Short Title

27. This Act is called the Education Laws Amendment Act, 2007.
MEMORANDUM ON THE OBJECTS OF THE EDUCATION LAWS AMENDMENT BILL, 2007

1. MAIN OBJECT OF BILL

The Bill seeks to amend the following Acts:

1.1 National Education Policy Act, 1996 (Act No. 27 of 1996) (the NEPA);
1.2 South African Schools Act, 1996 (Act No. 84 of 1996) (the SASA);
1.3 National Student Financial Aid Scheme Act, 1999 (Act No. 56 of 1999) (the NSFASA);
1.4 South African Council for Educators Act, 2000 (Act No. 31 of 2000);
1.5 Adult Basic Education and Training Act, 2000 (Act No. 52 of 2000); and

2. MAIN FEATURES OF BILL

2.1 Technical amendments

The Further Education and Training Act, 1998 (Act No. 98 of 1998), was repealed by section 58 of the Further Education and Training Colleges Act, 2006 (Act No. 16 of 2006), thus all references to the former Act in other legislation need to be deleted. Similarly, the Public Accountants’ and Auditors’ Act, 1991 (Act No. 80 of 1991), was repealed by the Auditing Profession Act, 2005 (Act No. 26 of 2005).

2.2 Substantive amendments

Minister’s consultative function

The Bill seeks to amend section 5 of the NEPA so as to avoid a measure of overlapping with section 11 of the NEPA. The effect of the amendment would be that paragraph (a) to (f) would be deleted. Those paragraphs refer to bodies that have to be consulted when policy is determined. Trade unions and representatives from the national governing body association engage with the Minister in other forums, such as the Education Labour Relations Council and the Forum for National Governing Body Associations. Trade unions also meet the Minister on request to discuss policy on labour issues. In addition, the Department always provides the unions and the national governing associations with policy and legislation for comment before these documents are finalised.

Norms and standards

The Bill seeks to provide for the Minister to prescribe national minimum norms and standards regarding school infrastructure, capacity and matters such as learning and teaching support materials. This will ensure not only that schools provide quality education, but also that there is uniformity throughout the country.

Dangerous objects and illegal drugs

The Regulations for Safety Measures at Schools did not adequately address the mischief that they were designed to remedy—that is, to stop the proliferation of dangerous objects and illegal drugs at schools. It was therefore necessary to strengthen these Regulations by way of allowing random search and seizure and drug testing at schools. The new provisions provide clear guidelines about circumstances under which searches and drug testing should be conducted.

Principal’s functions

The SASA expressly lists the functions and obligations of the school governing body, but fails to do so in the case of the principal. To remedy this shortcoming, the proposed section 16A clearly spells out the functions and responsibilities of the principal of a public school. This is intended to create legal certainty regarding the functions and responsibilities of the principal vis-à-vis those of the governing body.
These functions and responsibilities have also been linked to the Employment of Educators Act, No. 76 of 1998 (the EEA), and the Personnel Administration Measures of 1999 (the PAM), to make it clear that the principal is officially representing the Head of Department when he or she is acting as a member of the governing body.

**Governing body**

The Bill also seeks to require governing bodies of public schools to support the Head of Department when dealing with a principal who lacks capacity for performing his or her duties effectively.

In terms of section 20(1)(g) the governing body of a public school administers and controls school property. Section 58A of the SASA authorises the Head of Department to make an inventory of all the assets of a public school. That section also prohibits the alienation of school assets without the approval of a Member of the Executive Council of a province. The proposed amendment to section 20(1)(g) is intended to avoid a dead-lock between the governing body on the one hand, and the Head of Department and MEC on the other, where a decision of the Head of Department on the MEC has to be implemented.

**Underperforming schools**

Proposed section 58B seeks to authorise the Head of Department to identify an underperforming school. It also seeks to set out the steps the Head of Department must take after he or she has identified such school. These steps include, amongst others, the sending of a written notice to the school and, if necessary, the appointment of a person to perform the functions of the governing body and a person to serve as mentor for the principal so as to improve the performance of the school.

**Compliance with norms and standards**

Proposed section 58C seeks to require the MEC and the Head of Department to ensure compliance with and to implement norms and standards relating to schools prescribed by the Minister. It also provides that the MEC must annually report to the Minister on the progress made in complying with such norms and standards.

**Financial assistance to certain students**

The NSFASA was designed to provide bursaries and loans to students studying at tertiary institutions only. The Act is being amended so as to extend the functions of the Board to cater for students who have been admitted at further education and training colleges also. The proposed amendment would extend financial aid to more students.

### 3. OTHER DEPARTMENTS AND BODIES CONSULTED

The Bill was published for public comment in Government Gazette No. 29868 of 4 May, with the closing date 28 May 2007. However, comments were received and accepted up until 31 May 2007. The Department received 37 comments from various categories of stakeholders. These comments were incorporated into the Bill on merit. The categories of stakeholders include the following:

- Other departments
- Teacher Unions
- Schools
- Individuals
- National Governing Body Associations
- the Commission for Gender Equality
- The Independent Schools Association of South Africa
- Soul City, Institute for Health and Development Communication
- The South African Principals’ Association
- The Office of the Chief of Police: Tshwane Metropolitan Police Department
4. FINANCIAL IMPLICATIONS

There will be minimal financial implications, such as buying the testing device or other non-invasive testing equipment. These will be covered by provincial school budget allocations.

5. PARLIAMENTARY PROCEDURE

5.1 The State Law Advisers and the Department of Education are of the opinion that this Bill must be dealt with in accordance with the procedure prescribed by section 76(2) of the Constitution, since it falls within a functional area listed in Schedule 4 of the Constitution, namely “Education at all levels, excluding tertiary education”.

5.2 The State Law Advisers are of the opinion that it is not necessary to refer this Bill to the National House of Traditional Leaders in terms of section 18(1)(a) of the Traditional Leadership and Governance Framework Act, 2003 (Act No. 41 of 2003), since it does not contain any provisions pertaining to customary law or to the customs of traditional communities.
