Dear Sir/Madam

Re: Letter of Condolences

On behalf of the Friedrich Ebert Stiftung, South Africa Office, I would like to extend our sincere condolences to the family, the Presidency and the African National Congress, on the untimely passing of Minister Jackson Mthembu.

Like so many South Africans, we were truly shocked and saddened by the death of the Minister especially due to complications related to the Coronavirus disease that's causing such global devastation and leaving countless families grieving the loss of loved ones.

Minister Mthembu was indeed a humble servant to the people and his integrity and dedication to his job and the liberation struggle will always be remembered.

Our constant thoughts and prayers are with his family, colleagues and comrades.

Yours sincerely

Hubert Schillinger
Director
