retain suitably qualified and competent senior managers necessary for effective performance of their functions.

To strengthen the capacity of municipalities, this Notice reinforces the statutory obligation binding on municipalities to appoint senior managers who meet the minimum prescribed competencies, higher education qualifications, work experience and knowledge as provided for in *Government Gazette* No. 37245.
